

Need for Speed™

INSTRUCTION MANUAL

WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

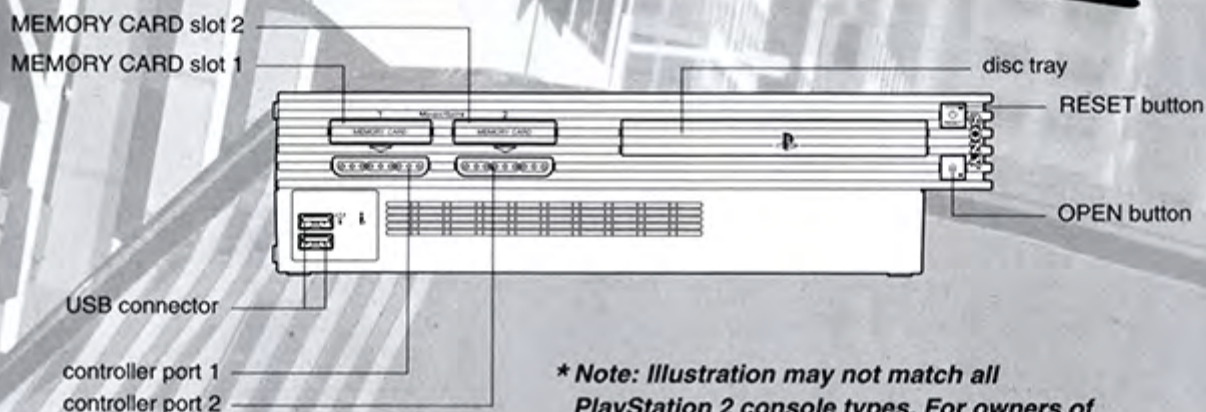

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

** Note: Illustration may not match all PlayStation 2 console types. For owners of SCPH-70000 series PlayStation 2 systems, refer to the setup instructions supplied with your system.*

Set up your PlayStation®2 computer entertainment system according to the directions in its instruction manual. Make sure the MAIN POWER switch (located in the back of the console) is turned on. Press the RESET button. When the power indicator light comes on, press the open button and the disc tray will open. Place the JUICED™ disc on the disc tray with the label side facing up. Press the open button again and the disc tray will close. Attach game controllers and other peripherals, as appropriate. Follow on-screen instructions and refer to this manual for information on using the software.

MEMORY CARD (8MB)(FOR PLAYSTATION®2)

JUICED™ only supports MEMORY CARD slot 1. To save game settings and progress, insert a memory card (8MB)(for PlayStation®2)(sold separately) into MEMORY CARD Slot 1. It is advised that you do not insert or remove accessories or memory cards (8MB)(for PlayStation®2) once the power is turned on unless instructed to. Make sure there is sufficient space on your memory card (8MB)(for PlayStation®2) before commencing play. JUICED™ supports manual save and load of game data from the Options Menu.

ONLINE PLAY

JUICED™ can be played with up to six players online. To play online, you must have a network adaptor (Ethernet/modem)(for PlayStation®2) installed on your PlayStation®2 console and a broadband Internet connection. Install your network adaptor (Ethernet)(for PlayStation®2) according to the instructions in its manual. A memory card (8MB)(for PlayStation®2) with a valid network configuration must be inserted into MEMORY CARD slot 1 (only supports slot 1) before starting up JUICED™ to use the online function.

MENU NAVIGATION

- × button Accept/Advance
- △ button Cancel/Back
- button Help

DEFAULT CONTROLS

Default (Option 1) settings are used throughout this manual. To change controls, go to Controls under the Options menu and choose among the three preset controller setup options.

CONTROLLING YOUR CAR

X BUTTON: THROTTLE

Also known as the gas pedal or accelerator. Generally, you want to run as fast as possible on straight roads, ease the throttle going into turns and apply it coming out of them.

□ BUTTON: BRAKE

While JUICED™ is a lot about speed, it's even more about winning, and you can't win running flat out. If your transmission is set to Automatic, braking is the standard way of slowing down. If your car is equipped with a manual transmission, combining downshifting and braking gives you an extra measure of control.

