

BUZZ!

THE HOLLYWOOD QUIZ™

⚠ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PLAYSTATION®2 FORMAT DISC:

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

SETTING UP

Set up your PlayStation®2 computer entertainment system according to the instructions supplied with your system. Check that the system is turned on (the on/standby indicator is green). Insert the **Buzz!™: The HOLLYWOOD™ Quiz** disc in the system with the label side facing up. Attach game controllers and other peripherals as appropriate. Follow the on-screen instructions and refer to this manual for information on using the software.

USING A MEMORY CARD (8MB) (FOR PLAYSTATION®2)

To save game settings and progress, insert a memory card (8MB)(for PlayStation®2) into MEMORY CARD slot 1 of your PlayStation®2 system. You can load saved game data from the same memory card or any memory card (8MB)(for PlayStation®2) containing previously saved games.

Buzz!™: The HOLLYWOOD™ Quiz features an autosave function that saves progress after a save game file has been created. At certain points during the game, a "Save" icon will be displayed on-screen indicating that progress is being saved. While the icon is on-screen, DO NOT remove the memory card (8MB)(for PlayStation®2) or turn off your console.

USING THE BUZZ!™ BUZZERS

Before turning the power on, hold the USB connector for the Buzz!™ Buzzers with the USB mark facing up, and securely insert the USB connector into either USB connector on the front of the console.

Buzz!™: The HOLLYWOOD™ Quiz supports up to two sets of Buzz!™ Buzzers, allowing up to eight players to compete in certain game modes. To play with between five and eight players, ensure that one set of Buzz!™ Buzzers is correctly connected to each of the USB connectors on the front of the console.

CONTROLS

GETTING STARTED

The following on-screen message will be displayed when playing **Buzz!™: The HOLLYWOOD™ Quiz** for the first time with a memory card (8MB)(for PlayStation®2) inserted into MEMORY CARD slot 1:

“No **Buzz!™: The HOLLYWOOD™ Quiz** saved data present on memory card (8MB)(for PlayStation®2) in MEMORY CARD slot 1.”

Press the orange button to select “Continue,” and then either press the blue button to select “yes” to enable the autosave feature or press the orange button to select “no” to disable the autosave feature. Enable the autosave feature to automatically save **Buzz!™: The HOLLYWOOD™ Quiz** data and information to a memory card (8MB)(for PlayStation®2).

CAUTION: do not insert or remove a memory card (8MB)(for PlayStation®2) after start-up as this may cause data to be overwritten.

Press the blue button to continue and an introductory video sequence will then be displayed. Press any Buzz!™ Buzzer button to skip the video sequence and access the Main Menu.

WELCOME TO HOLLYWOOD™!

Roll out the red carpet, fire up the studio lights and prepare to be dazzled by the spectacular glitz and glamour that only **HOLLYWOOD™** can offer! That's right folks, my fabulous game show has officially hit the big time. I've come all the way to the heart of Tinseltown to rub shoulders with movie royalty and hobnob with the showbiz elite. Welcome to the star-studded line-up of **Buzz!™: The HOLLYWOOD™ Quiz!**

Think you know your superheroes from your super agents? Can you tell your villains from your vamps? It's time to step into the spotlight and prove that when it comes to big screen trivia, you've got the skills to go straight to the top.

My studio has received a complete movie makeover and is ready to play host to Sunset Boulevard's biggest names. As ever, my beautiful assistant Rose will be on hand to enlighten and explain – and you can always rely on me, your devilishly debonair quizmaster, to pose the kind of questions that will sort the superstars from the stand-ins.

So join me on an all-star trip to the movies and prepare to see your name in lights!

