Introduction

Welcome to the magical world of *Harry Potter: Quidditch World Cup*. Quidditch is an incredibly exciting, high-speed broomstick-based game. It's a sport that has been enjoyed by witches and wizards alike since its eleventh century beginnings on Queerditch Marsh in England.

Quidditch can be described as a cross between the non-magical sports of soccer and basketball, with the speed and maneuvering skills of ice hockey. It contains all the excitement, teamwork and individual flair of those games – but is played on flying broomsticks!

Now's your chance to learn the rules – and the skills – necessary to play for one of the house Quidditch teams at Hogwarts School of Witchcraft and Wizardry. With tutoring from the house Quidditch teams, embark on a journey that will take you from the basics of broomstick control to the hard-won skills required to pull off amazing Special Moves.

If you excel in playing Quidditch at Hogwarts, you could win the Hogwarts Quidditch Cup and an opportunity to attend this year's hotly anticipated Quidditch World Cup! Along the way, you'll collect Quidditch Cards and perhaps pick up some of the most awe-inspiring Special Moves ever made on a broomstick.

At the World Cup, play with some of the world's best Quidditch teams and experience the thrills, spills and adrenaline-fuelled excitement of this top-flight magical sport. Only then will you have the chance to beat the best and raise aloft the ultimate prize – the Quidditch World Cup!

Features

- Learn the basics of Quidditch at Hogwarts with students Harry Potter, Draco Malfoy, Cedric Diggory and Cho Chang.
- Once you're ready, take on Slytherin, Gryffindor, Ravenclaw or Hufflepuff for a chance to win the Hogwarts Quidditch Cup.
- Play a *Harry Potter: Quidditch World Cup* Exhibition Match. Mount your broomstick against the console or your pals in a head-to-head Exhibition Match.
- Collect enough Quidditch Cards, and you could be in line for some very special surprises, including the ability to play on lightning fast, premier broomsticks.
- Win your place at the Quidditch World Cup, and play with the best Quidditch teams in the wizarding world.
- Experience the sights and sounds of some of the most amazing Quidditch stadiums on the planet.
- Master electrifying Special Moves. Besides the spectacular feints, passes and tackles, *Harry Potter: Quidditch World Cup* features some of the most famous – and death-defying – moves in International Quidditch.

Quidditch for Beginners

Quidditch is like soccer in the non-magical world. Every wizard follows it. However, you may be unfamiliar with the rules of this most illustrious and ancient of sports. If you've not had a chance to read the popular book *Quidditch Through the Ages*, we've provided a brief overview for you here.

The Pitch

Since the fourteenth century, the Quidditch pitch has remained a regulation oval 500 feet long by 180 feet wide. A central circle, approximately two feet in diameter, is used by the referee as the 'release point' for the four balls that make up a Quidditch game (see below). At each end of the pitch is a 'scoring area', containing three posts supporting scoring hoops. These posts are known as 'goalposts'. The surface of the pitch is ordinarily made of turf, though in some countries, pitches of sand, ice, and even water are employed, which changes the nature of the game more than one might first think!

The Balls

The modern Quidditch game employs four balls, detailed below.

The Quaffle

The Quaffle is used by both sets of Chasers to score 'goals' in the opposing team's 'scoring area', much like the round object used in the strange and slow-moving non-magical game, soccer. The modern Quaffle is a seamless, reddish, leather ball, twelve inches in diameter. The well-known wizard tome, *Quidditch Through The Ages*, describes the Quaffle as follows:

It was first colored scarlet in the winter of 1711, after a game when heavy rain had made it indistinguishable from the muddy ground whenever it was dropped.

8 If a Chaser gets the Quaffle through the hoop of the 'goalpost', his or her team scores ten points and the Quaffle is given to the opposing Keeper.

|-------------------------------------|---|
| Pass | ⊗ button or right analog stick (Quaffle control) |
| Shoot (while in the 'scoring area') | ⊙ button or right analog stick (Quaffle control) |

The Bludgers

While the original Bludgers, or 'Blooders', were once charmed flying rocks, the regulation Bludger is now fashioned out of iron. Ten inches in diameter, two of these fast-moving objects are always present in a game of Quidditch. Bewitched to indiscriminately chase any player on the pitch, the Bludgers will ordinarily fly headlong at the player closest to them. As the only players on the pitch with bats, it is the Beaters' job to beat the Bludgers away from their teammates.