△ BUTTON: REVERSE

Unlike the many forward gears, you have only one reverse gear.

○ BUTTON: HANDBRAKE

Also known as the emergency brake. Applying the handbrake can literally bring things to a screeching halt, and will often cause your tires to lockup. This can lead to dangerously unstable handling conditions or can be just what you want.

R1 BUTTON: NITROUS

Cars equipped with a NITROUS oxide package enjoy a speed boost when NITROUS is used, giving you the extra pep to pass, etc. Your NITROUS supply is limited, so use it wisely.

R2 BUTTON: GEAR UP

If you have Manual selected for your transmission type, you will need to change gears manually. JUICED™ cars typically have four or five speed transmissions. When the engine is whining and the tachometer is in the red, it's time to shift up a gear.

L2 BUTTON: GEAR DOWN

Press the **L2** button to shift down a gear. This is often used to reduce speed around corners.

SELECT BUTTON: CHANGE VIEW

There are different camera views available to you while racing. Depending on the situation, you may prefer a following camera, a close camera or another setting. Pressing the **SELECT** button will toggle through the available camera views.

L1 BUTTON: REAR VIEW

Press the **L1** button to view the action behind you.

IN-GAME-DISPLAY

The game display differs slightly depending on the type of race.

- LAP COUNTER** displays your Current Lap/Total Laps in the race.
- LAP TIMES** displays Current, Best and Record/World lap times.
- RACE POSITION** displays current race position and number of cars in the race.
- TRACK MAP** when turned on, displays a map of the current track.
- TACHOMETER** shows your RPM (engine revolutions per minute).
- CURRENT GEAR** shows what gear you are in. Very important in sprint races!
- SPEEDOMETER** indicates speed given in M.P.H. or K.P.H. (see option settings).
- RESPECT METER** Shows total amount of the respect gained or lost during a race.
- DRIVER AIDS** give visual cues that help to anticipate corners and braking points.
- DRIVER AIDS FOR ADVERSARIES** where triangles indicate the location and proximity of adversaries to your rear. They take on the color of the adversary cars, and as the distance increases, the triangles fade.

PAUSING PLAY

To pause the action, press the  button. When paused, you have these options:

CONTINUE Resume play where you paused.

RESTART Begin the race again (progress will be lost).

OPTIONS Access Audio and Game options.

ABANDON RACE Quit current race and return to Main Menu.

SAVING AND LOADING

To create a new JUICED profile, press the START button after the game has loaded. You will now be able to create a new profile, or select and load a saved profile.

The game will automatically save your progress before and after each event.

FOUR GAMES IN ONE

JUICED™ is a big game with four different modes to suit your mood and gaming preferences. In ARCADE mode, you'll have instant access to a wide range of highly tuned automobiles right out of the box. CUSTOM mode lets you set up events with unlocked cars and tracks from the Arcade mode. In CAREER mode, you get to choose and build your own cars, then race to earn respect and become the top street racer in Angel City. JUICED™ is fully ON-LINE compatible, and gives you the possibility to take your own creations into the on-line arena with up to five other players.

MAIN EVENT TYPES

CIRCUIT RACING varies widely from small street circuits in residential areas, to professional, out-of-town racetracks. Every area of the city has eight circuits, each with their own distinctive environments.

POINT-TO-POINT racing involves getting from A to B in the fastest way possible.

SPRINT RACES pit you against up to 3 opponents in a short drag race.

SHOW OFFS let you wow the crowd with amazing tricks and maneuvers. It requires advanced driving techniques, which will also come in handy to outwit your opponents and to get the best times in other races. The SHOW OFF tutorial video can be found under EXTRAS in the MAIN MENU.

ARCADE MODE

7

JUICED™ ARCADE lets you experience all cars and tracks through a championship structure.

CUSTOM RACE

JUICED™ CUSTOM RACE gives you access to the cars and tracks that you have unlocked in ARCADE. It lets you set up races the way you want.

