WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – **IMMEDIATELY** discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

One big pow of gratitude for your purchase of SNK NEOGEO USA CONSUMER CORPORATION's **THE KING OF FIGHTERS 2000 & THE KING OF FIGHTERS 2001** for the PlayStation®2 computer entertainment system. We recommend that you carefully read through this instruction booklet before beginning the game to learn how to enjoy this game experience, and get the most bam for your buck!

GETTING STARTED

Set up your PlayStation®2 computer entertainment system according to the instructions in its Instruction Manual. Make sure the MAIN POWER switch (located on the back of the console) is turned ON. Press the RESET button. When the power indicator lights up, press the OPEN button and the disc tray will open. Place the **THE KING OF FIGHTERS 2000 & THE KING OF FIGHTERS 2001** disc on the disc tray with the label side facing up. Press the OPEN button again and the disc tray will close. Attach game controllers and other peripherals, as appropriate. Follow on-screen instructions and refer to this manual for information on using the software.

- This game is designed for use with the separately sold memory card (8MB)(for PlayStation®2). Do not turn the console off or remove the memory card (8MB)(for PlayStation®2) while saving game data.

This game is for 1 to 2 players and is designed for use with the controllers and analog controllers. When playing the game, insert the controller you plan to use into controller port 1 of the PlayStation 2 system. For two-player game play, insert another controller into controller port 2.

- All commands in this manual are described for use with the DUALSHOCK®2 analog controller. Further, this game is designed for use only with the vibration function of the DUALSHOCK 2 analog controller and not with the analog mode.
- When using other controllers, all moves are the same as those of the DUALSHOCK 2 analog controller.

STARTING UP

DUALSHOCK®2 ANALOG CONTROLLER CONFIGURATION

- To reset the game during game play, press the START and SELECT buttons simultaneously.
- The controller will vibrate regardless of the LED Display light on the DUALSHOCK 2 analog controller being on or off. The vibration function can be switched on or off using the CONTROLLER CONFIG. menu in the OPTION MODE (p. 7).
- All commands listed above describe initial settings, and the settings for each button can be altered using the CONTROLLER CONFIG. menu in the OPTION MODE (p. 7).

KOF 2000 - BEGINNING THE GAME

Selecting Modes

Press the directional button **▲** or **▼** to select a mode from those displayed and press the **⊗** button to confirm your selection.

TEAM PLAY

A mode for team battles against the computer. (No continue limits/burst-in play possible)

TEAM VS.

A mode for two-player team battle competitions. The Player 1 side competes against the Player 2 side.

SINGLE PLAY

A mode for single-player battles against the computer. (No continue limits/burst-in play possible)

SINGLE VS.

A mode for single-player battles against another player. The Player 1 side competes against the Player 2 side.

PRACTICE

A mode for practicing basic commands, special moves, etc. (p.6)

PARTY MODE

A mode against computer opponents with limited life energy (p.8).

MEMORY

A mode that lets you see the opening movies from previous KOF games (p.8).

OPTION

A mode that allows you to change various game settings (p.7).

Selecting Members

Select 4 characters to use when playing team battles and 2 characters to use in single battles. Select each player one at a time with the directional buttons and press the **⊗** button to confirm selections. When you match the cursor to the question mark "?" on the Member Select screen and press the **⊗** button, you can use the roulette display to select a character at random.

Selecting Teammate Order

Determine your teammates and Striker character. First, select the first character to appear with the directional buttons. Then, continue in order until you select the third character. Press the **⊗** button each time to confirm selections. The fourth player automatically becomes the Striker character, so select normal characters and the Striker character by pressing the directional button **◀** or **▶**, and press the **⊗** button to confirm (certain characters allow the selection of a "Maniac Striker"). Select the order of characters in the same way for Single Battles. You can also change the order of appearance for each match.

