

DRIVERTM PARALLEL LINES

ATARI

WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

GETTING STARTED

Set up your PlayStation®2 computer entertainment system according to the instructions in its Instruction Manual. Make sure the MAIN POWER switch (located on the back of the console) is turned ON. Press the RESET button. When the power indicator lights up, press the OPEN button and the disc tray will open. Place the Driver™: Parallel Lines disc on the disc tray with the label side facing up. Press the OPEN button again and the disc tray will close. Attach game controllers and other peripherals, as appropriate. Follow on-screen instructions and refer to this manual for information on using the software.

SAVING AND LOADING

Driver Parallel Lines autoloads data on boot up. To save game settings and progress, insert a memory card (8MB) (for PlayStation®2) into MEMORY CARD slot 1 of your PlayStation®2. You can load saved game data from the same memory card (8MB) (for PlayStation®2) or any memory card (8MB) (for PlayStation®2) containing previously saved games. Driver Parallel Lines requires 146KB free space on your memory card (8MB) (for PlayStation®2) to save your current game.

Note: Driver Parallel Lines uses an autosave feature to save your game settings and progress. If no memory card (8MB) (for PlayStation®2) is present, you may lose your progress. You may continue to play the game but you will have to acknowledge that the autosave will have been disabled. The autosave feature is re-enabled the next time you successfully save your profile to a valid memory card (8MB) (for PlayStation®2). You may also save your profile to a new or existing profile name at any point, which will automatically enable the autosave feature.

**Upon boot up, you will see a language selection screen. Press the left and right directional buttons to choose from English, French, and Spanish languages. To select your preferred language press the X button.*

DUALSHOCK®2 ANALOG CONTROLLER CONFIGURATIONS

DRIVING

left analog stick right/left	Steer right/left
right analog stick up	Accelerate (double tap for nitro)
right analog stick down	Brake/Reverse
←/→ directional buttons	Next/Previous weapon
↑/↓ directional buttons	Skip music track/Toggle Thrill Cam
□	Brake/Reverse
×	Accelerate (double tap for nitro)
△	Exit vehicle
○	Handbrake (E-brake)

L2	Previous Hotspot
○	Show Help screen
R3	Place Waypoint
□	Job Low-Down

Note: Driver Parallel Lines supports the use of the DUALSHOCK®2 analog controller only.

INTRODUCTION

"New York in '78 was the coolest place on the planet. Everyone was either finding themselves, having a party, or getting laid – including me. I was new to the Big Apple, just a country boy looking to make good. But a few weeks, and it felt like home. From New Jersey to Queens, from the Bronx down to Battery – this was my patch, my backyard.

28 years later and the city sparkled like new – on the surface. Underneath, the filth was still there, and I had vengeance crawling inside me."

Meet TK. He's from out West, but home's too slow and too dull for him. He's 18 years old with a sense of humor that gets him into trouble and a grin that gets him out. He knows the world's his for the taking. Soon as he can get the money together, first place he heads is New York City. It's the only place he wants to be; the only place he can let his ambition off the leash. It's the place where he plans to make one hell of a fortune using the one marketable skill he's got – driving.

CREATING A PROFILE

When the game starts for the first time you will be asked to create a 'Profile'. This will be used to save your game progress. Use the directional buttons to highlight letters and press **X** button to select it. Pressing **A** button will cancel and allow you to restart. Once you have entered a name, choose 'OK' to accept and save.

You can create and use additional profiles if you wish, or delete ones that you no longer require, using the 'Profiles' option from Pause menu. Warning: Deleted Profiles cannot be recovered.

DOWN ON THE STREETS...

Your first job! There's a punk hitting a liquor store, and he needs your particular skills to get him out of trouble. Get your passenger safely to his hideout, and you'll be rewarded with a share of his loot. Then, follow the directions and you'll meet up with Ray, who may have some other work for you.

Prove you got the guts to do what it takes, TK, and the city is all yours...