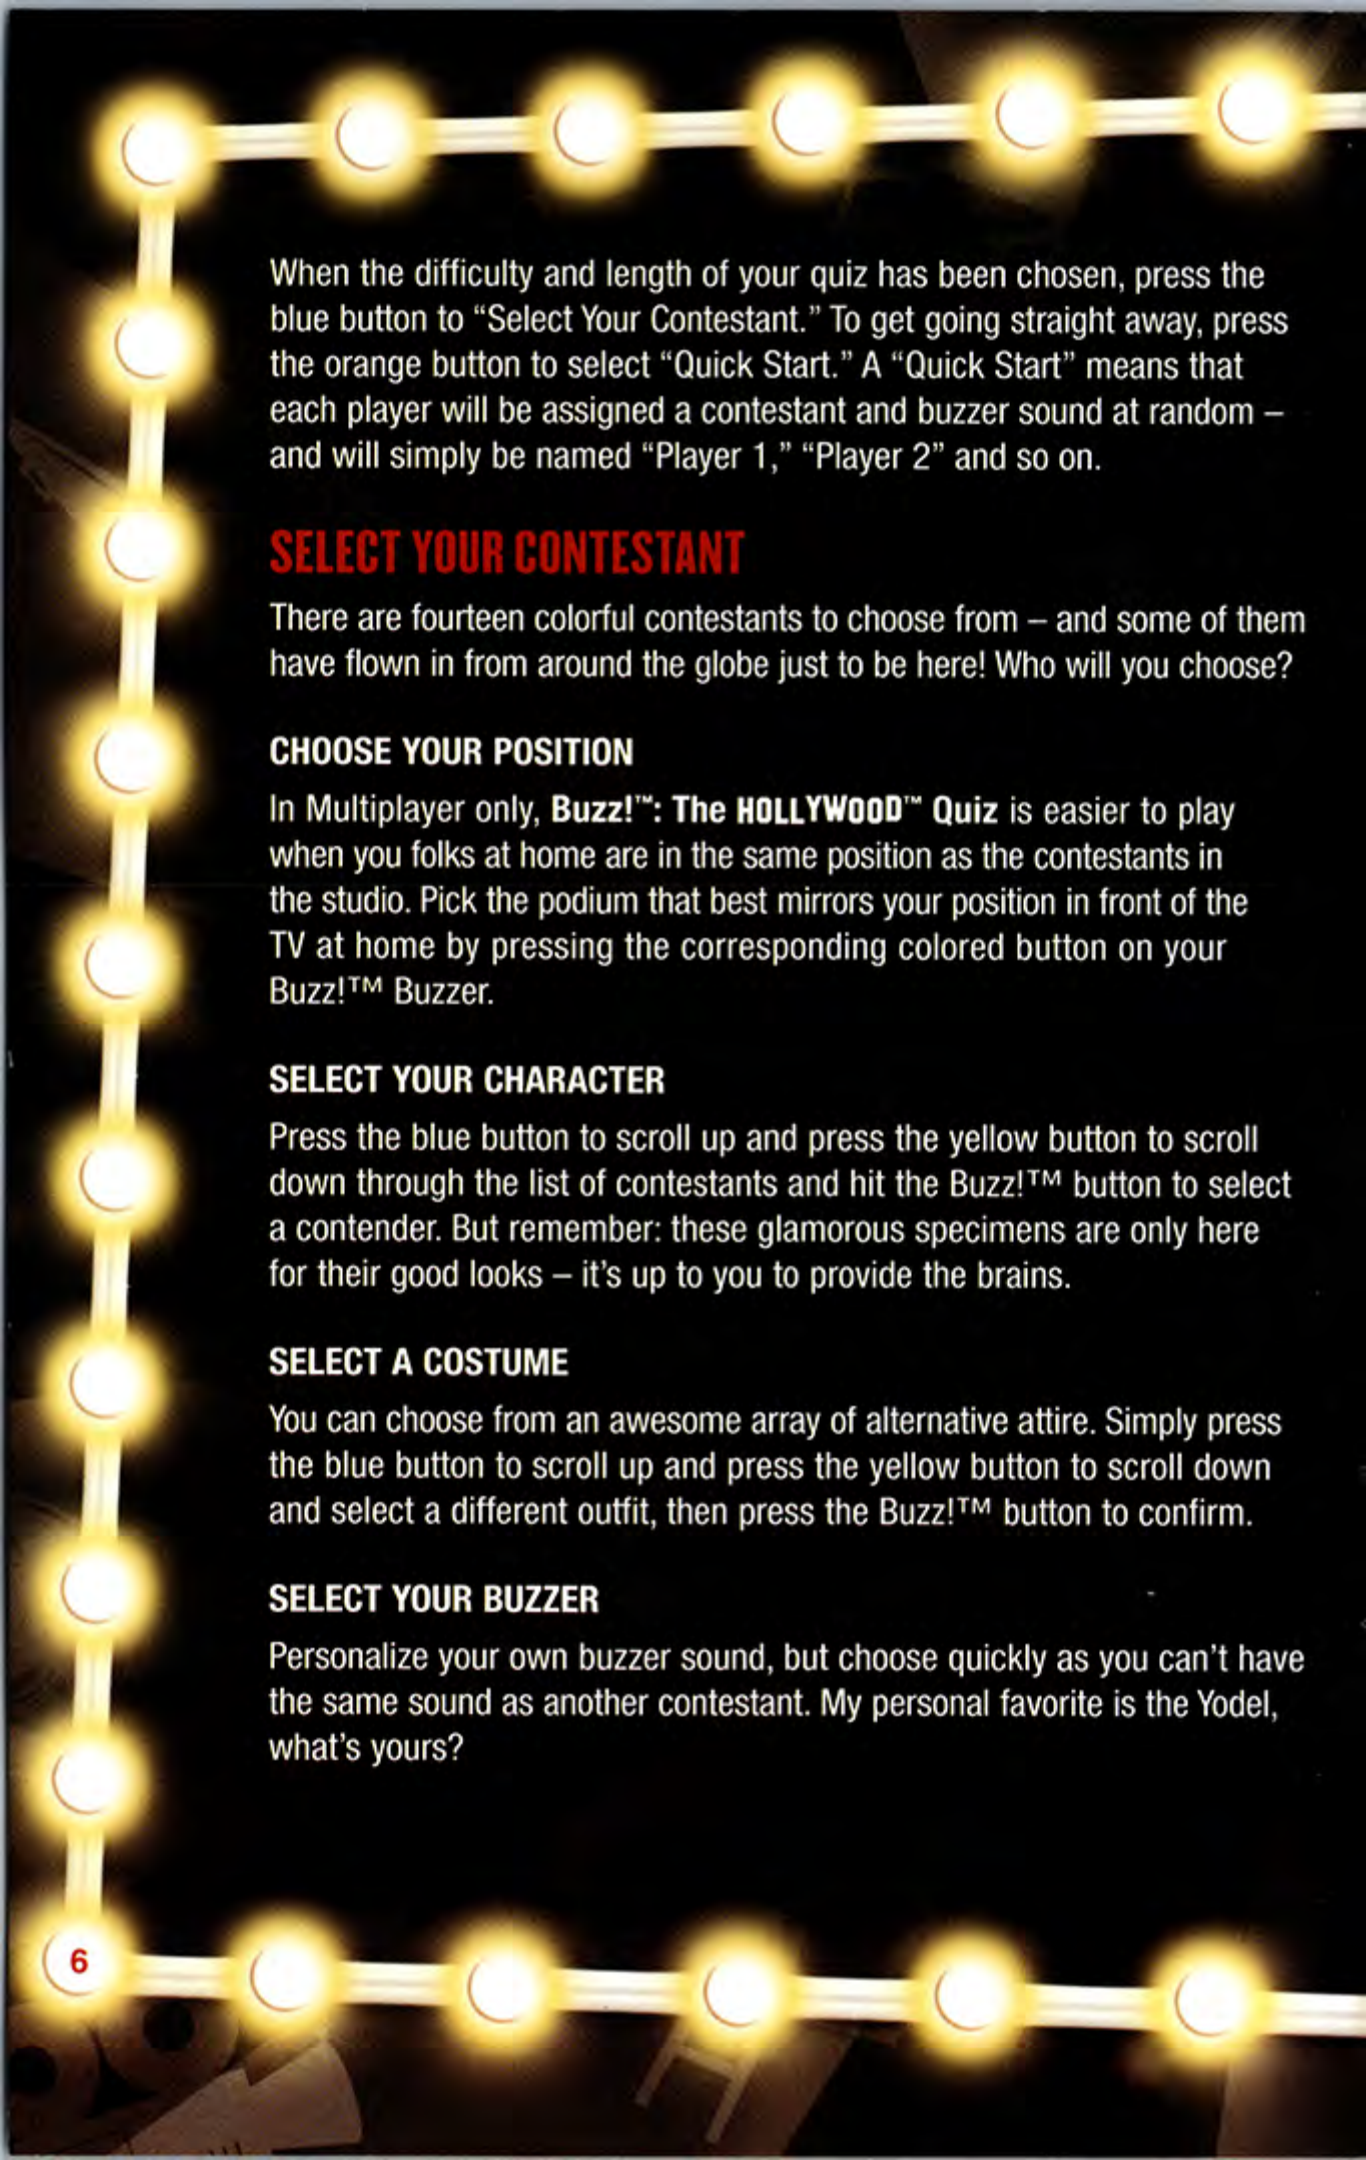

PLAY BUZZ!™

Before our director shouts "lights, camera, action," let me explain one or two things about **Buzz!™: The HOLLYWOOD™ Quiz** to get you up and running.

