**⚠ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES**

**READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

**RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.**

**Use and handling of video games to reduce the likelihood of a seizure**

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation 2 system.  
Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

**WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation 2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

**HANDLING YOUR PLAYSTATION 2 FORMAT DISC:**

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

## WELCOME TO THE JUNGLE PARTY!

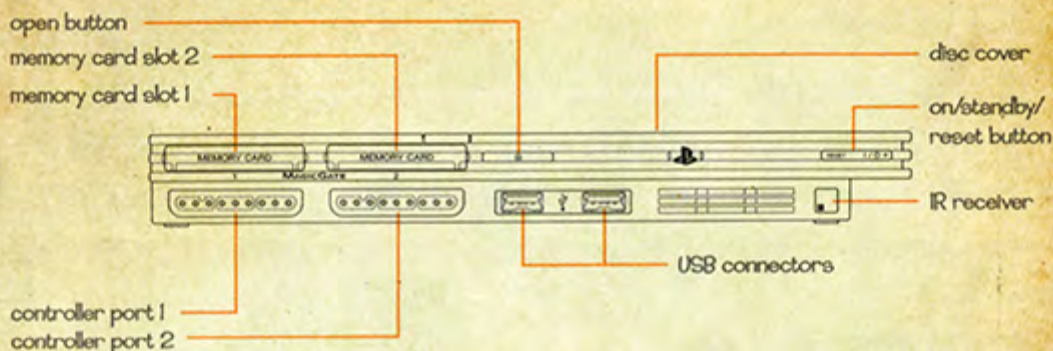

### HELLO! WELCOME TO THE JUNGLE.

I'm so glad you've come. Before we start, let me introduce myself. I am the gorilla of the jungle! I'm the strongest and the smartest animal in the whole jungle. I really enjoy a good party and hopefully, you do too! Enough about me though, let's talk about you! What's your name? ... Really? ... I have a friend called that. It's a lovely name if I do say so myself. Anyway, let me tell you about the jungle - it is not some boring, ordinary jungle. It's the best jungle in the world. Everyday we have a party and we want you to come. However, there is one rule that you must obey when you're here and that's to have fun! I won't hear another word about it... you must have fun! Don't worry if you get stuck or need help with Buzz!™ Junior: Jungle Party. With this jungle guide, I will help you every step of the way. So, let's get going...

## GETTING STARTED

Set up your PlayStation®2 computer entertainment system according to the instructions supplied with your system. Check that the system is turned on (the on/standby indicator is green). Insert the Buzz!™ Junior: Jungle Party disc in the system with the label side facing up. Attach game controllers and other peripherals as appropriate. Follow the on-screen instructions and refer to this manual for information on using the software.

### MEMORY CARD (8MB)(for PlayStation®2)

To save game settings and progress, insert a memory card (8MB)(for PlayStation®2) into MEMORY CARD slot 1 of your PlayStation®2 system. You can load saved game data from the same memory card or any memory card (8MB)(for PlayStation®2) containing previously saved games.

