BAND HISTORY

For more than 30 years AEROSMITH has defined American Rock 'n' Roll.

Just a brief overview of their remarkable career is truly mind-boggling: over 150 million albums sold, induction into the Rock and Roll Hall of Fame, countless awards (four Grammy Awards, eight American Music Awards, six Billboard Awards, and 12 MTV Awards), and a diehard "Blue Army" fan-base numbering in the millions worldwide. Since 1972 they've criss-crossed the globe nearly 36 times and performed at two Halftime Shows at the Big Game (reaching a combined viewing audience of nearly two billion).

Described by Mojo editor Phil Alexander in a May '07 cover story as "America's greatest hard rock act," the members of AEROSMITH--STEVEN TYLER (vocals), JOE PERRY (guitar), BRAD WHITFORD (guitar), TOM HAMILTON (bass) and JOEY KRAMER (drums)--remain creatively vital, and are the platinum standard for artistic and commercial success in the music business. Through it all they have defeated the odds, silenced their critics and have undeniably withstood the test of time.

In 2007, Aerosmith triumphantly performed 35 dates in 20 countries. It included their first-ever performances in Dubai, United Arab Emirates and Bangalore, India, where they electrified a crowd of 22,000 fans at the Palace Grounds. Another 50,000 fell under the group's spell when they performed at the Hard Rock Café's London Calling event in Hyde Park.

The overseas trek concluded with two unforgettable shows in St. Petersburg and Moscow.

Recent Aerosmith releases include: the 2004 blues-influenced CD *Honkin' On Bobo* (which received a four-star review in *Rolling Stone*); 2004's live DVD *You Gotta Move*; 2005's live CD *Rockin' The Joint*, and a 2006 career retrospective CD with two unreleased songs. The band is now in the studio working on a new album.

Get ready for dueling axes of distortion! In the Multiplayer mode there are four different ways to play:

Face-Off: Two players compete against each other while alternating play on the same note chart. Each player can adjust the difficulty to fit their skill level.

Pro Face-Off: This is the ultimate duel for guitar champions. Two players battle it out by playing the same note chart at the same time on their selected difficulty levels.

Co-op: Rock out with a friend on guitar or bass! Choose from any previously earned or unlocked song.

Battle: Challenge a friend to a guitar shred-off with Battle Mode! By performing well you'll earn Attacks that you can use to disrupt your opponent. To activate Attacks you'll need to tilt your guitar like you do when activating Star Power.

Training

Kick out the jams like you mean it. Guitar Hero: Aerosmith offers two forms of training:

Tutorials: These interactive tutorials teach you everything you need to know about Guitar Hero: Aerosmith and are highly recommended for both beginners and experienced players.

HOW TO ROCK

Naming Your Profile

Cycle through characters with the Strum Bar, and select them with the Green Fret Button. Use the Red Fret button to delete a character. Press the START button once you've finished creating your band name.

HOW TO PLAY

Guitar Hero: Aerosmith's gameplay consists of pressing the Fret Buttons and strumming on the Strum Bar UP or DOWN in sync to the notes that are scrolling toward you on the screen.

Basic Notes:

1. Hold the Fret button that corresponds to the note on the screen.
2. Strum on the Strum Bar UP or DOWN to play the note. (note: if you see a string of the same notes you don't have to release the corresponding Fret Button for each note; you can keep it held down.)

Long Notes (otherwise known as sustains):

1. Hold the Fret Button down
2. Strum
3. Keep the Fret Button down until the whole note has played.

Chords:

Chords are two or more notes played at the same time. These can come in the form of Basic Notes and Long Notes.

The Whammy Bar

Press the Whammy Bar in and out on Long Notes to add your own style to each song. You'll notice that when you are playing Long Notes, the sound of the note will actually change and bend to reflect how much you're pressing on the Whammy Bar.

The Rock Meter

The Rock Meter is the ultimate gauge for how much you're rocking in the game. When the needle on the Rock Meter is in the green, the crowd digs what you're doing, but if the needle dips to the red and the Rock Meter starts flashing, you're about to be booted off stage!

The Score Meter

Every note you hit scores you points. If you can nail a series of notes perfectly then you'll receive a handy "Score Multiplier" which is 2-4X the value of each note you hit. Mess up and your score multiplier vanishes.

The Star Power Meter

Fill this meter up at least halfway and tilt your guitar to unleash your Star Power. Star Power will automatically double any score multiplier you currently have.

Difficulty Settings

Easy: The perfect setting for beginner players. This difficulty setting only utilizes three fret buttons – the green, red, and yellow.

Medium: This difficulty setting brings notes a little faster and utilizes four fret buttons – the green, red, yellow, and blue.

Hard: All five fret buttons are used, and some advanced skills are needed if you expect to rule in this difficulty setting.

Expert: This setting separates the champs from the chumps. This insane difficulty will have you frantically using all five fret buttons and pulling off lots of different chords.

Song Results Screen

Grade: The scale goes from 3 to 5 stars, with 5 being the best. Higher grade scores earn you more cash to spend in The Vault in Career mode.

Score: This is the overall score you received on your song.

Note Streak: Find out how long you went without making a mistake and missing a note.

Notes Hit: This tells you the percentage of notes you hit in the song. (If that wasn't enough data for you...there's even more stats available by clicking on the "More Stats" option)

How Do I Get Star Power?

Gain Star Power by nailing a series of star-shaped notes that glow. You have to nail the entire sequence, otherwise you're out of luck. You can gain even more Star Power by using the Whammy Bar on long Star Power Notes. Press the Whammy Bar a bunch to get the most of these long Star Power Notes.

Once your Star Power Meter is at least half-full it'll flash and that means you're ready to tilt your Guitar Hero guitar controller! To tilt, hold the Guitar Hero guitar controller straight up! Once Star Power is activated you can lower your Guitar Hero guitar controller back down and continue jamming. Star Power will stay activated until the Star Power meter runs out.

(In no position to tilt the controller up? You can activate Star Power by pressing the SELECT button)

Guitar Battle Rules

Hit each series of Battle Gems to collect Attacks. Once you have collected an Attack, tilt your guitar upward to Attack your foe. You HAVE to make them FAIL before the end of the song or else YOU LOSE. Be careful, they can battle back!

Guitar Battle Attacks

Broken String: Use this attack to break one of your opponent's strings. The button on the guitar controller won't work until they fix it by rapidly tapping that button until it is repaired.

Difficulty Up: This attack will increase the difficulty on your opponent's note chart.

Amp Overload: This attack causes the scrolling fret board on your opponent's screen to shake and flash, making it extremely difficult to read which notes are approaching.

Whammy Bar: Use this attack on your opponent to force them to move the Whammy Bar fast before they can play notes again.

Power-Up Steal: This attack steals your opponent's attack before they can use it. If they don't have one to steal and you activate this power, you'll lose it.

Double Notes: Deploying this attack forces your opponent to double up on how many notes they have to play.

The Lefty/Righty Flip: The Lefty/Righty Flip Attack swaps the note chart around opposite to how your opponent would normally play the game.

Death Drain: In Sudden Death, the Death Drain Attack will drain your opponent's Rock Meter.