First of all, press the blue button on the Main Menu to access the "Play Buzz!" option, then choose either "2-4 Players," "Single Player" or "5-8 Players." The number of players chosen will depend on how many movie buffs are clamoring round the TV!

Then choose your game's difficulty level – either "Standard Game" or "Film Fanatic." The "Film Fanatic" option may sound like it's only for motion picture scholars, but trust me – it's not just for the experts. You might surprise yourself with knowledge you never knew you had.

Now it's time to choose the length of your game. Press the blue button to start a Full Game and play my quiz from start to finish. Press the orange button to begin a Points Game and enjoy a slightly shorter quiz, where the player with the highest score wins. Press the green button to begin a Quick Game that will last for about 15 minutes.

When the difficulty and length of your quiz has been chosen, press the blue button to “Select Your Contestant.” To get going straight away, press the orange button to select “Quick Start.” A “Quick Start” means that each player will be assigned a contestant and buzzer sound at random – and will simply be named “Player 1,” “Player 2” and so on.

SELECT YOUR CONTESTANT

There are fourteen colorful contestants to choose from – and some of them have flown in from around the globe just to be here! Who will you choose?

CHOOSE YOUR POSITION

In Multiplayer only, **Buzz!™: The HOLLYWOOD™ Quiz** is easier to play when you folks at home are in the same position as the contestants in the studio. Pick the podium that best mirrors your position in front of the TV at home by pressing the corresponding colored button on your Buzz!™ Buzzer.

SELECT YOUR CHARACTER

Press the blue button to scroll up and press the yellow button to scroll down through the list of contestants and hit the Buzz!™ button to select a contender. But remember: these glamorous specimens are only here for their good looks – it’s up to you to provide the brains.

SELECT A COSTUME

You can choose from an awesome array of alternative attire. Simply press the blue button to scroll up and press the yellow button to scroll down and select a different outfit, then press the Buzz!™ button to confirm.

SELECT YOUR BUZZER

Personalize your own buzzer sound, but choose quickly as you can’t have the same sound as another contestant. My personal favorite is the Yodel, what’s yours?

ENTER YOUR NAME

Use the blue and yellow buttons to highlight a letter and press the Buzz!™ button to select it. Highlight “Delete” and press the Buzz!™ button to tidy up any mistakes. Remember, this is a family show and we go out at prime time, so keep your name respectable. Once you’ve entered your name, highlight “Done” and press the Buzz!™ button to take up your position in the studio.

OTHER GAME MODES

TEAM PLAY

Got a big group of Buzz!™ fans eager for some quizzing action? Try Team Play for a bit of a different challenge. Divide your contestant friends into equal teams and they will then take turns to answer questions. Each team has three lives – a wrong answer costs one life and the last team standing wins. Team Play Mode has a longer time limit for answers, so get ready for some heated discussions with your teammates.

CUSTOM GAME

The “Setup Custom Game” screen will be displayed, where you can customize your quiz show experience by picking the rounds you excel at.

The left-hand column displays all of the round names and the right-hand column displays whether or not they are currently selected. Highlight a round and press the Buzz!™ button to select it or deselect it. When finished, highlight “Play Game” and press the Buzz!™ button to continue on to your own personally tailored quiz.

QUICKFIRE QUIZ

If you and your friends think of yourselves as trivia experts, Quickfire Quiz Mode could be the game for you. It’s also great if you just want to jump in head-first and face a barrage of questions. Simply select the number of questions you want to answer, choosing between 10 and 100.

When the questions are displayed, buzz in as quickly as possible with the answer. Whoever's quickest with the right answer will pick up the most points.

QUIZMASTER

My agent assures me that I am irreplaceable, but for Quizmaster Mode you get to step into my polished shoes and pose your own questions. I realize that I make it all look so simple on TV, but you'll soon find out that Quizmasters need to have nerves of steel, magnetic charisma, accomplished professionalism and a polished screen presence – not to mention devilish good looks, of course!