This is the central game mode for JUICED™ and enters you into a non-linear environment where you must not only hone your driving skills, but also develop your own strategies for winning.

RESPECT

In Angel City there are eight rival racing crews. Each crew has a level of respect for you that can range from zero upwards. This respect level changes depending on your performance within the game. Each crew will respect you for something different.

Each Crew has three specific challenges to complete, and to complete the game you must gain everyone's maximum respect and successfully complete all the challenges.

PRIVILEGES

Each crew will award you different privileges depending on the respect they have for you.

100+ ATTEND:

The right to attend events hosted by this crew but NOT race. You can bet on races when you attend.

300+ RACE:

You have the right to attend and race.

600+ PINK SLIP:

You may set-up a pink slip challenge with the crew leaders.

1000+ HOST:

You now have the right to host your own events on this crew's turf.

DISTRESS SYSTEM

JUICED™ is all about driving with skill and avoiding damage at all costs. If you damage your car, you must repair it at a cost. You will lose respect for damaging other drivers' cars. JUICED™ features the DIStress© system, or Driver Induced Stress system, which simulates drivers who make mistakes according to their skill levels and degree of calm. If an exclamation mark appears over an opponent's car when you are tailgating them, get ready for them to make a mistake. Sometimes he will, but not always. This allows you to play tactically. Pressing the directional buttons during a race highlights the drivers' names and stress levels. When the indicators flash, trouble is never far away.

The exclamation mark shows that a driver is stressed and might make a mistake.

CREW RACING

Other drivers may send a text message to your MOBILE PHONE asking to join your Crew. If you hire them, they will need a suitable car for racing. To compete in a crew race you must have at least two cars in the same class and enough drivers to enter. During the event set up, you are able to select the cars to take, the drivers you want and eventually decide who drives which car. When building a team, it is a good idea to enter your drivers into a race and not yourself. By controlling them from the sidelines, you are able to study their skills and see how well suited they are to the car you have built for them. Experimenting with different combinations of driver and car may yield very different results.

The crew to get all their drivers across the finish line first will win the race.

CREW CONTROLS

When crew racing, you can tactically control your crew members' aggression during a race. Use the following controls to switch between high, medium and low aggression of each driver.

DRIVER 1 COMMAND CONTROLS

Press the **↑** and **↓** directional buttons, or press the left analog stick up and down.

DRIVER 2 COMMAND CONTROLS

Press the ← and → directional buttons, or press the left analog stick left and right.

DRIVER 3 COMMAND CONTROLS

Press the **L2** and **R2** buttons.

HIGH AGGRESSION - the driver will race flat out with maximum aggression but at high speed they may become stressed quickly, and make more mistakes.

MEDIUM AGGRESSION - the driver will try to hold position. This is ideal if you have a second driver ahead and wish to put a defensive buffer in place to protect that lead position. The driver will also calm down if they have become stressed.

LOW AGGRESSION - the driver will back off and drop back through the pack. However, if they were stressed then they should recover quickly.

