⚠ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
 - Avoid large screen televisions. Use the smallest television screen available.
 - Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
 - Avoid playing when you are tired or need sleep.
-

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PLAYSTATION®2 FORMAT DISC:

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

Action and Adventure

WALK AND RUN

Use the left analog stick to help guide Indy through his environment. Press the stick lightly to make Indy walk in a desired direction. Push the stick all the way to make Indy run.

WALL HUG, LEDGES, AND SHIMMY

In some instances, the only path available to Indy is a small ledge sticking out from a wall. To help Indy cross, guide him to the edge of the wall and press the  button when the Action Icon appears then use the left analog stick.

If Indy does accidentally stumble off the edge of a ridge he will automatically grab the ledge. Press the left analog stick up to climb back onto the ledge, or left or right to shimmy along the ledge. Pressing down will cause Indy to drop, so be careful!

In some cases, when Indy drops off a cliff edge, a recovery action will need to be performed to prevent him falling to his demise. For more information on this action see Trap and Panic Moments on pg. 9.

CLIMBING UP, JUMPING DOWN, AND USING LADDERS

If a ledge can be scaled, Indy will hoist himself onto it upon approach. If the wall is too tall to easily scale, Indy will grab hold of the ledge. Press up on the left analog stick to finish scaling the wall. Similarly, if Indy approaches a small drop he will jump down. If the drop is larger, he will grab the ledge. Press down to drop.

SHOULDER BASH

Some doors and rickety walls can be knocked down if Indy puts a little effort into it. If a door or wall can be forced it will be marked by an Action Icon. Approach the Icon then tap the  button when prompted.

PICKING UP OBJECTS

Indy can pick up several objects within his environment. Objects that can be picked up are marked by an Action Icon. The Action Icon will appear as a small red circle if you are too far away to use the item. When in range the action icon will change to display the type of action that you can perform with the object. Tap the  button to pick up the object at this time. The icons appear red until you are in range to use it. To put the object down, tap the  button again. Indy can also throw the object right away by pressing the  button.

USING TORCHES

When exploring darker areas Indy will often need a torch to help light the way. Torches are marked by an Action Icon. Approach the unlit torch and tap the  button. Tap the  button to drop the torch.

Once the torch is lit, it will act like any object Indy can pick up. Additionally, the torch can burn spider webs, bug nests, and bugs.

PUSH AND PULL OBJECTS

There are many large objects that Indy can push and pull to help clear his path. To push or pull an object, first approach it. When prompted, press and hold the  button. Use the left analog stick to move the object then release the  button to let go.

USING YOUR WHIP

An adventurer's greatest asset is often a Bull Whip. Indy can use his to overcome many challenging obstacles, from swinging over ravines to scaling walls.

To swing over a large gap, approach the ledge. When prompted, press the  button. Indy will use his whip to grab onto the item and swing across.

To use Indy's whip to climb a wall, first approach the wall. When prompted, press the  button. Indy will swing his whip and attach it to the beam. Push up or down on the left analog stick to climb up and down. If there is a weak point in the wall along the way, Indy can perform a Whip Bash to brake through. To perform the bash, press the  button.

Indy can also use his whip to grab items that are out of his reach. To do so, first approach the item. When prompted, press the  button. Indy will use his whip to grab the object and pull it to himself.

TRAP AND PANIC MOMENTS

If Indy steps into a trap, you will be prompted to quickly react. Tap the indicated buttons to dive out of the way. Be careful because this button will change depending on the situation!

If the ground falls out from under Indy's feet or if he finds himself running from a deadly trap, a bar will appear at the bottom of the screen and you will need to rapidly tap the correct button sequence to prevent Indy's demise.

Fists and Whips

PUNCHING

Indy is no stranger to a brawl and knows how to use his fists. Indy can string together devastating bare-knuckle combos. Tap the **X** button to throw a variety of swings and punches.

GRAPPLING

Press the **R1** button to grapple the enemy in front of Indy. Once grappled, use the left analog stick to move around with the enemy. While in the grapple stance, Indy can use grapple attacks, release, throw, or perform an environmental based contextual attack.

Grapple Attack:

Perform any punch by pressing the **X** button. As long as the enemy is held the punch will land.

Release:

Tap the **R1** button a second time to release your enemy from the grapple.

Throw:

Contextual Attack:

All contextual attacks are identified by Action Icons. To perform a contextual attack, walk your enemy to an Action Icon and press the **□** button when prompted. Indy will perform a spectacular finishing move.

USING YOUR WHIP

Indy can also make use of his whip when forced into a fight to disarm an enemy, ensnare an enemy, or use the environment against his opponents with a whip Hotset.

Whip Disarm:

Press the **R2** button to disarm an enemy.

Whip Ensnare:

Press the **R2** button to ensnare an enemy and then move the left analog stick down to pull him towards Indy. Indy will perform a cool finishing move on the ensnared enemy.

Whip Hotset:

Often the environment will provide helpful ways to take out enemies, such as precariously placed statues or faulty awnings. Hotsets are identified with Action Icons. To set off a Hotset, approach the Action Icon and, when prompted, press the **□** button.

Note: Not all enemies can be ensnared by the whip so you must find another way to take them out.

DODGE

To dodge an attack press the **○** button. If you are successful in dodging a punch, Indy will spring up and counter the attack.

USING OBJECTS

Once Indy has picked up an object, he can use it to give his attacks a bit more bite. Attack as normal while holding objects to do extra damage. Most objects will break after a few uses. Sometimes these broken pieces can be picked up and used as weapons as well. Indy can throw objects at opponents by pressing the **□** button. Indy can also perform quick throws by pressing **□** while close to an object.