First of all, you need to decide who is going to be the Quizmaster and who will be the contestants. The Quizmaster does not need to select an in-game character, but the contestants must choose their position, character, costume, buzzer sound and name. Then it's on with the show! The game works in much the same way as all other modes, except the Quizmaster gets to ask their own questions. Nice twist, eh? Here's a tip to all you budding Quizmasters out there – prepare your

questions beforehand, maybe dig out that big encyclopedia or jump on the internet and search out a few tough ones like, oh I don't know... who is the world's favorite quiz show host?

The contestants use their Buzz!™ Buzzers in the same way as a regular game of Buzz!™, but rather than selecting an answer from those displayed on-screen, they deliver their answer directly to the Quizmaster – whose word is final.

ACTING AS QUIZMASTER

In order to play Quizmaster Mode, an analog controller (DUALSHOCK®2) must first be inserted into controller port 1 of your console before beginning play. The controls are very simple and are outlined as follows...

Using the Analog Controller (DUALSHOCK®2)

 button	Skip intro/move on to next question (on contestant screen)
 button	End quiz (on contestant screen)
 button	Answer is correct
 button	Answer is incorrect

Quizmasters, listen very carefully. When it's time for you to deliver a question, just ask and at the same time watch the timer in the corner of the screen. The contestants must buzz in before the time runs out to give you an answer and you must then let them know if they're right or wrong.

So, after a contestant has buzzed in and answered your question, simply press the  button if they are correct, or press the  button if they got it wrong.

By the way, you can press the  button to end Quizmaster Mode, but the game will continue until there is a clear champion, because in **Buzz!™: The HOLLYWOOD™ Quiz** there always has to be a winner!

PLAYING BUZZ!™: THE HOLLYWOOD™ QUIZ

SINGLE PLAYER MODE

A Single Player game consists of two rounds, namely Time Builder and Hotseat.

TIME BUILDER

In this round, answering questions correctly will build up the amount of time that you will have to gain points in the Hotseat round.

HOTSEAT

Hotseat is the final Single Player round, where you use the time accumulated in the Time Builder round to answer difficult questions and earn as many points as possible. Be careful though, answer a question wrong and you will lose any points that you have yet to bank!

MULTIPLAYER MODE

With Rose on hand to expertly explain each round's rules, you and your friends will quickly get the hang of our glitzy game show's sophisticated structure. Simply listen to the questions, take note of any picture, video or audio clues, and press the correct buttons on your Buzz!™ Buzzer to choose an answer.

Here's a complete rundown of the multiplayer rounds we play in **Buzz!™: The HOLLYWOOD™ Quiz**.

HOLLYWOOD STARS

Hit the Buzz!™ button to choose your favorite subject and prepare to answer some tailored trivia. Subjects can range from movie directors and actors to genres and decades. When all contestants have chosen a topic, it's on with the show!

FASTEST FINGER

Study a photo clue and give the correct answer as quickly as possible. The quicker you buzz, the more points you'll get.

FACT OR FICTION

Listen carefully as I tell you some hot Hollywood secret and decide if it's the truth or a craftily constructed lie. Press the blue button to select "Fact" or the orange button to select "Fiction." Only then will the truth be revealed!

TOP RANK

Put four answers into the correct order as fast as you can to get the big points. Simply press the colored buttons on your Buzz!™ Buzzer to choose your answers. When everyone has made a selection, the correct order will be displayed.

PIE FIGHT

The first contestant to answer a question correctly gets the chance to punish a rival with a well-aimed cream pie. Wait until your opponent is highlighted and hit the Buzz!™ button to fling a pie. Get hit by enough pies and you'll have no lives left – meaning you're out of the round!

ROLLOVER

At the start of this round, contestants get to choose a category to answer questions from. The contestant with the lowest score chooses first, followed by the contestant with the next lowest score and so on. When the questions arrive, if you get one wrong, the points you could have won will be put into a pool. The next contestant to answer a question correctly will pick up all of the points generated by your wrong answers!

POINT STEALER

This is where the competition really does get personal. Wait as a picture, a question and some possible answers are slowly revealed. When you think you know the answer, hit the Buzz!™ button and see if you're correct. If the answer is right, you'll get to steal 500 points from an opponent.