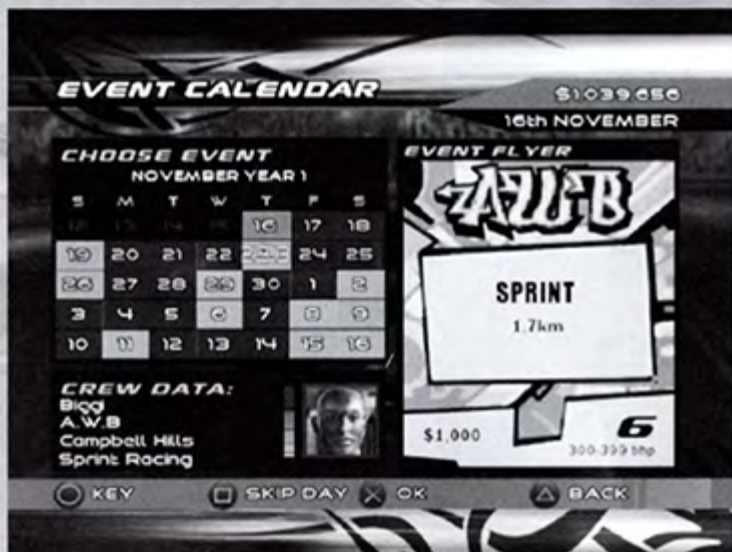

It takes practice to perfect a Crew racing strategy. Your strategy will also vary with the number of Crew members you are racing and whether or not you are entered in the race too. As your Crew gains experience, you will notice that they can drive for longer periods on high aggression before they become stressed, and recover far more quickly after they have become stressed.

CAREER MAIN MENU

GO RACE

Find out about the many Street Racing events in Angel City by checking the **EVENT CALENDAR**. There is no obligation for you and your Crew to participate in every listed event. However, the neighborhoods you visit and the events you race in all impact the different respect factors of the various crews.

EVENTS CALENDAR

Here you can pick an event, check out the event flyer, and the crew hosting the event.

There are 3 different types of events displayed in the **EVENT CALENDAR**. Events are added as your Respect improves, your cash reserves increase or your car collection expands. You do not have to enter every event on the calendar. Events are color-coded:

BLUE - Shows the current day on the calendar.

GREEN - An event at which you can race.

YELLOW - An event that you may attend or bet on, but cannot enter. Attend these events to raise cash or see cars in action from a class you do not yet own.

RED - Events you can't attend due to insufficient cash or Respect.

A flyer will be displayed for each event on the calendar. The flyer contains all the information about the event; Location, Race Type, Car Class, Distance, etc.

HOSTING EVENTS - You may host your own event on any empty day on the calendar. Press the **X** button on the empty day and create your own custom event. You may host an event in your home location 'Super-speedway' or in any crew's location for which you have host privileges.

SPONSORED EVENTS - Elite manufacturer-sponsored events featuring longer circuit races and high-value prizes including valuable 'prototype' mods for successful Crews.

SPECIAL EVENTS - Some events have entry criteria such as car territory, car manufacturer and even prototype car-only events.

PINK SLIP - The ultimate race experience where you go head-to-head with a rival Crew Leader; the winner walks away with the loser's car.

CREW RACES - To enter these, you will need to recruit a crew and provide them with a suitable car to participate in crew races. You can recruit up to three street racers to join your Crew. The winner is the Crew who gets all of their cars across the line first.

ADVICE

Don't know what to do next? Use the advice system! This system will analyze your status and suggest the best thing for you to progress further in the game. Of course you don't have to follow the advice.

WORKSHOP

Here you are able to view all the cars you own, ranked by their power (BHP) rating. You will need to own several cars to allow you to race the right car at each event.

Enter the WORKSHOP and choose the car you wish to modify from the list. Then select CUSTOMIZE to modify it. Car performance mods are categorized as 'Level 1', 'Level 2', 'Level 3' and 'Prototype'. Performance mods are unlocked in order by entering and winning races. 'Prototype' mods can only be unlocked by winning Sponsored events. There are three areas of modification: Performance, Appearance and Paint Jobs.

REPAIR/MAINTAIN

During events, tires and brakes wear out and Nitrous becomes depleted. They can be replaced in the WORKSHOP for a fee. If the bodywork is damaged, it can be repaired here after an event. This command is only visible if it is necessary, and other menu choices will be inaccessible until the necessary work has been paid for.

CAR SPEC

View a breakdown of your car's modifications. This screen will also highlight any available upgrades.

CUSTOMIZE - PERFORMANCE

Performance tuning allows you to enhance the performance and handling of your car. Be aware that you can enhance the performance of a car to such an extent that it crosses from the top of one class into the bottom of the next. You can use the Engine Management System to reduce performance back to within lower class limits.

