WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION®2 DISC:

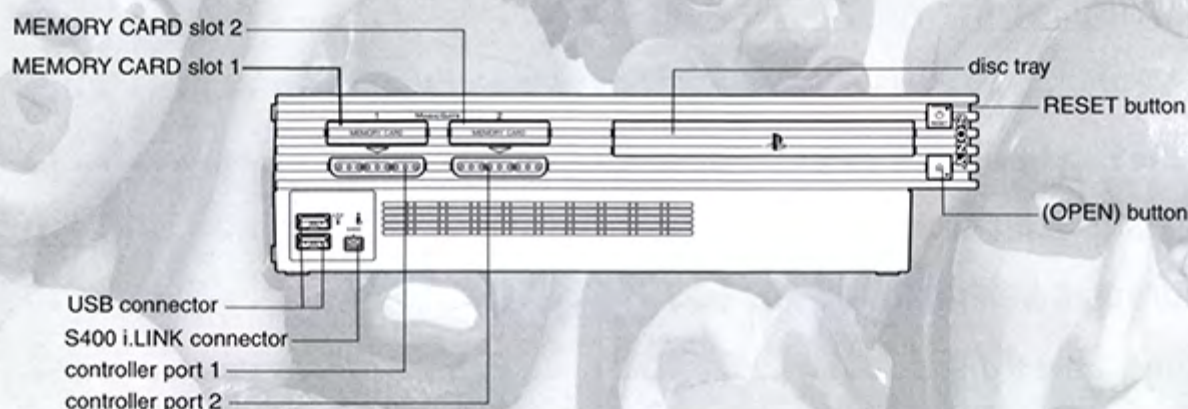

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

WEAPONS

The Axe of Assassination: This medieval weapon slices and dices and when your opponent has less than 25% health, you can start chopping off their arms.

- ⊗ Button, ◻ Button: Attack
- △ Button: Throw the Axe without auto target
- ◎ Button: Drop\Pick up the Axe

The Tennis Ball Launcher of Lunacy: Fully automatic and air cooled, this bad boy launches tennis balls that even Andre couldn't return.

- ⊗ Button, ◻ Button: Fire the Tennis Ball Launcher without auto target
- △ Button: Fire the Tennis Ball Launcher with auto target
- ◎ Button: Drop\Pick up the Tennis Ball Launcher

The Diabolic Dynamite: This item was once used to blast through the earth for mining. Now, you can use it to blast through your opponents. Throw it at an opponent with less than 20% health, and laugh maniacally as their legs get blown away. Careful though, this thing has a short fuse.

- ⊗ Button, ◻ Button: Throw the dynamite
- △ Button: Throw the dynamite in a high arc
- ◎ Button: Drop\Pick up the Dynamite

The Crossbow of Catastrophe: This ancient weapon was once a revolutionary war innovation. Now, considering all the belt fed, fully automatic rifles the military employs, it's pretty useless – but in the Deathmatch Arena it is a fun way to get your point across.

- ⊗ Button, ◻ Button: Fire the Crossbow without auto target
- △ Button: Fire the Crossbow with auto target
- ◎ Button: Drop\Pick up the Crossbow

The Bazooka of Barbarity: It's a bit like swatting a fly with a sledgehammer, but in the Deathmatch Arena there's no such thing as overdoing it. Hit an opponent with less than 25% health if you think they no longer need their arms.

- ⊗ Button, ◻ Button: Fire Bazooka without auto target
- △ Button: Fire Bazooka with auto target
- ◎ Button: Drop\Pick up Bazooka

The Blunderbuss of Brutality: This ancient turkey hunting weapon is now a staple of Deathmatch entertainment. Careful though, these guns were made before they invented recoil buffers.

- ⊗ Button, ◻ Button: Fire the Blunderbuss without auto target
- △ Button: Fire the Blunderbuss with auto target
- ◎ Button: Drop\Pick up the Blunderbuss

The Crate of Calamity: What good is a video game without some box in it. So here you go.

- ⊗ Button, ◻ Button: Throw the box
- △ Button: Throw the box in a high arc
- ◎ Button: Drop\Pick up the box

The Chainsaw of Cruelty: TIMMMBERRRR!!!! If you want to hack up your opponent into a bloody stump that barely resembles a 2200 polygon figure anymore, this is the tool for you. It starts the chopping once your opponent is below 30% health.

- ⊗ Button, ◻ Button, △ Button: Swing the chainsaw
- ◎ Button: Drop\Pickup the chainsaw

POWERUPS

The All Day Spa: Cures celebrity health by 10%.

The Nose Job and Tummy Tuck: Cures celebrity health by 25%.

The Jackson Special: Restores celebrities to full health and regenerates all dismembered limbs.

Feng Shui Facsimile: The celebrity rids their mind of distracting and negative thoughts and mentally reorganizes. The celebrity can now focus on the alleviation of pain from the body and takes less damage from their opponent.

The RS Injection: A concoction of green tea leaves, LA smog, and the mad cow virus, this scientifically engineered substance temporarily enhances a celebrity's strength.

Speed Boost: This stuff gives you wings. Once taken, a celebrity absorbs enough caffeine to make a quadruple shot of espresso seem like a glass of dirty water.

The Ex-Clay-Mation Point: This magical wonder frees the inner-child of the celebrity from its worldly confines, thus allowing more meaningful relationships, a broader understanding of self and the ability to transcend time and space. Oh, it also makes your celeb's attacks unblockable.
