**WARNING:**

**READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM:**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

**WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

**USE OF UNAUTHORIZED PRODUCT:**

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

**HANDLING YOUR PLAYSTATION 2 FORMAT DISC:**

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

## GETTING BOO'S, NOT BRAVO'S?

*Call the Hint Line*

*U.S.: 1-900-773-4367*

*Canada: 1-900-643-4367*

*Cost of call: \$0.99-\$1.49/minute*

*Must be 18 years of age or have parent's permission*

*Touch-tone phone required*

# GETTING STARTED

Set up your PlayStation®2 computer entertainment system according to the instructions in the Instruction Manual. Make sure the MAIN POWER switch (located on the back of the console) is turned on. Press the RESET button.

When the power indicator lights up, press the open button and the disc tray will open. Place the MAD MAESTRO!™ disc on the disc tray with the label side facing up. Press the open button again and the disc tray will close.

Attach game controllers and other peripherals, as appropriate. Follow on-screen instructions and refer to this manual for information on using the software.

2

# STARTING UP

## DUALSHOCK®2 ANALOG CONTROLLER CONFIGURATIONS

**MAD MAESTRO!™ can only be played with the DUALSHOCK®2 analog controller.**

- The controller should be connected to controller port 1.
- The DUALSHOCK 2 analog controller ANALOG mode button and mode indicator are always set to ON, indicating that the controller is in analog mode.
- This game does not support the controller vibration function.
- To reset the game and return to the MAIN MENU, press the SELECT button to pause the performance and then select RETURN TO MENU.

## CONTROLLERS/ACCESSORIES

Do not insert or remove controllers or accessories once the power is turned on.

# ***BRAVO!*** ***FOR BRAVO TOWN***

In the musical city of Bravo Town stands an old Concert Hall.

Preserved in the hall is the history of Bravo Town going back many generations.

Once, long ago, the townsfolk began an improvement project. To make Bravo Town more modern-looking, they decided that the Concert Hall and all of its history should be torn down.

Unknown to the townsfolk, one of the statues in the Concert Hall wasn't quite as it appeared.

One of the statues was, in fact, a fairy ...

... a fairy in disguise ...

... a fairy who had protected the Concert Hall throughout the ages.

The fairy's name was Symphony.

On hearing of the destruction plans, Symphony transformed into her true form ...

And flew out into the town to look for help ....

## ***SYMPHONY***

Disguised as a statue, Symphony has guarded the Concert Hall for many years. She's a fairy who loves music and Bravo Town. She is eagerly determined to keep the Concert Hall standing.

## ***TAKT***

Takt conducts the local Bravo Youth Orchestra. He may be a young conductor, but he is something of a musical prodigy. Until now, he's kept his talents well hidden.

## **YOU'RE THE CONDUCTOR!**

You play the role of Takt, the conductor of the Bravo Youth Orchestra. Your crusade is to save the Concert Hall from destruction.

To do that, you have to impress the people of Bravo Town with your musical talent. With each performance, you have to make them want even more!

Your story unfolds with each successive stage. You advance to the next stage by conducting your orchestra with energetic skill and virtuoso talent.

Symphony will help you in many ways ...

Do you have what it takes to save the Concert Hall?

# CONTROLS

## MENU CONTROLS

directional buttons – select menu item

⊗ button – confirm menu selection

△ button – cancel menu selection/return to previous screen

## PLAY CONTROLS

\*From Child Mode, press the **L2** + **R2** + **△** buttons simultaneously to return to the Main Menu.