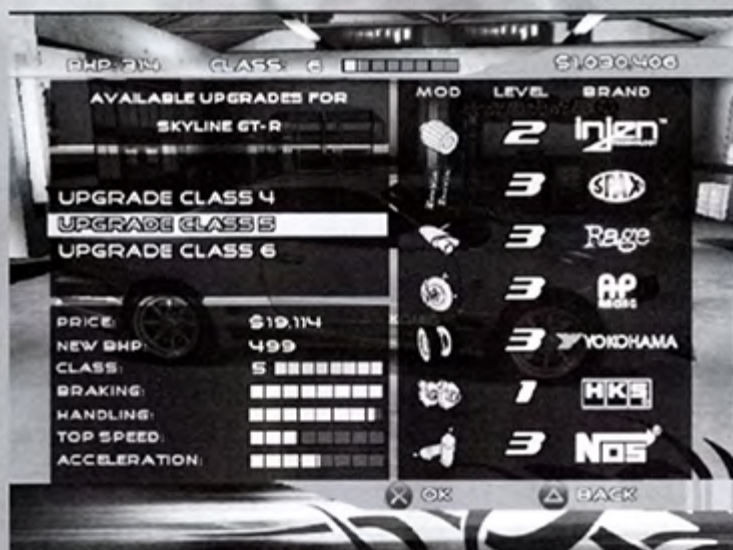

CUSTOMIZE - BODY STYLING

You won't get far on the Street Racing circuit if you don't learn how to modify the appearance of your car. Car modding is an art form, and all the tools you will need are available in the WORKSHOP.

PAINT SHOP

Create complex paintwork schemes using a combination of Base, Metallic and Pearlescent colors. To recreate a color scheme, take a note of the (X.Y) REF numbers.

THE TUNING SHOP

For a quick way to tune your car, choose the Tuning Shop.

You may choose to modify individual components, or select the Tuning Shop, which lets you place a pre-selected range of parts on your vehicle. These packs also make clear what class the car will be after modification. Pay attention to whether your car will be near the bottom or top of a class.

DYNAMOMETER

Use the dynamometer to measure the performance improvements.

The Dynamometer visualizes the difference that your engine modifications make to the car's performance. When you buy a car, check it out on the dynamometer, make modifications and test it again.

TEST DRIVE

When you modify power and handling you should get familiar with your car's new capabilities by taking a test drive before you enter any events. Be careful not to damage the car, as all repairs must be paid for.

CREW CAR SCHEME

Here you store or apply a visual scheme to your car. If you want all your cars to have a similar appearance, use this option.

SELL CAR

Select this option to sell this car. Note you can have a maximum of 55 cars in your collection.

MOBILE PHONE

Once you have made a bet with a crew leader, you'll get calls from him.

Build a list of contacts in your MOBILE PHONE by betting with rival leaders, then call them to take a challenge or set up a Pink Slip race. Each crew has its own three favorite challenges, all of which require specific cars. To gain 100% completion you will need to complete all the challenges. Check your progress in the Respect Status screen: as each challenge is completed, the X mark below the relevant respect bar will turn into a check mark.

SPLIT SCREEN

Create a Custom split screen game for two players using any of the cars, tracks and routes in Angel City that have been unlocked in Arcade Mode.

LAN

Link up to 6 consoles together and create a CUSTOM game using any of the cars, tracks and routes in Angel City. LAN play does not support PlayStation®2 iLink connectivity.

ONLINE

Go online to experience the best of Angel City's street racing scene. Compete for fun with online CUSTOM racing or take your CAREER, Crew and car collection onto the streets for the ultimate online experience. Note: You must have a network adaptor (Ethernet/modem)(for PlayStation®2)(sold separately) installed to access online functions.

SETUP

Use the Network Access Disc to set up your PlayStation®2 for broadband play or ensure you have the connection details from your ISP and use the Create/Edit Config in the Online section of JUICED™.

GAMESPY

You will need a GameSpy Profile to play JUICED™ online. JUICED™ uses GameSpy (www.gamespy.com) for online PlayStation®2 matchmaking. Before creating a new or using an existing GameSpy Profile, you must accept the GameSpy End User Licensing Agreement (EULA) to proceed.