COMMANDS DURING GAME PLAY

BASIC COMMANDS

Move	▶ (forward) or ◀ (backward)
Jump	⬆ or ⬇ or ⬅
Crouch	⬇ or ⬅ or ⬆
Guard	Against an attack, ◀ (upper guard) or ▶ (lower guard)
Punch	□ (Light) or △ (Strong)
Kick	⊗ (Light) or ⊙ (Strong)
Striker Summons	R1 (Uses up 1 Striker Bomb)
Provocation	L1

SPECIAL COMMANDS

Forward Dash	➡ ➡ quickly (depress button after second entry)
Backstep	⬅ ⬅ quickly
Emergency Evasion	➡ or ⬅ + □ × simultaneously (Guard Cancel is enabled with the use of 1 Power Gauge).
Knock Back Attack	△ ○ pressed simultaneously (Guard Cancel is enabled with the use of 1 Power Gauge).
Fallbreaker	Press the □ button and the × button simultaneously before being knocked down.
Toss Escape	When caught in a normal body toss, ➡ or ⬅ + button pushed by opponent.
Super Special Move	Press the directional button and any of the □ △ × ○ buttons (Uses up 1 Power Gauge).
MAX Super Special Moves	Press the directional button and press □ △ simultaneously or press the × ○ buttons simultaneously (Uses up 3 Power Gauges).
Counter Mode Activation	Press the □ △ × buttons simultaneously (Uses up 3 Power Gauges).
Armor Mode	Press the △ × ○ buttons simultaneously (Uses up 3 Power Gauges).

POWER GAUGES

As you attack and guard during matches, the power gauge at the top of the screen will increase, and when it reaches a certain level becomes a stock. You can stock up to three gauges and when you have power gauge stocks you can use these to conduct the following kinds of attacks:

USING 1 POWER GAUGE

Enables Super Special Moves / Guard Cancel Emergency Evasions (forward and backward) / Guard Cancel Knock Back Attacks

USING 3 POWER GAUGES

Enables MAX Super Special Moves / Activates Counter Mode / Activates Armor Mode

COUNTER MODE

By pressing the □ △ × buttons simultaneously with a stock of 3 Power Gauges during a battle, you can place your character in the Counter Mode for a limited amount of time. The Counter Mode temporarily strengthens the attack of your character in use by using up 3 Power Gauges and offers the following benefits:

- Allows unlimited use of Super Special Moves. (MAX Super Special Moves, however, are not possible).
- Enables you to activate Super Cancel Moves and switch from Special Moves to Super Special Moves.

ARMOR MODE

By pressing the △ × ○ buttons simultaneously with a stock of 3 Power Gauges during a battle, you can place your character in Armor Mode for a limited amount of time. The Armor Mode temporarily increases the defensive power of your character with the use of 3 Power Gauges and offers the following merits:

- Enables counter attacks even when being hit by attacks.

• Note that the settings altered above are not valid in PARTY MODE (p.8).

CHARTS

You can see the records of the top 5 high scores in the TEAM PLAY mode and the SINGLE PLAY mode and the top 10 high scores in PARTY MODE. To return to the Option Mode, press the START button (or select EXIT and press the **⊗** button).

SAVE & LOAD

You can save and load OPTION settings and game clear data with a memory card (8MB)(for PlayStation®2). Press the directional button **▲** and **▼** to select an item, and press the **⊗** button to confirm.

SAVE	Saves OPTION settings and game progress data on a memory card (PS2).
LOAD	Loads OPTION settings and game clear data on a memory card (PS2).
AUTO SAVE	Lets you switch the automatic save option on or off. Press the directional button ◀ or ▶ to switch this on or off.
EXIT	Press the ⊗ button to return to the OPTION mode.

Insert the memory card (8MB)(for PlayStation®2) into MEMORY SLOT 1 or MEMORY SLOT 2 before turning on the PlayStation 2 system. It is necessary to have at least 100KB or more of open memory on the memory card (8MB)(for PlayStation®2) to save data.