GAME SCREEN

• **Health** – Shows your current health level. Collect 'Health Packs' to restore this value.

If TK's health reaches zero he will die. If you are currently on a job, you will be offered the chance to restart from an earlier checkpoint. You can also load a previously saved game through the pause menu.

- **Messages** – Keep you posted on what you need to do next.
- **Current Weapon and Ammo** – Your currently selected weapon with the amount of ammunition left.
- **Auto Save** – Shows whenever Driver Parallel Lines is saving your progress.
- **Speedometer** – Shows current speed.
- **'Tail' Markers** – Show the location of tailing cops and goons. The intensity of the markers indicates how close they are.
- **Odometer** – Lets you know how many miles the player has driven, at high mileage it unlocks cheats for the player.
- **Nitro Meter** – Lets the player know how much nitro is left in the player's car.

- **Minimap** – Shows the roads in your immediate area, and marks locations and things of interest. Markers that are further away than the current Minimap range may be shown on the outer edge.

People

Locations

Side-Jobs

• Felony Display

1 - If cops see you exiting the car, the felony will transfer to TK himself, but if they don't, it remains on the vehicle only.

2 - If cops see you exiting the car, the felony will transfer to TK himself, but if they don't, it remains on the vehicle only.

3 - If TK acquires felony while on foot, he can cover his tracks by getting into a 'clean' vehicle when the cops aren't watching. The cops will have trouble recognizing TK, and his personal felony will be greyed out while he remains in a clean car.

4 - While your personal felony status is hidden you can still accumulate felony on your current vehicle. Don't stay close to a cop for too long though, especially if you are on a bike, as they may become suspicious; the felony bars will start filling up yellow, and eventually your cover will be blown.

To get rid of your current vehicle's felony you will need to call in to one of the Garages and a visit to the Safehouse will also clear your personal felony.

PAUSE MENU

You can pause the game and access the Pause Menu at any time by pressing the  button:

The Pause Menu allows you to review the opportunities open to you. If you are already employed on a job the current objectives will be shown instead. Use the left and right directional buttons to move to the option you require. The map can be rotated and zoomed using the left and right analog sticks.

- Back to Game – return to the current game.
- Restart – restarts the game at your last save point. Your current progress will be lost. Restarting the game during an assignment will return you to its start.
- Profiles – Load, Save or Delete a profile. You can also start a New Game here.
- Settings – configure settings for Controls, Game, Display, Audio, or any Cheats you may earn.
- Stats – review your game progression.

SHOOTING

You start the game unarmed, but as you progress through the storyline you will be given access to more and better weaponry.

- Preferred Weapon – You can carry many different weapons and ammo. To change it, use the 'Next Weapon' and 'Previous Weapon' buttons.
- Driving & Shooting – While you are driving you can press 'Fire' and TK will lean out of the window ready to shoot. If you have not fired the weapon or pressed 'Auto Lock' for a few seconds TK will return to the normal driving position.
- On-foot Combat – You can fire straight ahead by just pressing the 'Fire' button, or you can use the 'Auto Lock' button just like when you're in a vehicle. You can strafe by holding down the 'Auto Lock' button and moving the left analog stick. You can put your weapon away by pressing the 'Holster' button.

AUTO LOCK

If you press the 'Auto Lock' button, a targeting reticule appears and moves to the most central and nearest enemy. If there are no enemies currently available it may lock onto pedestrians or destructible objects. While you have a lock you can change it to another target using the Camera control (right analog stick). Switching to the 'Free Aim' mode will allow you to aim your weapon more precisely, using the right analog stick...

SIDE-JOBS

If you need to earn some money so that you can improve or repair your ride, you'll be able to find several different types of side-jobs around the city, like street or circuit races, repossession contracts, debt collections, or even assassinations. New York's a big place though, and you might need a little help getting around; choose the 'Relocate' option from within Ray's Autos to shift your base of operations.

