⚠ WARNING: PHOTOSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
 - Avoid large screen televisions. Use the smallest television screen available.
 - Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
 - Avoid playing when you are tired or need sleep.
-

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

BAKUGAN™ BATTLE BRAWLERS™

THE JOURNEY BEGINS...

On Vestroia, the evil Hal-G works to create the Silent Orb from the power of the Doom Dimension. However, by creating the Silent Orb he releases two powerful Bakugan to Earth, the evil Vladitor and mysterious Leonidas. On Earth, a young boy discovers Leonidas and forms a partnership with him that could decide the fate of both worlds...

STARTING THE GAME

When you first start your game you will need to enter your name, select an Attribute and create your character. After that you're ready to explore the world of Bakugan.

GAME MODES

- **Story** – Create your own character and take part in an all-new Bakugan story. Unlock new characters, Bakugan and battlefields.
- **Battle Arena** – Battle with 2 players. You can team up or compete against your friend or the computer.
- **My Room** – Edit your character, deck, view your collections, check your info, and get tips from the Battle Brawlers.
- **Options** – Edit options such as sound levels and practice throws.

BASIC RULES

The main goal of Bakugan is to win three Gate Cards. You win Gate Cards by throwing your Bakugan onto the cards and battling other Bakugan!

The first step is to throw your Bakugan. After you throw you can also steer around the environment and collect power-ups!

The second step is to get your Bakugan to stand on a card. A Bakugan stands on a card when they roll over it slowly. Once a Bakugan stands, it will transform into Battle Mode.

The third step is to battle! A battle begins when two Bakugan from different players stand on the same Gate Card. The Gate Card opens and both Bakugan transform. The Gate Card can add G-Power to a Bakugan depending on its Attribute (color) and they can also change the rules. You can gain G-Power by using the Gate Cards, Ability Cards, Special Shots, and by doing well in battle!

The highest G-Power at the end of the battle wins!

- **Ability Cards** – Ability Cards can change rules before or during a battle. They can also add additional G-Power or have other effects!
- **Special Shots** – When a Bakugan reaches level 5, it is able to perform a Special Shot. Each Special Shot is unique based upon the Attribute of the Bakugan. You must build up your S-Power until it's full to use a Special Shot. S-Power builds automatically during other players' turns.

ADDITIONAL RULES

There are a few more rules that can help you out as you play.

- **Sphere Attack** – Using a high-powered throw you can knock your opponent's G-Power down. If you knock it down to zero, you cause a Critical K.O. and win the card!
- **Double Stand** – Get two of your Bakugan to stand on the same Gate Card and you can win the card without fighting!
- **Stay** – If you throw all of your Bakugan and they're all standing on cards, you need to pick a Bakugan to stay. If that Bakugan hasn't been Critical K.O.'d or battled by your next turn, you win the Gate Card!

BATTLEFIELD ITEMS

There are many battlefields in the game, and each of them has different items that will help you move around the battlefield or help your Bakugan.

- **Trampolines** – The trampoline will shoot your Bakugan into the air. It looks like a ring with electricity in the center.

- **Speed Pads** – Look for speed pads on the floor. Your Bakugan gets a speed boost in the direction the arrows point.

- **Battle Gems** – Breaking one of these gems during your throw will get you Battle Items that help you in battle!

- **Pick-Ups** – Steer your Bakugan into pick-ups to gain G-Power, fuel for steering and even Hyper Ability Cards that can give you the edge. You've got to stand on a card to keep the item.