PARTY MODE/MEMORY/EXTRA STRIKER

A mode in which you compete to defeat as many of the successively appearing computer opponents as you can, provided a limited amount of energy. This mode is no cakewalk, but you should give it a chance to see just how good you are.

- Note that the match settings changed in BATTLE CONFIG. (p.7) of the Option Mode are not valid in Party Mode. Also, you cannot use the Pause Menu during elimination battles, even if you press the START button.

BEGINNING THE MODE

Select your character and a Striker character with the directional button and press the **X** button to begin the survival battle.

MATCH CONDITIONS

- Your character's life energy gradually decreases if the time display under the Player 1 Energy Gauge runs out.
- Decreased time is restored slightly by defeating 10 computer characters.
- Your character's energy recovers by landing attacks on your opponent or by defeating 10 computer characters.
- The more characters you defeat, the stronger the computer characters become.

EXTRA STRIKER

When you fulfill certain requirements in the Party Mode, certain characters receive the new Maniac Striker in addition to the Another Striker.

MEMORY MODE

This is a mode that lets you view the opening movies of previous KOF titles from KOF '94 to KOF '99. To view each title you must meet certain conditions.

For titles you can watch, press the directional button to move the cursor to the title, press the **X** button to confirm, and get some popcorn. While the movie is playing, you can pause and resume playback by pressing the **X** button, or return to the Memory screen by pressing the **○** Button. When you want to stop this mode, select EXIT with the directional button and press the **X** button to return to the MODE SELECT screen.

MODES THAT ALLOW THE USE OF EXTRA STRIKERS

Four modes let you use Extra Strikers: TEAM VS. / SINGLE VS. / PRACTICE / PARTY MODE.

KOF 2001 - BEGINNING THE GAME

Selecting Modes

Select 1 of the 7 modes with the directional button and press the **X** button to confirm your selection.

TEAM PLAY

A mode for team battles against the computer. (There are no continue restrictions/burst-in play possible)

TEAM VS.

A mode for two-player team battles. Player 1 and Player 2 compete with each other.

SINGLE PLAY

A mode for single-character battles against the computer. (There are no continue restrictions/burst-in play possible)

SINGLE VS.

A mode for single-character battles against another player. Player 1 and Player 2 compete with each other.

PARTY MODE

A survival battle mode against computer opponents with limited life energy (p. 11).

PRACTICE

A mode for practicing character commands (p. 11).

OPTION

A mode that allows you to change various game settings (p. 12).

Selecting Characters

For both team and single battles, select 4 characters. Select each player one at a time using the directional button. To decide on the color of the Player 1 character, press the **□** button or the **X** button. Press the **△** or the **X** button for the color of Player 2. When you match the cursor to the question mark "?" and press the **X** button, you can select a character randomly with the "roulette" window.

Selecting Order

Now you can determine the roles of your 4 characters. Press the directional button **←** or **→** to select characters and then choose their roles (team character or Striker character) by pressing **▲** and **▼**. When you have determined each character's role, press the **X** button to confirm. In team battles you can determine up to 4 team characters and a maximum of 3 Striker characters. In single battles, all remaining characters become Striker characters when you select your fighter character. The order of characters can be changed for each match.

PAUSE MENU

The Pause Menu appears when you press the **START** button during a match. Press the directional button **▲** and **▼** to select an item and press the **X** button to confirm. Press the **START** button again while the menu is displayed to resume play.

CONTINUE

Closes the Pause Menu and resumes the battle.

COMMAND LIST

Displays the list of commands for your character. Press the directional button **▲** and **▼** to change pages, and press the **X** or **○** button to return to the Pause Menu.

CONTROLLER CONFIG.

Calls up the **CONTROLLER CONFIG.** When finished making settings, you return to the Pause Menu.

MODE SELECT

Return to the Mode Select screen.