**6**

# STARTING THE GAME

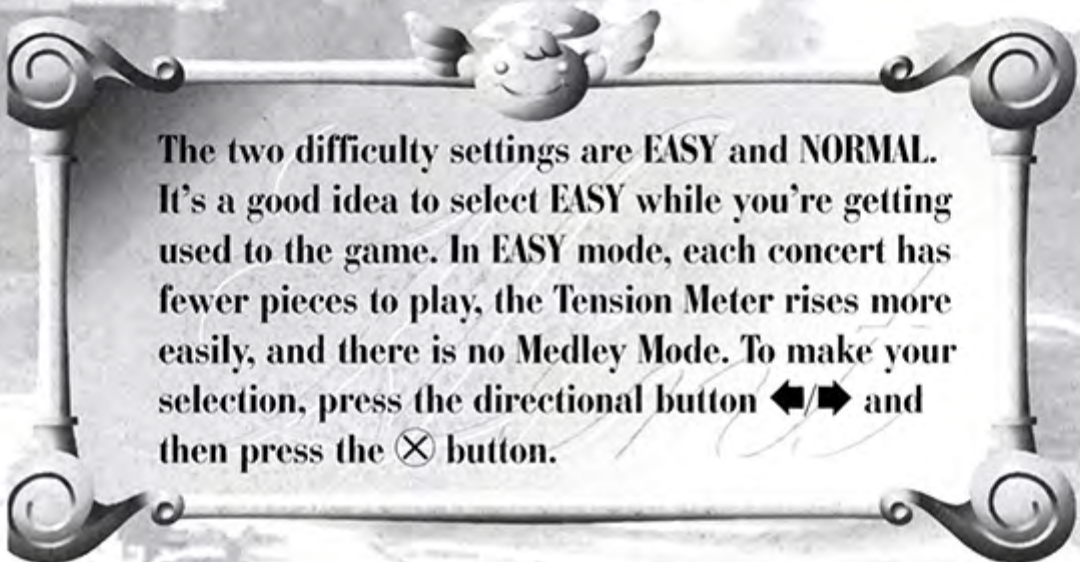

## TITLE SCREEN

The **TITLE SCREEN** appears when you start the game. Press the **START** button to advance to the **MAIN MENU**.

## MAIN MENU

Select from the following options. Use the directional buttons to make your selection and press the **⊗** button to confirm your choice.

- **TUTORIAL** – Learn how to conduct.

The two difficulty settings are **EASY** and **NORMAL**. It's a good idea to select **EASY** while you're getting used to the game. In **EASY** mode, each concert has fewer pieces to play, the **Tension Meter** rises more easily, and there is no **Medley Mode**. To make your selection, press the directional button **◀/▶** and then press the **⊗** button.

- **NEW GAME** – Start a new game by first selecting the game difficulty. After either the Tutorial or a movie is displayed, you advance to the **ROOM MENU** (see page 8).
- **LOAD GAME** – Load a previously saved game from a memory card (8MB) (for PlayStation®2) inserted in **MEMORY CARD** slot 1 to resume game play. After selecting a game file, you advance to the **ROOM MENU**.
- **CHILD MODE** – Youngsters can enjoy playing **MAD MAESTRO!** with simplified rules (see page 14).

# ROOM MENU

To enter the ROOM MENU, select your game difficulty by pressing the directional button / and then press the  button. (Press the  button from the ROOM MENU to return to the difficulty selection.) You can make the following selections from the ROOM MENU:

- **STORY** – Play the game stages.
- **EXTRA FUN** – Choose from these options:
  - **FREE PLAY** – Play pieces you have already cleared, using your own settings.
  - **MUSIC ROOM** – Listen to the pieces you have already cleared.
  - **BONUS GAME** – Play Bonus Games you have already cleared.
  - **REPLAY** – Watch replays that have been saved in a memory card inserted in MEMORY CARD slot 1. You can only save replays after playing FREE PLAY or after clearing all the stages the first time around. (See page 13 for more details about playing a second time around.)
- **GAME SETTINGS** – Choose from these options:
  - **PERFORMANCE EVALUATION VOLUME** – Adjust the volume of performance evaluation in the stages.
  - **ADJUST BATON BUTTONS** – Adjust the Strength settings of the Baton buttons. When finished, select CHECK to return to the game to check your new control settings.
- **SAVE** – Save your present position to a memory card inserted in MEMORY CARD slot 1. You need at least 92KB of free space to save a game.
- **EXIT** – Return to the TITLE SCREEN.

# HOW TO PLAY

**Tension  
Meter**

**Pressure  
Meter**

**Cue Point**

**Cue Ball**

**Cue Point**

## TEMPO NAVIGATOR

The Tempo Navigator is made up of the four Cue Points on screen. It expands and contracts depending on the Tempo of the music. At the start of each stage, the Cue Points are displayed in gray and you are given a two-bar intro (the Cue Ball goes around twice) to get used to the Tempo.