VEHICLES

There are many different vehicles in the game. You can collect them by bringing them to one of the Garages. Some vehicles can only be found in certain parts of the city; some are even hidden, or found only in particular assignments. You may only keep one version of each type of vehicle. Once brought back to your garage, vehicles can be modified, improved, and tested on a special track. Ray doesn't work for free though.

While you're cruising the streets, sooner or later you're bound to lock bumpers with your fellow travellers. If you damage your vehicle it will begin to smoke and its performance will be impaired. If your vehicle takes too much abuse then it will catch fire, and explode: make sure you aren't nearby when it does!

If you abandon your ride Ray will send a truck out to recover it for you. He'll salvage even the most wrecked vehicles, although you'll still have to pay to have them restored to showroom-ready condition.

MEET THE CHARACTERS

Ray - TK's hero - his idol. It was Ray who first taught TK to drive, back home on the farm. It was Ray - good-looking, good-natured Ray - who always had the girls after him. Ray's five years older than TK; he came to New York as soon as he could afford the gas to get here and set up a repair shop in Queens as cover for a car-ringing outfit.

Slink - Smooth and superfly, he lives to party, be the center of attention, tell all the stories, and make everyone laugh. Slink's always been good at providing his clients with whatever they want - hot ladies, good booze, great sounds - but he's also developed an ability to find other things too: guns, explosives, cars.

The Mexican - Big in every sense. He loves life, partying, girls, drink, drugs, guns, bikes, cars, and adrenaline highs. He wants to be the center of attention - right in the thick of the action. Tired of the small-time, he sees New York as the place to be to strike it big and take his chance to surf the tidal wave of drug money.

Bishop - Hard, professional, greedy and cunning - a loner who has trouble trusting anyone other than himself. After three tours in 'Nam, he's come home with new attitudes about his mind and body. Bishop is a guy who nurtures a carefully-controlled ambition, together with a passion for killing and destruction.

Candy - He's the best planner in the business. He's obsessed with details. He'll work night and day figuring out the stats, the timings, the people, the weights, the distances. He thinks of everything. With Candy you get the best...but you also get the worst - apart from the body-odor, Candy just never stops moaning.

Corrigan - The leader of the gang; a totally commanding presence who knows he's destined for great things. Relaxed, upbeat, super-confident and charming - people just can't help opening up to Corrigan. He's got a great smile and you trust him from the word go, but behind the smile is an amoral, ruthless man.

TECHNICAL SUPPORT (U.S. & CANADA)

Help Via the Internet

Up-to-the-minute technical information about Atari products is generally available 24 hours a day, 7 days a week via the Internet at: **atarisupport.com**

Through this site you'll have access to our **FAQ** (Frequently Asked Questions) documents, our **Hints/Cheat Codes** if they're available, and an **E-Mail** area where you can get help and ask questions if you do not find your answers within the FAQ.

Note: In the event we must send you a Hint Sheet, FAQ document, patch or update disc via E-mail, we may require verifiable consent from a parent or guardian in order to protect children's privacy and safety online. Consent Forms are available at the web site listed above.

Help Via Telephone in the United States & Canada

For phone assistance, call **Atari Technical Support** at **(425) 951-7108**. Our Interactive Voice Response system is generally available 24/7, providing automated support solutions immediately.

This console-based product has automated support, which includes information such as gameplay tips, information on Control Keys, possible Cheat Code combination keys, and instructions for finding secret screens and/or additional game levels (if these type of items exist and are made available for this particular product).

Great News! We've improved our Automated Systems so that you can get product-specific Troubleshooting help more quickly. All you need to do is enter the product's **Part #** when prompted to do so. This will take you directly to all of our known issues and solutions for this title. The product's **Part #** is located in several places (on the CD label, Game Pak, package and/or plastic disc case, if applicable) and is usually identified by a number such as **04-12345**. When prompted by the Automated System, enter the **last five digits** of your product's Part #. (For example, Part # 04-12345 would require that you enter the "12345" portion of the number for that product.) **Note:** Some products simply feature a five-digit Part # without an "04-" prefix.