CREATING A GAMESPY PROFILE

When creating a new GameSpy Profile, you will be required to provide:

NICKNAME (up to twenty characters long)

E-MAIL ADDRESS (up to fifty characters in length).

PASSWORD (which must be verified)

For more details about GameSpy Profiles, visit www.gamespy.com. Once your new Profile is created, accept **USE EXISTING PROFILE** to login to Gamespy.

NOTE: If you have already played another online game, the PlayStation®2 will already be setup for online play. Use your existing configuration Profile when using Create/Edit Config.

ONLINE GAMES

QUICK JOIN

Find and join a CUSTOM or CAREER game based upon the options you select. Select SUBMIT when you have found a game that matches your selection. If a match cannot be found, you can create a new game using your chosen criteria.

SEARCH

Display a list of active CUSTOM or CAREER games based upon the options you select.

CREATE

Create a new CUSTOM or CAREER game based upon the options you select.

FRIENDS

View the online status of your Friends.

SCOREBOARD

Access online SCOREBOARDS displaying:

WORLD RANKING - Your JUICED™ global ranking.

TOP LAP TIMES - The best lap times for each track and route.

TOP SHOWOFF SCORES - The best Showoff scores for each track.

PINK SLIPS - Wins, losses and accumulated cash winnings.

ONLINE CUSTOM AND CAREER GAME OPTIONS

CUSTOM OPTIONS

CUSTOM games can be created using any of the cars, tracks and routes in Angel City. The configurable settings for CUSTOM games are:

ACCESS

Public or Private Performance Group. Any or a specific car type.

MODS ALLOWED

Whether modified cars are allowed.

COLLISION

Choose whether collision is allowed. Disable Collision if you are experiencing network lag.

CAREER OPTIONS

In the Online CAREER game you may use your offline CAREER crew and car COLLECTION. Note that you must have already created an offline Career before taking it online. Also, before entering any Pink Slip challenges, be aware that any changes to your car COLLECTION that occur while online will appear in your offline car.

COLLECTION

The configurable settings for CAREER games are:

ACCESS

Private or Public game.

TEAM RACE

Race Solo or take your CREW online and enter team-based races.

UPPER CAR CLASS

Limit the upper range of car classes that can be entered into races.

LOWER CAR CLASS

Limit the lower range of car classes that can be entered into races.

CAR CRITERIA TYPE

Limit the criteria by which cars are limited in races: None, by Territory or by Make.

CAR CRITERIA

The criteria limiting the car entry: Territory - Any, Japan, USA, Europe. Make - Any, Chevrolet, Dodge, Fiat, Ford, Holden, Honda, Mazda, Mitsubishi, Nissan, Peugeot, Pontiac, Renault, Subaru, Toyota, Vauxhall, Volkswagen.

PINK SLIP EVENT

Before entering any Pink Slip challenges, be aware that any changes to your car COLLECTION that occur while online will appear in your offline car COLLECTION.

COLLISION

Choose whether collision is allowed. Disable Collision if you are experiencing network lag.

To play Online with Juiced™, you'll need to have Your Network Configuration file saved on your memory card (8MB)(for PlayStation®2). You can use the Network Adaptor Start-Up Disc that came with your network adaptor (Ethernet/modem)(for PlayStation®2) to create a network configuration. If you are experiencing trouble with the Juiced™ online feature and are using an Internet sharing device (e.g. broadband router or firewall) you may need to forward UDP port 3658 to the IP address assigned to your PlayStation®2 computer entertainment system. (Note: Users using DHCP must ensure that their PlayStation®2 console is always assigned the IP address specified in the PORT FORWARDING setup; under these circumstances you may need to change your PlayStation®2 from "Auto Detect (DHCP)" to a "Static IP" address using the Network Configuration GUI or Network Adaptor Start-Up Disc to ensure that forwarded data always gets to your PlayStation®2 console.)

