## **⚠ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES**

### **READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

**RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.**

### **Use and handling of video games to reduce the likelihood of a seizure**

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

### **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

# GAME MODES

## EXHIBITION MODE

When selecting teams for the game, you are able to select from this year's MLB® teams, as well as bonus teams including the All-Star team. Beneath the team symbol are rankings that break down the team's attributes. The team options include selecting team jerseys, changing your game settings, selecting your starting pitcher, setting your batting order, choosing the stadium in which to play the game, and the time of day. Exhibition games are a one-game format and stats from these games cannot be saved to a MEMORY CARD unless a user profile is loaded prior to the Exhibition Mode selection.

## MANAGER MODE

Manager Mode is like an Exhibition game, save for the fact that you do not directly control your players. Instead, you manage them by giving them basic commands. You can order your pitchers to play it safe or aggressive or to intentionally walk a batter. Your batters and runners can be told to bunt, avoid a pitch, or steal a base. As manager, you can also call for line-up changes, call the catcher to the mound, or assign pinch hitters.

## RIVALRY MODE

Rivalry Mode allows you to pit two MLB® teams against each other in a knockdown, drag-out series of games. You can create a new Rivalry, perhaps between your favorite team and your friend's favorite team,

or you can play classic rivalries, such as Boston Red Sox versus New York Yankees. The series takes player over however many full-length games you wish to play, and all of your stats will be recorded and displayed in the main Rivalry menu.

## **CAREER MODE**

In *Road to the Show*, you can play both offense and defense from your custom-created player's perspective. The game will automatically fast-forward to the next player sequence in which you need to take control, with occasional situational goals coming up from coaches and managers that need to be completed.

The goal for *Road to the Show* is to create a player and build a successful career earning post season and career awards. Ultimately you want to get your created player to the show, and eventually, inducted into the Hall of Fame. Throughout the career, you'll take your player through the ups and downs of the Majors and Minors; he'll go through situations not unlike real major leaguers including trades, free agency, contract issues, promotions, and demotions.

### **Create Player and Select Team**

To begin a Career, you need to create a player and assign him to a team in hopes of getting a contract offer after Spring Training. From the Team Select screen, pay attention to the Competition chart. This helps you pick your spot to make your shot at the big leagues. If the parent club has a perennial All-Star at your position or a hot rookie waiting in the minors, you're going to need an outstanding spring to make the team.

### **Spring Training**

Earning a spot in the organization will depend on your prospect's performance in Spring Training games. You aren't the manager of the team, so you will not be playing every day. Make sure you take advantage of the opportunities that your player gets.

### **Career Home**

From the Career Home sub menu, you can manage your player's career. From here, visit the Locker Room, view your advancement goals, train, interact with the manager in the clubhouse, and view your progressive

batting performance chart. Take care on how you interact. Remember you are trying to make the big club; being a malcontent will not earn you any bonus points.

### **Advancement System**

The career advancement system is a new addition to the Road to the Show mode. This system acts as a road map for your career progression. Your player will be evaluated, based on his skill set, to determine his role within the organization. Advancement goals are given for the sole purpose of improving your player's skill set to reach the next level. Failing these goals will only make your career progression that much more difficult.

## **FRANCHISE MODE**

In Franchise Mode, you run the club from the front office. You are in complete control of all team operations including player and vendor contracts, scouting, drafting, player rehab assignments, and marketing. Do well in all of these areas to generate revenue and make your club successful. When you take over a team, the game assigns a number of goals. Meet the goals during your contract's tenure and you can continue running the club.

### **Schedule**

View all upcoming games your team will play in the season. You can opt to play any of them as well as simulate games up to a specified date.

### **Player Management**

Sign free agents, make trades, send players down to the minors, or call up promising rookies. Change your team's lineup and pitching rotation, as well as view other team's rosters and disabled list.

### **Minor Leagues**

In Franchise, you have the ability to call players up and send them down to and from the Minor Leagues. You have access to the 25-man rosters from the AAA and AA affiliates of your team via the Roster Moves option in the Player Management menu.

### ***Around the League***

*Get a roundup of all the statistics in this mode. See details on current team standings, stats, and rankings; view who's hot; examine a current league roundup and league leaders; see what kind of accolades are being given within the league, and view the progressive batting charts of the hitters on your club or within the league.*

### ***Franchise Progress***

*Franchise Progress is a good way to see which way your franchise is heading. You can hear fan and player feedback, see the team budget, and view your goals.*

## ***SEASON MODE***

*During one- and two-player seasons, you play an entire 14, 29, 82, or 162-game season with the same team. You qualify for the playoffs if you win your division or finish as the league wild-card team at the end of the season.*

*Once you select to play a game on the schedule, you can play the game, manage, or simulate it.*

*From the Season Menu, you can use the Around the League menu to view the league's standings, statistics, roundup, leaders, accolades, and the progressive batting performance charts. Manage your roster from the Player Management menu to edit your lineup, trade players, sign free agents, activate players, and more.*

## KING OF THE DIAMOND

King of the Diamond is a fun mini-game where you try to rack up as many runs as you can. Unlike Home Run Derby™ that only scores runs on the long ball, you can hit singles, doubles, triples, and home runs—as well as fly outs, ground outs, and double plays. Score more runs than your opponent in a user-selected number of innings. 1 Player Ladder is a multi-tiered competition that takes you through all four difficulty levels of gameplay while also facing tougher opponents as each level progresses. Quick Play is a single round competition against one opponent.