Live support is generally available Monday through Friday, 8:00 AM until 6:00 PM (Pacific Time). **Note:** We may be closed on major holidays.

Product Return Procedures in the United States & Canada

In the event our technicians at **(425) 951-7108** determine that you need to forward materials directly to us, please include a brief letter explaining what is enclosed and why. Make sure you include the Return Merchandise Authorization Number (RMA#) supplied to you by the technician, and your telephone number in case we need to call you. You will receive the mailing address when the technician gives you the RMA#. Any materials not containing this RMA# will be returned to you unprocessed.

Warranty Policy in the United States & Canada

If our technicians determine that the product storage medium is found to be defective within ninety (90) days of original purchase, (unless otherwise provided by applicable law), Atari will replace the item free of charge, to the original purchaser, if the item is accompanied by the original dated receipt and packaging.

END-USER LICENSE AGREEMENT

IMPORTANT — READ CAREFULLY: Please be sure to carefully read and understand all of the rights and restrictions described in this End-User License Agreement ("EULA").

AGREEMENT

This document is an agreement between you and Atari, Inc. and its affiliated companies ("Company"). The enclosed software game disc(s), cartridge or Game Pak ("Software") and any accompanying printed materials are licensed to you only on the condition that you accept all of the terms contained in this EULA.

By opening this package and installing or otherwise using the Software you agree to be bound by the terms of this EULA. If you do not agree to the terms of this EULA you may not install or use the Software and within 15 days of purchase you must call the Tech Support telephone number listed in the manual accompanying the Software (the "Manual"). Select the Automated Phone System's Main Menu option for Consumer Services and follow the prompts.

You will be given a Return Merchandise Authorization number (RMA #) by the technician. You then have 15 days from the date of this contact to return the Software in its protective covering, the Manual and the original sales invoice to the address supplied to you.

If this is a PC product, when you install the Software you will be asked to review and either accept or not accept the terms of the EULA by clicking the "I Accept" button. By clicking the "I Accept" button you acknowledge that you have read the EULA, understand it and agree to be bound by its terms and conditions.

COPYRIGHT

The Software is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. All title and copyrights in and to the Software (including but not limited to any images, photographs, animations, video, music, text and "applets" incorporated into the Software) and any printed materials accompanying the Software are owned by the Company or its Licensors.

GRANT OF LICENSE

The Software is licensed and not sold to you and its use is subject to this EULA. The Company grants you a limited, personal, non-exclusive license to use the Software in the manner described in the user documentation. The Company reserves all rights not expressly granted to you in this EULA.

PERMITTED USES

1. If the Software is configured for loading on a hard drive, you may install and use the Software on a single computer.
2. You may make and maintain one copy of the Software for backup and archival purposes, provided that the original and copy of the Software are kept in your possession.
3. You may permanently transfer all your rights under this EULA, provided you retain no copies, you transfer all of the Software (including all component parts, the media and printed materials and any upgrades) and the recipient reads and accepts this EULA.

RESTRICTIONS

1. You may not delete or obscure any copyright, trademark or other proprietary notice on the Software or accompanying printed materials.
2. You may not decompile, modify, reverse engineer, disassemble or otherwise reproduce the Software.
3. You may not copy, rent, lease, sublicense, distribute, publicly display the Software, create derivative works based on the Software (except to the extent expressly permitted in the Editor and End-User Variation section of this Agreement or other documentation accompanying the Software) or otherwise commercially exploit the Software.
4. You may not electronically transmit the Software from one computer, console or other platform to another or over a network.
5. You may not use any backup or archival copy of the Software for any purpose other than to replace the original copy in the event it's destroyed or becomes defective.