Controls Relating to the Bludgers

The Golden Snitch

The Golden Snitch is a walnut-sized 'ball' with wings. Charmed to evade capture for as long as possible, it is the fastest and nimblest of Quidditch balls. It is also the hardest to spot. It is the Seeker's role to search constantly for the Golden Snitch, while avoiding the charges of opposing players and the ever-present threat of a game-stopping (or even life-threatening) Bludger strike.

When the Seeker catches the Golden Snitch, the game ends and the Snitch-catching team is awarded one hundred and fifty points. This may or may not be enough to secure a victory, as some mathematically challenged Seekers have found to their cost!

- See *Seeker Power Bar* and *Seeker Controls* on p. 12 to find out more about catching the Golden Snitch.

Note: There are stories of Golden Snitches avoiding the grasp of the Seeker for more than six months. Hopefully, you'll be quick enough to end a match before a month has passed.

The Players

There are two teams of seven players in a regulation Quidditch match, made up as follows:

- Three Chasers
- Two Beaters
- One Seeker
- One Keeper

Each position is described below.

The Chasers

The Chaser's position is the oldest in Quidditch, since the game once consisted of goal-scoring alone. The modern game specifies three Chasers per team. These individuals must possess a keen eye and a strong arm for the constant passing, catching and shooting necessary in their role. The Chasers set up play by passing the Quaffle to one another, while avoiding the tackles of the opposing team's Chasers. They should also be constantly aware of the ever-present threat of Bludger attacks. A successful Bludger strike inevitably causes the unfortunate Chaser to fumble and lose the Quaffle to the opposing team's Chasers.

The Chaser's overriding aim is to get the Quaffle through one of the three goalpost hoops in the opposing team's scoring area. If successful, ten points are added to their team's score.

| Dodge | △ button |

The Beaters

Two bat-carrying players known as Beaters represent the main defensive aspect of Quidditch. As the only players allowed to wield a bat, they're kept busy beating speeding Bludgers away from their teammates, most notably the Chasers. When defending, they are often found launching Bludger attacks against the Quaffle-carrying opposing Chaser. It should also be noted that Beaters do not score goals nor do they handle the Quaffle.

The Seeker

The Seeker's role has traditionally been filled by the fastest, lightest and most nimble of broomstick flyers. Almost always possessed of hawk-like sight and the ability to confidently fly one- or no-handed, the accomplished Seeker is totally at ease on his or her broom. It is the Seeker's job to search out – and catch – the Golden Snitch, a task that is by no means easy. Some games have been known to last over six months!

That said, the Seeker often snatches victory from the jaws of defeat. A successful catch of the Snitch means one hundred and fifty points for the Seeker's team. For this reason, the Seeker is often singled out for some attention – of the rougher variety – at the hands, shoulders and bats of the opposing team's players!

The Golden Snitch Bar

The best way to win a game is to catch the Golden Snitch. Throughout any Quidditch match, your actions – passing, dodging and pulling off Special Moves – have an effect on the ‘Golden Snitch Bar’.

This is the bar at the top of the game screen, showing two halves of a Golden Snitch drawing ever closer together. When they meet, you get an opportunity to take part in the ‘Golden Snitch Chase’, taking on the role of your chosen team’s Seeker and perhaps winning 150 points!

- Whichever team has managed to gain more of the Golden Snitch Bar finds themselves in a much better position to be first to the Snitch and end the game...
- As the Golden Snitch Bar fills certain moves become available to you, see *Filling the Golden Snitch Bar* on p. 16 for more details.

Tip: Try using frequent passes and lots of Combos to fill the Golden Snitch Bar more swiftly. That way, you’ll have the upper hand when it comes to chasing down the Golden Snitch!

Seeker Power Bar

Tip: Keep a close eye on your Seeker Power Bar; you can’t use the broomstick boost if it’s empty! Follow the Golden Snitch’s trail as closely as you can to refill your Seeker Power Bar.

