Someone's Going Down

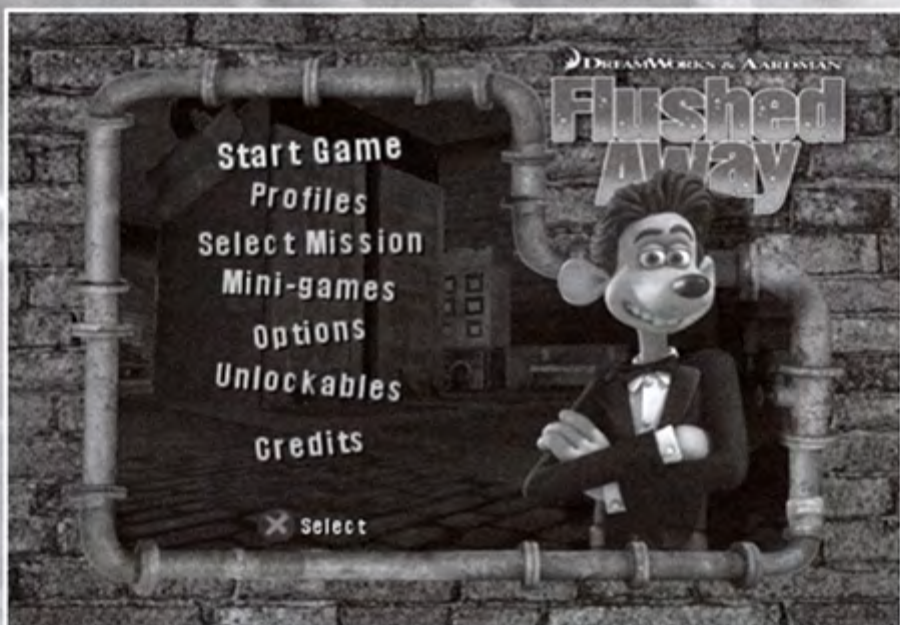

Roddy St. James is a pampered pet mouse who thinks he's got it made. But when a sewer rat named Sid - the definition of "low life" - comes spewing out of the sink and decides it's his turn to enjoy the lap of luxury, Roddy schemes to rid himself of the pest by luring him into the loo for a dip in the "Whirlpool." Roddy's plan backfires when he inadvertently winds up being the one flushed away into the bustling world down below.

Underground, Roddy discovers a vast metropolis where he meets Rita, a street-wise rat who is on a mission of her own. If Roddy is going to get home, he and Rita will need to escape the clutches of the villainous Toad. Toad, who royally despises all rodents, dispatches two hapless henchrats, Spike and Whitey, as well as his cousin - that dreaded mercenary, Le Frog - to see that Roddy and Rita are iced... literally.

Characters

Roddy

Roderick St. James is a cultured, upper class English rat who lives in an elegant penthouse apartment in Kensington, London. Unfortunately his home is "infested" with humans but fortunately, they are often away on Holiday.

Roddy thinks he has everything he needs in his luxurious home: fine wines and fine cheeses. Roddy never ventures into the outside world. He has no interest in dealing with the chaos and uncertainty that lies beyond his safe and secure "bubble." Getting flushed down the toilet and the adventures he has in the sewer transform Roddy into a braver, more adventurous rat.

Weapon - Fencing Toothpick

Special Move - Toothpick Twist and Toothpick Propeller Boost

Rita

Rita is the complete opposite of Roddy. She's uncouth, wild, reckless, adventurous and independent. Rita lives for the moment and believes that taking risks is an essential part of life.

Rita comes from a large family. Her Mum had 37 kids by the time she was 10 months old. There's no way that is going to happen to Rita. She's going to live an independent life with her best friend - her boat, the Jammy Dodger. She dreams that one day she will sail the little boat out across the English Channel to see the drains of Europe.

Through meeting Roddy, she comes to learn that she can share her life and adventures without giving up her independence.

Weapon - Bungee Cord

Special Move - Spin Cycle

Jammy Dodger

Rita's eclectic ship created from miscellaneous items from the surface world. Rugged and adaptable, this ship is Rita's faithful 'ol mate in every situation.

The Toad

The Toad is a pompous, well dressed, aristocratic amphibian who lives in the sewer. He sees himself as a man of culture like Noel Coward, but everyone sees him as Jabba the Hutt. He didn't start out life in the sewer. He used to be the Prince's favorite pet. But the young Prince's head was turned when he was given a pet rat for his birthday. While the Prince wasn't looking the Toad was flushed down the toilet by a palace flunky.

Now the Toad hates all rats. This hatred motivates his diabolical plan for the sewer – to wash away all of the rats in a Great Flood and repopulate the sewer with an army of tadpoles.

Attack – Tongue Punch, Double foot kick

Strengths – Intelligent and Powerful

Weaknesses – Large machinery, Rodent hater

Le Frog

Le Frog is the Toad's mercenary French cousin. He and his gang of vicious hench frogs will kill for a price, but not before they've had a proper 3-course lunch. Le Frog approaches his uptight English relative with a mixture of insouciance and disdain. He thinks his cousin's rodent hating obsession is very unhealthy. Despite Le Frog and his gang's vicious demeanor they are more comic than deadly (being funny little rubbery fellows after all).

Attack – Tongue Slap Cartwheel

Strengths – Fast, agile, and witty

Weaknesses – Weak chin and French wine

Whitey & Spike

Whitey is older than Spike. He's an albino ex-laboratory rat. He had one too many "shampoos" up in the laboratory which left him completely unfocused on doing bad deeds. He adds to Spike's misery by undermining him and not acting like a proper hitman.

Spike has elected himself as the Toad's chief hench-rat. This is his first job as a bad guy. He tries really, really hard to act like a ruthless cold blooded killer, but in reality, he still lives with his mum and his middle name is Lesley. He desperately overcompensates for these shortcomings but his over-zealous approach to his work always insures a sticky end for him.

Attack – Spike O' Launcher

Strengths – Strong ranged attack

Weaknesses – Ranged attacks, mines

The Underworld Metropolis

The underground world is a bustling hub of the sewers. The city is divided into three different areas: The Harbor, Little Soho, and Chinatown. This is where Roddy comes to get his missions, buy items and sell salvage.

Missions

The two characters who give Roddy missions in the game are Charlie Wu and Socketset. Approach either of these characters and press the **○** Button to speak with them.

Hint: If you want to make extra money, both Socketset and Charlie Wu have special tasks that they can give you.

Buy and Sell

In addition to giving the character missions, Charlie Wu and Socketset also have items for sale. To enter a shop, approach either character and press the **○** Button to speak with them and select Store from the menu.

Once in the shop you can buy items and sell any salvage that you have collected. To buy an item scroll

through the menu with either the Directional Buttons or the Left Analog Stick. Once the item you would like to purchase is selected press the **⊗** Button. If you have enough money the item is added to your inventory and ready for use.

To sell salvage in a shop, press the **○** Button, highlight the item you wish to sell and press the **⊗** Button.

Mini-Games

Castle Siege

You can play this mini-game against a friend or by yourself. To start Castle Siege select Mini-Games from the Main Menu and choose Castle Siege. In order to win this game you must destroy your opponent's castle before they do the same to you.

Pathfinder

Move boxes using the crane to create a path across the water. To start this mini-game, select Mini-Games from the Main Menu and choose Pathfinder. Drop exploding onions in the water to move the crates below into a path that connects each dock. Play through each level and try to beat your high score.