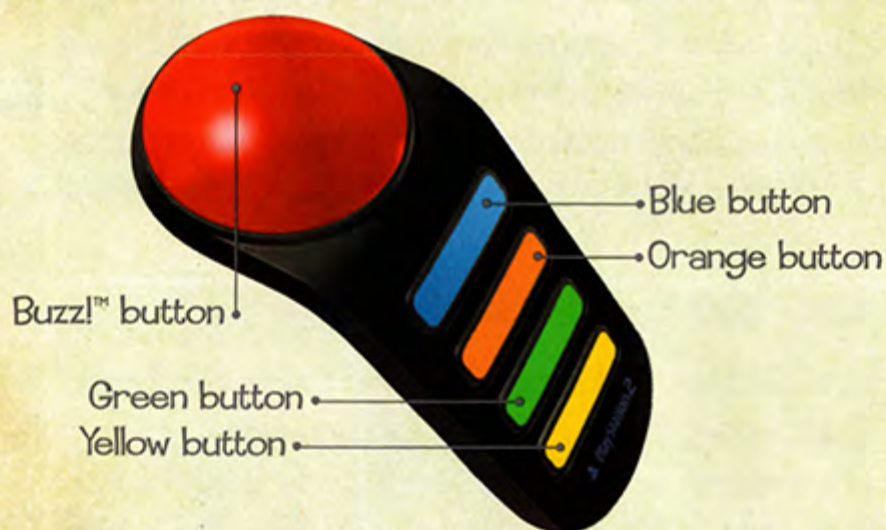

# THE BUZZ!™ BUZZERS

## SETTING UP

Before turning the power on, hold the USB connector for the Buzz!™ Buzzers with the USB mark facing up, and securely insert the USB connector into either USB connector on the front of the console.

## CONTROLS

### BUZZ!™ BUZZERS

Okay... now that we've got you all set up, let's get to the exciting part. Lots of people want to come to the party from all over the world, so we've got to choose the right language for you. Press the blue button or press the orange button to scroll through the different languages and press the Buzz!™ button when the language you want is highlighted to select it.

## THE WARNING SCREEN

If you have not inserted a memory card (8MB)(for PlayStation®2) into MEMORY CARD slot 1, the Warning Screen will be displayed. Press the orange button if you do not want to save Buzz!™ Junior: Jungle Party data. The Title Screen will then be accessed. Insert a memory card (8MB)(for PlayStation®2) when the Warning Screen is displayed and press the blue button if you do want to save Buzz!™ Junior: Jungle Party data. The Autosave Screen will then be accessed.

**NOTE:** if you decide not to save Buzz!™ Junior: Jungle Party data you will not be able to save data at any point during the game unless the Autosave feature within the Options Menu is manually turned on.

Phew!

A lot to get through there. It's all important though. Once you have made a decision about the Autosave feature you'll be taken to an introductory movie, and then to the Title Screen. The party has almost started!

## AUTOSAVE

If you have inserted a memory card (8MB)(for PlayStation®2) upon start-up or have inserted a memory card (8MB)(for PlayStation®2) at the Warning Screen, the Autosave Screen will be displayed. Press the blue button to enable the Buzz!™ Junior: Jungle Party Autosave feature. Press the orange button to disable the Buzz!™ Junior: Jungle Party Autosave feature.

## MAIN MENU

Did you make it? I hope so. Now it's time for the real fun to begin.

Let me tell you about all the modes at the Main Menu so you can make up your mind what you want to do.

### MULTIPLAYER:

If you've got all your friends around this is the mode you want. It's a party for up to four people.

### SINGLE PLAYER:

Are all your friends too tired to party? Enjoy some Single Player fun to try and enter the Jungle Party Hall of Fame!

### PRACTICE:

Play any of the mini-games by yourself or with your friends.

### OPTIONS:

Adjust the game so it is even more fun!

Press the blue button to select Multiplayer, press the orange button to select Single Player, press the green button to select Practice and press the yellow button to select Options. If you want to know more about any of these modes, just look for their section in this jungle guide.

## MULTIPLAYER

### GAME TYPE MENU

If you're like me, you'll want to party all the time. Unfortunately, that's just not possible so I've thought ahead. Before joining the party you can decide how long you want to party for.

Press the blue button to start a Short Game. Press the orange button to start a Medium Game. Press the green button to start a Long Game. Press the yellow button to start a Marathon Game.

Have you chosen? Excellent! Next, either press the blue button to select Quick Start and join the party as fast as possible, press the orange button to select Standard Game or press the green button to select Custom Game and set your party up the way you like it. If you need more information, see the relevant sections of this jungle guide.

### **QUICK START**

Press the blue button, the orange button, the green button or the yellow button to choose which monkey you want to be. Once all four players have chosen, it's time for the mini-games to begin! All the mini-games are really simple to understand and play. The mini-game will be explained to you before it starts. Press the Buzz!™ button to skip the explanation. To read about some of the mini-games, see The Mini-Games section of this jungle guide.