The Keeper

In the modern game, the Keeper almost always stays within his or her team’s ‘scoring area’, defending the goalposts from the attentions of the opposing team’s Chasers. The Keeper’s primary role is to stop the Quaffle from passing through any one of the three goalpost hoops. The more able Keepers may be adept at picking up a loose Quaffle and feeding it back to the Chasers to launch a swift and sure counter-attack. However, the real test of a Keeper is whether their nerve holds long enough to place themselves between the hoop and a rocketing Quaffle shot!

Beginning a New Game

Are you ready to begin your Quidditch career? A trip to Hogwarts will help you learn the basics of the favorite sport of witches and wizards. Before you can compete against the other Hogwarts house teams, you must complete the Challenges your teammates set for you.

When you first begin playing *Harry Potter: Quidditch World Cup*, you start at the Main Menu:

Highlight and select HOGWARTS to begin your tutorial Challenges (See *Starting Your Career at Hogwarts* on p. 14).

Select to take part in an Exhibition Match against the computer or a friend (See *Exhibition Match* on p. 21).

Press the **X** button to select the highlighted option.

Once you've won the Hogwarts Quidditch Cup, you have a chance to take part in the Quidditch World Cup (See *Quidditch World Cup* on p. 20).

Select INVENTORY to load a saved game, start a new game, view Quidditch Cards, and check out a few added extras (See *Inventory* on p. 18).

Tip: Other options might become available to more accomplished Quidditch players.

Starting Your Career at Hogwarts

1. From the Main Menu, press the D-button \hat{x} to highlight HOGWARTS and press the \otimes button to confirm your choice.
2. After a short introduction, the Team Select screen appears. Highlight your favorite house team by pressing the D-button \leftrightarrow and press the \otimes button to advance. The Challenges screen appears.

3. Press the D-button \leftrightarrow to highlight a tutorial Challenge and press the \otimes button when you are ready to begin the Challenge. Then follow your teammate's instructions and do your best!

Note: Not all the Challenges are available to start with. Some are unlocked when you become more skilled at Quidditch. Red shields are available Challenges and grey ones are locked.

4. Once you've completed the Challenge, you are given an explanation of how you've done and the option of replaying the game.
 - If you'd like another go at the same Challenge to get a better score and win more Quidditch Cards, select REPLAY.
 - If you'd like to return to the Challenges screen to choose another Challenge, select CONTINUE.

Once you've demonstrated your Quidditch skills to your teammates, you can enter the Hogwarts Quidditch Cup. But remember that you may get a thrashing if you haven't completed all the tutorial Challenges.

Tip: Excellence in Quidditch is rewarded. Trying to win a Quidditch Card or getting a new school record is well worth it! You could beat the team, house or even school record.

Hogwarts Quidditch Cup

Once you have convinced your Hogwarts teammates that you have the skills needed to take on one of the rival teams, you'll be invited to enter the Hogwarts Quidditch Cup. Plenty of practice in the Challenges will help once you go head-to-head with the best talent the other houses have to offer. The prize is more than simply beating the other houses, however. The successful team will have a chance to win a ticket to attend and watch the Quidditch World Cup!

- The Hogwarts Quidditch Cup is only available once you've been taught the basics of Quidditch in the Challenges section of the game.
- To practice some more, press the D-button ⇔ to select PRACTICE GAME or REPLAY CHALLENGES then press the ⊗ button.
- As you win matches there are some new Challenges for you to attempt.

Choose Your Opponent

Note: You may find some opponents are unavailable. That's because you haven't learnt enough about Quidditch yet. Complete the available Challenges, and then return to this area.

Note: A practice match is your chance to take on one of the other houses and tune your Quidditch skills.

During the Match

The game screen is where all the action of match day takes place. Quidditch is a fast-moving sport, so the following should help you stay up to speed with all that's happening:

Filling the Golden Snitch Bar

As you play and build up your Golden Snitch Bar, moves become available. Watch out for icons appearing underneath the Golden Snitch Bar – they tell you what is available to use. Just remember that using these empties your Golden Snitch Bar, so you'll have to recharge it before pulling off another move

- Once the two halves of the Golden Snitch join, the Golden Snitch Chase begins.