EDITOR AND END-USER VARIATIONS

If the Software includes a feature that allows you to modify the Software or to construct new variations (an "Editor"), you may use such Editor to create modifications or enhancements to the Software, including the construction of new levels (collectively the "Variations"), subject to the following restrictions. Your Variations: (i) must only work with the full, registered copy of the Software; (ii) must not contain modifications to any executable file; (iii) must not contain any libelous, defamatory or other illegal material, material that is scandalous or invades the rights of privacy or publicity of any third party; (iv) must not contain any trademarks, copyright-protected work or other property of third parties; and (v) may not be commercially exploited by you, including but not limited to making such Variations available for sale or as part of a pay-per-play or timesharing service.

TERMINATION

This EULA is effective until terminated. You may terminate this EULA at any time by destroying the Software. This EULA will terminate automatically without notice from the Company if you fail to comply with any provisions of this EULA. All provisions of this EULA as to warranties, limitation of liability, remedies and damages will survive termination.

LIMITED WARRANTY AND DISCLAIMER OF WARRANTIES

You are aware and agree that use of the Software and the media on which is recorded is at your sole risk. The Software and media are supplied "AS IS." Unless otherwise provided by applicable law, the Company warrants to the original purchaser of this product that the Software storage medium will be free from defects in materials and workmanship under normal use for ninety (90) days from the date of purchase. The warranty is void if the defect has arisen through accident, abuse, neglect or misapplication. If the Software fails to conform to this warranty, you may at your sole and exclusive remedy, obtain a replacement free of charge if you return the defective Software. Follow the Product Return Procedures described in the Manual. The Company does not warrant that the Software or its operations or functions will meet your requirements, or that the use of the Software will be without interruption or error.

TO THE FULLEST EXTENT PERMISSIBLE UNDER APPLICABLE LAW, EXCEPT FOR THE EXPRESS WARRANTY SET FORTH ABOVE, THE COMPANY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING AND WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. EXCEPT FOR THE EXPRESS WARRANTY SET FORTH ABOVE, THE COMPANY DOES NOT WARRANT, GUARANTEE OR MAKE ANY REPRESENTATION REGARDING THE USE OR THE RESULTS OF THE USE OF THE SOFTWARE IN TERMS OF ITS CORRECTNESS, ACCURACY, RELIABILITY, CURRENTNESS OR OTHERWISE. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF OR LIMITATIONS ON IMPLIED WARRANTIES, SO THE ABOVE EXCLUSIONS AND LIMITATIONS MAY NOT APPLY TO YOU.

LIMITATION OF LIABILITY

IN NO EVENT WILL THE COMPANY OR ITS EMPLOYEES OR LICENSORS BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, OR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR INJURY TO PERSON OR PROPERTY, FOR LOSS OF PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, LOSS OF PRIVACY, FAILURE TO MEET ANY DUTY AND NEGLIGENCE) ARISING OUT OF OR IN ANY WAY RELATED TO THE USE OR INABILITY TO USE THE SOFTWARE, EVEN IF THE COMPANY OR AN AUTHORIZED REPRESENTATIVE OF THE COMPANY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.

IN NO EVENT WILL THE LIABILITY OF THE COMPANY FOR DAMAGES WITH RESPECT TO THE SOFTWARE EXCEED THE AMOUNTS ACTUALLY PAID BY YOU FOR THE SOFTWARE.

CHOICE OF LAW AND VENUE

This EULA is governed by the laws of the United States of America and the State of New York, exclusive of its conflicts of law provisions. The exclusive venue for litigation regarding or arising from this EULA is New York County, New York and you agree to submit to the Jurisdiction of the courts of New York County, New York for any such litigation.

MISCELLANEOUS

If any provision or portion of this EULA is found to be unlawful, void, or for any reason unenforceable, it will be severed from and in no way affect the validity or enforceability of the remaining provisions of the EULA. This EULA constitutes the entire agreement between you and the Company regarding the Software and its use.