THE FINAL COUNTDOWN

This is the final round, folks, so there really is everything to play for. The points that you have earned during the previous rounds will be converted into bars of time, and with the questions coming thick and fast, the bars will gradually tick down. Answer a question correctly to temporarily halt the countdown, but when your bar ticks down and totally disappears, you will be eliminated from the competition. If you are really quick with your correct answers then you may well be rewarded with a time bonus, but if you jump in quickly with a wrong answer then you could stand to lose even more time. The object of the round is to be the last contestant with any bars left, thus becoming the winner of **Buzz!™: The HOLLYWOOD™ Quiz.**

THE SCORES SCREEN

During a round, points will be awarded or deducted and then displayed on the Scores Screen, where you can also mock, jeer and sneer at your fellow competitors. Press any of the four colored buttons on your Buzz!™ Buzzer to taunt.

PRIZES

Of course, it's not just the taking part but the winning that counts. Contestants on **Buzz!™: The HOLLYWOOD™ Quiz** can look forward to winning some fantastic prizes, because nobody leaves the Buzz!™ studio empty-handed.

5 – 8 PLAYER SELECT

As long as two sets of Buzz!™ Buzzers are correctly connected, you'll be able to play a game with up to eight players. Players can choose their position in two sets of four. When it comes to picking a contestant, choosing an outfit, selecting a buzzer sound and entering a name, the first four players will pick first, followed by the rest of the contestants. Get set for five exciting multiplayer rounds that will end in a glorious Pie Fight!

EYETOY® USB CAMERA (FOR PLAYSTATION®2)

PLEASE NOTE: throughout this manual, the term “EyeToy® Camera” is used to describe the EyeToy® USB Camera (for PlayStation®2).

The Buzz!™ special effects team is always pottering around with new technology when we're off the air. If you have an EyeToy® Camera, hook it up as usual following the instructions below and you'll find that sometimes if you don't buzz in to continue at the end of certain rounds, you'll end up on the studio's big screen so we can all see you at home.

USING THE EYETOY® USB CAMERA (FOR PLAYSTATION®2)

Holding the USB connector for the EyeToy® Camera with the USB mark facing up, securely insert the EyeToy® Camera's USB connector into either USB connector on the front of the console. The LED power indicator (blue) on the front of the EyeToy® Camera should light up blue to indicate that the EyeToy® Camera is now ready to use. If you encounter difficulties, refer to the instruction manual for the EyeToy® Camera. Place the EyeToy® Camera on top of, or immediately below your television. Rotate the manual focus ring to focus the camera lens. If your TV is positioned on the floor, simply tilt the EyeToy® Camera for extra elevation. Alternatively, swivel the camera base around to reposition the EyeToy® Camera. Do not move the whole EyeToy® Camera, just tilt it gently and ensure you have enough room to play.

EYETOY® CAMERA LIGHTING RECOMMENDATIONS

The EyeToy® Camera's ability to detect movement depends upon there being a significant difference in lighting between you and your background. Ideally, you should be lit from the front, as evenly as possible. If your image looks too dark on the screen, switch on all available lighting in the room and point them at you. The red LED on the EyeToy® Camera will flash if the room is too dark.

If your on-screen image looks too bright, draw the curtains and use artificial light instead. Where artificial light is the primary source of illumination, concentrate all available light on you. If possible, avoid low-energy bulbs and fluorescent tubes as these tend to flicker, which may be detected as movement by the EyeToy® Camera. Do not set up the EyeToy® Camera so that it is pointing directly towards a strong light source. Even with daylight providing the primary light source, the introduction of any extra artificial light directed at you, will always be beneficial.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

LIMITED WARRANTY

Sony Computer Entertainment America (SCEA) warrants to the original purchaser of this SCEA product that this software is free from defects in material and workmanship for a period of ninety (90) days from the original date of purchase. SCEA agrees for a period of ninety (90) days either repair or replace, at its option, the SCEA product. You must call 1-800-345-7669 to receive instructions to obtain repair/replacement services.

This warranty shall not be applicable and shall be void if the defect in the SCEA product has arisen through abuse, unreasonable use, mistreatment or neglect. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE SCEA. ANY IMPLIED WARRANTIES APPLICABLE TO THIS SOFTWARE PRODUCT, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE. IN NO EVENT WILL SCEA BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE SCEA SOFTWARE PRODUCT.

Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of consequential damages, so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

Unauthorized copying, reproduction, rental, public performance or broadcast of this game is a violation of applicable laws. All rights to make copies of any portion of the game for subsequent redistribution is retained by the copyright holder. Please contact SCEA at 1-800-345-7669, if you are unwilling to accept the terms of this license.