The Golden Snitch Chase

- Once you're within striking distance, press the **○** button to reach out and catch the Golden Snitch.

Tip: Stay in the center of the Golden Snitch's trail to fill up your Seeker Power Bar. Watch out too for other ways to fill your Bar.

After the Match

After the match, the Match Result screen appears, detailing the match you have just played.

- If you lost the match, why not try replaying the game? It's much more difficult to win the Hogwarts Quidditch Cup with a few early losses.
- If you want to replay, select RE-MATCH to try for a higher score.
- Select CONTINUE to advance to the League Table and then return to the Hogwarts Quidditch Cup screen to choose your next opponent or replay a Challenge.

Notes on the Hogwarts Quidditch Cup

- The team with the most points after all the house teams have played each other wins the league and can go on to support a National team in the Quidditch World Cup.
- You can replay any of the unlocked house teams at any point from the Hogwarts Quidditch Cup Screen if you want to try and better your score.
- Once you've won the Hogwarts Quidditch Cup with your favorite house team, why not try again as another team? Not only will this help you to become a real Quidditch ace, it'll also help you when you go to the Quidditch World Cup.

The Inventory

The Inventory is where you should go to check on and save your progress, adjust game options, review Special Moves and to view your Quidditch Card collection.

- Press the **□** button when you're not playing a Quidditch match to open the Inventory screen.

- See *Pause Menu* on p. 21 for details of the match day *Pause Menu*.

Quidditch Cards

Quidditch Cards are the key to experiencing everything *Harry Potter: Quidditch World Cup* has to offer. You can win these collectibles whenever you complete a Challenge and at other points in the game.

It is no surprise to those of you familiar with the Hogwarts house system that excellence in Quidditch is highly rewarded, so make sure you do your best.

Tip: If you think you could have done better at a particular task or match, you can always replay the match or Challenge.

Viewing Your Quidditch Card Collection

- Press the **□** button when you are not playing a Quidditch match to open the Inventory screen.
- In the Inventory screen, press the D-button \leftrightarrow to highlight VIEW CARDS and press the **⊗** button to go to the Quidditch Cards screen.

Quidditch Card Types

Quidditch Cards come in a number of varieties that can be won in various parts of the game:

ELECTRONIC ARTS LIMITED WARRANTY

Electronic Arts warrants to the original purchaser of this product that the recording medium on which the software program(s) are recorded (the "Recording Medium") and the documentation that is included with this product (the "Manual") are free from defects in materials and workmanship for a period of 90 days from the date of purchase. If the Recording Medium or the Manual is found to be defective within 90 days from the date of purchase, Electronic Arts agrees to replace the Recording Medium or Manual free of charge upon receipt of the Recording Medium or Manual at its service center, postage paid, with proof of purchase. This warranty is limited to the Recording Medium containing the software program and the Manual that were originally provided by Electronic Arts. This warranty shall not be applicable and shall be void if, in the judgment of Electronic Arts, the defect has arisen through abuse, mistreatment or neglect.

This limited warranty is in lieu of all other warranties, whether oral or written, express or implied, including any warranty of merchantability or fitness for a particular purpose, and no other representation of any nature shall be binding on or obligate Electronic Arts. If any such warranties are incapable of exclusion, then such warranties applicable to this product, including implied warranties of merchantability and fitness for a particular purpose, are limited to the 90-day period described above. In no event will Electronic Arts be liable for any special, incidental, or consequential damages resulting from possession, use or malfunction of this Electronic Arts product, including damage to property, and to the extent permitted by law, damages for personal injury, even if Electronic Arts has been advised of the possibility of such damages. Some states do not allow limitation as to how long an implied warranty lasts and/or exclusions or limitation of incidental or consequential damages so the above limitations and/or exclusion of liability may not apply to you. In such jurisdictions, the Electronic Arts' liability shall be limited to the fullest extent permitted by law. This warranty gives you specific rights. You may also have other rights that vary from state to state.