### **STANDARD GAME**

Press the blue button, the orange button, the green button or the yellow button to choose which monkey you want to be based on your seated position. Once all four players have chosen, the Enter Your Name Screen will be displayed.

## ENTER YOUR NAME

There are several times when you'll have to Enter Your Name so I thought I'd make a special section for it. This way you'll know to come here if you ever get stuck when you have to Enter Your Name.

Press the blue button or press the orange button to highlight different letters and press the Buzz!™ button to select that letter. Highlight Delete and press the Buzz!™ button if you make a mistake to delete the last letter selected. When you are happy, highlight Done and press the Buzz!™ button to access the Costume Select Menu.

**Hello!**

All monkeys like to dress up so I've made a special section for the Costume Select Menu as well.

## COSTUME SELECT MENU

Press the blue or orange button to highlight your monkey's head, body or legs. Once your monkey's head, body or legs are highlighted, press the green button or press the yellow button to scroll through the different items available. Press the Buzz!™ button when you're happy with the items you've given your monkey to accept the changes.

As soon as all participating players have selected their costumes, the party will begin! WOOHOO! The mini-game will be explained to you before it starts. Press the Buzz!™ button to skip the explanation. To read about some of the mini-games, see The Mini-Games section of this jungle guide.

## CUSTOM GAME

Sometimes it's nice to be able to play a selection of your favorite mini-games. Well, Custom Game lets you do that.

Press the orange button to select the Create Custom Game option. Press the blue button to select the Play Custom Game option and start a custom game that has been previously saved to memory card (8MB)(for PlayStation®2).

## CREATE CUSTOM GAME

It's time to create a Custom List of mini-games just for you. Press the blue or orange button to scroll through the different mini-games available and press the Buzz!™ button when you find the mini-game you want to add to the Custom List. Once the Custom List is full, the Name Your List Screen will be displayed automatically. Press the blue or orange button to highlight different letters and press the Buzz!™ button to select a letter. Highlight Done and press the Buzz!™ button to access the Save Custom Game Screen. Press the blue or orange button to highlight MEMORY CARD slot 1 or MEMORY CARD slot 2 to save your game and press the Buzz!™ button to select it. Once it has been saved to memory card (8MB)(for PlayStation®2) it can be played whenever you want. How exciting!

## SINGLE PLAYER

When your friends are too pooped to party, Single Player is the place to play. If you do really well in all the mini-games you might get a good enough score to enter the Jungle Party Hall of Fame.

Press the blue or orange button at the Choose A Color Screen to highlight a monkey and press the Buzz!™ button to choose that monkey and access the Enter Your Name Screen. Enter a name for your monkey and select a costume in the Costume Select Menu and then it's party time! The mini-game will be explained to you before it starts. Press the Buzz!™ button to skip the explanation. To read about some of the mini-games, see The Mini-Games section of this jungle guide.

## PRACTICE

I know that you want to be the best. Sure, you want to have fun, but it's always a little bit sweeter when you win. So, just

for you, I've added a Practice mode. I'm so nice I even allow for you to practice against your friends so you all get better'.

Press the blue button to start a Multiplayer Practice session or press the orange button to start a Single Player Practice session. If you have selected a Single Player Practice session, press the blue or orange button to choose a color for your monkey and press the Buzz!™ button to select it. If you have selected a Multiplayer Practice Session, press the blue, orange, green or yellow button to choose which monkey you want to be. Now it's time to choose the mini-game you want to Practice. Press the blue or orange button to scroll through the different mini-games and press the Buzz!™ button when the mini-game you want is highlighted, to start that mini-game.

## OPTIONS

This bit is slightly technical so you may want to get an adult to help out. Press the blue button to adjust the Save/Load Options. Press the orange button to adjust the Screen Options. Press the green button to Play Intro. Press the yellow button to View Leaderboard.

## SAVE/LOAD OPTIONS

### TURN AUTOSAVE ON/OFF

Press the blue button to turn the Autosave feature on or off.

