PIT- FIGHTIN' VENGEANCE!

"Your fist is the only thing you can really rely on in this bullshit world...." These words from my brother, Cody, were drilled into my head way back when we were kids.

My name is Kyle Travers. I'm a streetwise underground pit-fighter, resigned to making my money in the back alleys and dark basement fight clubs of Metro City. And sure, that money comes in handy from time to time, but respect is what it's really all about when it comes to survivin' these streets.

I've been fightin' in this 'hood for some time now, to the point where I've built up a bit of a "ghetto fabulous" rep among the local gangs and punks. And I must say, lately I've been collecting fight money like an uptown call girl. But this new development has thrown things way out of whack!

So me and Cody are at our local watering hole, mindin' our own business, when this guy they call "The Stiff" suddenly shows up with some of his goons and takes Cody away right in front of me! Needless to say, I've got a very, very bad feeling. What the hell is this all about?!

This much I know: we're dealin' with well-trained pros here. No bullshit Metro City street gang has the balls to mess with the Travers brothers. Sure, Cody's gettin' older...but he's still the most bad-ass SOB I know!

Ya see, my brother has always been around for me, ever since we were kids. Countless times, we've helped each other through nasty scrapes in order to survive these mean streets. There's not much we haven't done to reach the level of respect we've got now. But then there's this shit.

Damn...I'm the only family Cody's got! Looks like it's time for me to really step up, and get my brother back safely! But...where do I start?!

KEY CHARACTERS

KYLE TRAVERS

Kyle is Cody's cocky, sometimes reckless, younger brother. Though a bit unfocused compared to his legendary older sibling, Kyle shows natural fighting potential that Cody continually pushes him to develop further. Kyle's devotion to his beloved 'hood is surpassed only by his unspoken admiration for his big brother.

CODY TRAVERS

Cody, a well-respected hero in the 'hood, is a long way from his glory days of fighting Mad Gear gangbangers years ago. His knees have since failed him, and he's resigned himself to training his younger brother to uphold the family name in the underground fight clubs of Metro City. But that hunger for the ring still burns, and Cody can't put to rest the thought of some day, somehow, fighting again. Even if it comes at a heavy price.

VANESSA SIMS

Vanessa is the beautiful but tough-as-nails bartender at Kyle's neighborhood bar, the Barfly. She runs her joint with authority, quick to lay down her house rules on any troublemakers. Yet, in spite of her "my way or the highway" approach, she is clearly drawn to Kyle and his life "on the edge." And Kyle can't help but be attracted to her. Not only is she a clever and streetwise beauty, she's also the best damn pool player he's ever seen!

MIKE HAGGAR

Once mayor of Metro City, Mike Haggard hates what crime has done to it. Yet, the legendary muscleman stays because of his idealistic love for what the city once was, and hopefully could again be. Though far from his years of power in City Hall, Haggard does what he can to keep peace in his own corner of town. And he keeps himself in solid shape by training would-be pit-fighters at his own gym, Mike's Mat and Muscle.

GUY

Guy's life path has taken some dramatic turns since his heyday as a key protector of Metro City. After Cody Travers was wrongly accused of a crime that Guy took part in, Guy fell into a life in organized crime and quickly became a powerful underworld figure in Metro City's Japantown. Having mellowed a bit in recent years, he still uses his tremendous power, skill, speed, and influence to protect Japantown from civil unrest. Guy's secretive and devoted band of "Genin" warriors provides him with deadly assistance.

DEVIN "THE STIFF" ARANOC

A powerful leader in some sort of mysterious Metro City mob. It is The Stiff's past dealings with Cody that prove to be a key factor leading to a dramatic upheaval in the brothers' daily lives. Though the origin of his nickname is unclear, The Stiff's rigid posture, perfect businessman grooming, and unparalleled skills at making people stop breathing all have certainly contributed to his highly feared reputation.

NICKY "THE WEASEL" WISELL

Nicky is a true weasel: sneaky, twitchy, selfish...and a surprisingly annoying pain in the butt. The superficial little prick is the kind of guy who would say anything to get what he wants. He has wild delusions of someday achieving big-time criminal status. The Weasel holds a certain degree of authority over his rag-tag gang of "Blue Ballers," though no one's quite certain how. Maybe it's just his far-reaching porn connections.

VITO BRACCA

THE MAN in Metro City's Little Italy district, whose no-nonsense approach leaves no doubt about his complete control of all that goes on there. Vito is rarely seen without a significant number of expertly trained bodyguards. He can come off as sincere and compassionate one minute, then mean as hell the next. And he's never met a plate o' linguini he didn't like.

DINO (a.k.a. "BLADES")

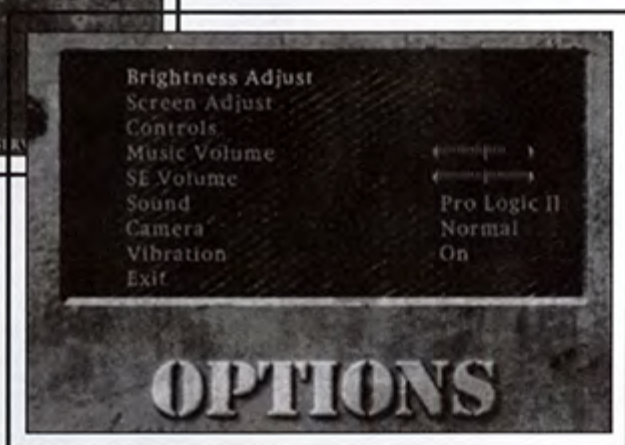

Dino is a most efficient assassin, with a penchant for carrying out assignments with grotesque methodology. Blades is unpredictable, cutthroat...and as sick as they come. Yet his reputation also includes a great degree of reliability, and his services are highly valued.

RANKING

ENEMIES

The streets of Metro City are definitely not for the weak or squeamish. There seems to be trouble through every door and around every corner. Just a sampling of the feared foes to keep an eye out for...

METRO CITY THUGS

The actual name these hoodlums like to go by is unprintable. Most people refer to them as the "MCT." Though they mostly hail from the 'hood, they can often be found kicking up trouble in other parts of the city.

THE STIFF'S GUARDS

This is the elite fighting guard of the mysterious Stiff. Never will you see a better dressed army of goons. They take after their boss with their no-nonsense approach and efficient handling of "business matters."

THE BLUE BALLERS

A relatively new and growing gang local to the 'hood, they operate under the loose control of The Weasel. And, much like their leader, they can be an extremely annoying pain-in-the-ass.

THE PUNX

These toughs roam the streets of Metro City's Pier District. They make up one of your more "structured" gangs, if there is such a thing. They always travel in groups, each with its own designated leader. And they're always looking for blood.

GLOW HEADS

This term is just recently hitting the streets, referring to users of the rare new street drug GlycoLauric Octanol, a.k.a. "glow." Details are extremely sketchy, but some officials fear that the spread of this drug could have dire effects on the city.

PIT-FIGHTERS

The underground sport of pit-fighting is flourishing in Metro City, with fight clubs in most districts. If Kyle Travers is to reach the top in this brutal profession, he'll need to go through some formidable opponents.