GUNPLAY

When Indy is forced to draw his gun he will enter cover and wait for the perfect shot. While in Gunplay mode use the right analog stick to aim the reticule onscreen. When you are ready to shoot, use the left analog stick to exit cover and the **R1** button to fire. When Indy is out of bullets, the **L1** button to reload.

Fortune

Collect Fortune throughout your adventures to unlock additional content in the Extras menu.

Hidden throughout the game are collectable items known as Fortune artifacts that appear as Indy's hat. Guide Indy over the artifact to collect it. Each artifact represents a historical item from your current region's past. You can examine all collected Fortune artifacts in your Journal.

Save and Load

Indiana Jones and the Staff of Kings uses an autosave feature to save your progress as you pass from Checkpoint to Checkpoint and at the end of each Chapter. While the saving icon is visible, the game is saving. During saving process do not turn off the power or reset your system. Make sure the memory card has at least 100KB of open space or you cannot save.

Profile Management

Indiana Jones and the Staff of Kings can support up to three separate game profiles, which are displayed in the Passport menu. Each time you turn on your game you will be asked which profile you would like to continue before entering Indy's Office.

From within the Passport menu you can continue a game by pressing the  button over the profile you would like to play. You can also delete a profile by selecting the profile and pressing .

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS DEPENDING ON THE LAWS IN YOUR STATE.

This Agreement is governed in all respects by the laws of the State of California as such laws are applied to agreements entered into and to be performed entirely within California between California residents, and you hereby consent to personal jurisdiction in California. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. You and LucasArts each agree that any claim or controversy arising out of this Agreement or the Software shall be settled by expedited binding arbitration in accordance with the rules of the American Arbitration Association. Such arbitration shall take place in Marin County, California, and you waive any claim that such forum is inconvenient. Any such claim or controversy shall be arbitrated solely on an individual basis and shall not be consolidated with a claim of any other party. The arbitrator may not change the terms of this Agreement. The arbitrator may award injunctive or other equitable relief to enforce the terms hereof; provided, however, that no injunctive or equitable relief may be awarded that would enjoin or impair LucasArts' rights or ability to distribute or otherwise market, advertise, promote or exploit the Software. If it is judicially determined that any claim or controversy arising out of or related to this Agreement or the Software cannot be settled by expedited binding arbitration as noted above, then you agree that any such claims or controversies shall be brought and maintained in the state courts located within the County of Marin, State of California or the federal courts of the Northern District of California, and you waive any claim that either such forum is inconvenient. The foregoing shall not preclude LucasArts from seeking any injunctive or other relief for protection of LucasArts' intellectual property rights or similar rights in any court of competent jurisdiction. Because LucasArts would be irreparably damaged if the terms of this Agreement were not specifically enforced, you agree that LucasArts shall be entitled, without bond, other security or proof of damages, to appropriate equitable remedies with respect to breaches of this Agreement, in addition to such other remedies as LucasArts may otherwise have under applicable laws. The prevailing party in any action to enforce this Agreement shall be entitled to recover costs and expenses including, without limitation, reasonable attorney's fees. LucasArts shall have the right, but not the obligation, to defend or settle, at its option, any action or proceeding arising from a claim that your permitted use of the Software infringes or misappropriates any patent, copyright, or other ownership of a third party. You agree to provide LucasArts with written notice of any such claim within ten (10) business days of your first knowledge thereof and to provide reasonable assistance in the defense of such claim. LucasArts shall have sole discretion and control over the defense or settlement of such claim, unless it declines to defend or settle such claim, in which case you are free to pursue such course of action as you reasonably determine. LucasArts is under no obligation hereunder to indemnify or hold you harmless with respect to any actions, proceedings or claims. In the event of such a claim, or if LucasArts believes such a claim is likely, LucasArts may: (i) procure for you the right to continue using the Software; (ii) modify the Software so that it becomes non-infringing; or, (iii) terminate this Agreement. You agree to comply with any court judgment or other conditions imposed on you or LucasArts as a result of an allegation of patent or copyright infringement (whether by court order, agreement or otherwise), whether or not such judgment or conditions contradict the conditions of this Agreement, including without limitation, ceasing use of the Software.

If any provision of this Agreement is held to be invalid or unenforceable, such provision shall be struck and the validity and enforceability of the remainder of this Agreement shall in no way be affected or impaired thereby and such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable. LucasArts' failure to act with respect to a breach by you or others does not waive LucasArts' right to act with respect to subsequent or similar breaches, nor will any single or partial exercise of any right hereunder preclude further exercise of any other right hereunder. This Agreement sets forth the entire understanding and agreement between you and LucasArts with respect to the subject matter hereof. Except as provided herein, this Agreement may not be amended except in a writing signed by both parties; provided, however, that LucasArts has the right, without notice and/or without a writing signed by both parties, to amend this Agreement in connection with any modifications or updates to the Software.

The license term shall commence as of the date you install or otherwise use the Software. You may terminate this license by disposing of the Software. Without prejudice to any other rights of LucasArts, this Agreement will terminate automatically if you fail to comply with its terms and conditions. In such event, you must destroy all copies of the Software and all its component parts. Your disposal or destruction of the Software and any component parts must be done in accordance with applicable law. Except for the license granted herein and as expressly provided herein, the terms of this Agreement will survive termination.

If the Software is acquired under agreement with the U.S. government or any agency or instrumentality thereof or contractor therewith, it is acquired as "commercial computer software" subject to the provisions hereof, as specified in 48 CFR 12.212 of the FAR and, if acquired for Department of Defense (DoD) units, 48 CFR 227-7202 of the DoD FAR Supplement, or sections succeeding thereto.