### LOAD DATA

Press the orange button to load previously saved Buzz!™ Junior: Jungle Party data.

### DELETE CHARACTER

Press the green button to delete a character previously saved to memory card (8MB)(for PlayStation®2).

## SCREEN OPTIONS

### SCREEN ALIGNMENT

Press the blue button to move the screen up, press the green button to move the screen to the left, press the orange button to move the screen down and press the yellow button to move the screen to the right. When you've positioned the screen correctly, press the Buzz!™ button to return to the Options Menu.

### TURN WIDESCREEN ON/OFF

Press the orange button to toggle the widescreen function on or off.

## PLAY INTRO

View the cinematic introduction that is shown when you start Buzz!™ Junior: Jungle Party.

## VIEW LEADERBOARD

If you've been getting really good high scores, you'll want to check out the Leaderboard. All the high scores from Single Player and Multiplayer are displayed here and you can show your friends how great you are!

Press the blue or orange button to choose a Leaderboard and press the Buzz!™ button to select it.

## PAUSE MENU

To access the Pause Menu press and hold the blue button, the orange button, the green button and the yellow button at the same time during a mini-game. Press the blue button to resume the mini-game or the orange button to quit the mini-game and return to the Title Screen.

## THE MINI-GAMES

All the mini-games are really simple to understand and even easier to control. The first time you play a mini-game you should listen to the explanation before it starts so you know what to do. Once you get the hang of each mini-game, you can skip the instructions by pressing the Buzz!™ button.

There are tons of mini-games that you can play in the jungle and I'm so excited about them, I'm going to tell you about a few...

## BUBBLE BATH

The best mini-game there is if you ask me. Who's that handsome guy in the middle of all the monkeys? It's me!

Those monkeys can be so silly. Every time I start to doze off they start to make bubbles! They'd better be careful though. If I catch them doing it I will hit them on their heads!

Buzz!™ button (hold): Make bubbles

Make sure to let go of the Buzz!™ button to stop making bubbles before I wake up otherwise I won't be a happy gorilla!

## JUNGLE HURDLES

Everyone in the jungle loves to run; that's why I set up the Jungle Hurdles. It's like a race but a lot more fun! Make sure to keep an eye on the track as there are certain obstacles that you have to avoid.

Press the blue button to avoid a blue hurdle. Press the orange button to avoid an orange hurdle. Press the green button to avoid a green hurdle. Press the yellow button to avoid a yellow hurdle. Press the Buzz!™ button to avoid any banana skins that may be on your track, otherwise you'll slip over!

## KEEP IT UP

I used to be a soccer player years ago. I played goalie for Orang-utan United. All you've got to do in Keep it Up is keep the ball in the air. Good luck!

Press the Buzz!™ button to throw the ball in the air and press the Buzz!™ button again at the right time to keep it up. The longer you wait to hit the ball, the more points you'll get. Press the Buzz!™ button to throw the ball back into the air if you miss it.

## ISLAND WAR

The fun never stops in the jungle. In Island War you have to hurl coconuts at anything that moves! Be careful though - the other monkeys may be thinking of hurling a coconut at you!

To hurl a coconut, watch the red arrow that moves from left to right in front of you. Press the Buzz!™ button to stop the arrow moving and to increase the arrow's length. Press the Buzz!™ button again to throw the coconut. The coconut will be thrown in the direction that the arrow was pointing. The distance it is thrown depends on the length of your arrow. A short arrow means you'll only throw your coconut a small distance, while a long arrow means a large distance.

### **MONKEY BOMB**

You've got to be brave if you want to win at Monkey Bomb. No one knows when the bomb may explode so you don't want to be holding it when it does. However, the longer you hold onto it the more points you will get. Oh, the suspense!

Press the button of the monkey you want to throw the bomb to. For example, press the green button to throw the bomb to the green monkey. Whoever is holding the bomb when it explodes loses their points for that round and 100 points off their points total.