If you are still having trouble connecting to other players, try bypassing the router or firewall by connecting your PlayStation®2 console directly to your DSL modem, cable modem, or other broadband device.

This Software uses "DNAS" (Dynamic Network Authentication System), a proprietary authentication system created by Sony Computer Entertainment Inc. ("SCEI") "DNAS" retrieves information about a user's hardware and software for authentication, copy protection, account blocking, system, rules, or game management and other purposes. In the unlikely event of a problem with your product ("Product"), you may only need simple instructions to correct the problem. Please contact the THQ Inc. ("THQ") Customer Service Department at (818) 880-0456 or on the web at <http://www.thq.com> before returning the Product to a retailer. Live Customer Service Representatives are available to help you Monday through Friday 9am to 5pm PST or you can use our automated systems by phone or on the web 24 hours a day, 7 days a week. Please do not send any Product to THQ without contacting us first. Your 5 digit Product Code is 46065. Please use this code to identify your Product when contacting us.

Limited Warranty

THQ warrants to the best of THQ's ability to the original consumer purchaser of the Product that the medium on which the Product is recorded shall be free from defects in materials and workmanship for a period of ninety (90) days from the original date of purchase. The Product is sold "as is," without express or implied warranty of any kind, and THQ is not responsible for any losses or damages of any kind resulting from use of this Product. If a defect occurs during this ninety (90) day warranty period, THQ will either repair or replace, at THQ's option, the Product free of charge. In the event that the Product is no longer available, THQ may, in its sole discretion, replace the Product with a Product of comparable value. The original purchaser is entitled to this warranty only if the date of purchase is registered at point of sale or the consumer can demonstrate, to THQ's satisfaction, that the product was purchased within the last ninety (90) days.

To receive warranty service:

Notify the THQ Customer Service Department of the problem requiring warranty service by calling (818) 880-0456 or on the web at <http://www.thq.com>. If the THQ service technician is unable to solve the problem by phone or on the web via e-mail, he will authorize you to return the Product, at your risk of damage, freight and insurance prepaid by you, together with your dated sales slip or similar proof-of-purchase within the ninety (90) day warranty period to:

THQ Inc.
Customer Service Department
27001 Agoura Road, Suite 270
Calabasas Hills, CA 91301

THQ is not responsible for unauthorized returns of Product and reserves the right to send such unauthorized returns back to customers.

This warranty shall not be applicable and shall be void if: (a) the defect in the Product has arisen through abuse, unreasonable use, mistreatment or neglect; (b) the Product is used with products not sold or licensed by Sony Computer Entertainment America or THQ (including but not limited to, non-licensed game enhancement and copier devices, adapters and power supplies); (c) the Product is used for commercial purposes (including rental); (d) the Product is modified or tampered with; (e) the Product's serial number has been altered, defaced or removed.

Repairs after Expiration of Warranty

After the ninety (90) day warranty period, defective Product may be replaced in the United States and Canada for US\$25.00. The original purchaser is entitled to the replacement of defective Product for a fee, only if proof of purchase is provided to THQ. Make checks payable to THQ Inc. and return the product along with the original proof of purchase to the address listed above.

Warranty Limitations

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS. NO OTHER WARRANTIES OR REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE THQ. ANY APPLICABLE IMPLIED WARRANTIES OR REPRESENTATIONS, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE HEREBY LIMITED TO NINETY (90) DAYS FROM THE DATE OF PURCHASE AND ARE SUBJECT TO THE CONDITIONS SET FORTH HEREIN. IN NO EVENT SHALL THQ BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES.

The provisions of this warranty are valid in the United States only. Some states do not allow limitations on how long an implied warranty lasts or exclusion of consequential or incidental damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which may vary, from state to state.

Warning

Copying of this Product or any of its contents or elements is illegal and is prohibited by United States and international copyright laws. Back-up or archival copies of this Product or any of its contents or elements are not authorized and are not necessary to protect your Product. United States and international copyright laws also protect this manual and other printed matter accompanying this Product. Violators will be prosecuted.