As soon as the piece starts, the Cue Points are displayed in color corresponding to the pressure on the Baton button. Press a Baton button when the Cue Ball hits a Cue Point to conduct the orchestra. Use light pressure for blue Cue Points, medium pressure for green Cue Points and heavy pressure for red Cue Points.

When an ARROW is displayed in a Cue Point, press the Part button (the directional button) in the direction indicated while pressing a Baton button with the correct pressure. Doing this brings in an instrument.

You can sustain a beat whenever a STAR is displayed in a Cue Point. Hold a Baton button for a short while and the music will be held briefly when it reaches the next note. Press the button again to continue the performance. Don't hold the note too long, as the Tension Meter will drop.

## **TENSION METER AND CLEARING A STAGE**

The Tension Meter rises and falls, depending on your performance, every time the Cue Ball goes around once (every bar of music).

**BRAVO** – When you conduct one bar with all perfect double circle marks.

**GOOD** – When you conduct one bar with all single circle marks or a mixture of single circle and perfect double circle marks.

**BAD** – When you conduct one bar with even one X mark.

**BAAAD** – When you conduct a bar with less than one single or double circle mark.

You enter Angel Mode when the Tension Meter is full. Continue playing in Angel Mode until the end of the stage and you will clear the stage.

In contrast, if the Tension Meter drops too low, your performance suddenly ends. If you conduct a BAAAD bar in Angel Mode, you enter Devil Mode, when it is easy for the Tension Meter to fall. You can escape from Devil Mode by playing a BRAVO bar.

## **MEDLEY MODE**

If you continue your performance with a high evaluation and good timing, you gain the ability to switch to a separate piece. This is called Medley Mode. Here, attempt to conduct the piece using the feeling it induces. You receive a Bravo evaluation if you manage to conduct with the true feeling of the piece.

If you make a mistake in the first bar, Medley Mode will end.

## **BONUS GAMES**

When you keep the Tension Meter full in Medley Mode, you're rewarded at the end of the piece with a Bonus Game. You can select any Bonus Games that you unlock by going into the EXTRA FUN option in the ROOM MENU.

# PERFORMANCE BASICS

As a beginning conductor, the elements you should pay the most attention to are **TEMPO DIRECTIONS**, **VOLUME DIRECTIONS** and **PART DIRECTIONS**.

## KEEP THE TEMPO

Press any Baton button with correct timing to control the Tempo of the performance. Press the button at the same time that the Cue Ball hits a Cue Point.

Hint: The Tempo can change during the piece.

## STRENGTH

The color of the Cue Points corresponds to the pressure you should use when pressing the Baton button. Blue is light, green is medium and red is heavy. Check your pressure on the button by glancing at the Pressure Meter on the right of the screen.

Hint: Press the Baton button confidently and precisely. Don't press too slowly, as the orchestra won't understand.

## ***DIRECT THE PARTS***

There are points in every piece when you must bring in certain Parts (instruments). At these moments, an **ARROW** appears in the Cue Point. Press the Part button (the directional button) indicated by the **ARROW** at the same time you press the Baton button.

**Hint:** To make the performance easier, press the Part button before pressing the Baton button.

## ***PERFORM WELL!***

Your performance evaluation is displayed in the Tension Meter on the left of the screen. The Tension Meter rises or falls every time the Cue Ball completes one lap (every bar).

You will clear the stage if the meter is full in Angel Mode at the end of the piece.

*The meter rises when ...*

You play one bar of music (the time for the Cue Ball to do a full lap) with no Tempo, Strength or Part errors. Depending on how well you are conducting, the meter will rise a lot (Bravo) or a little (Good).

*The meter falls when ...*

You play one bar of music (the time for the Cue Ball to do a full lap) with more than one Tempo, Strength or Part error. Depending on the number of errors, the meter will fall a little (Bad) or a lot (Baaad).

# **SHOWTIME!**

## **YOUR CONCERT PERFORMANCE**

Clear the stages and you will eventually be able to hold a real concert! Concerts have no Tension Meter and you must conduct several pieces of music.

You will be evaluated on your performance when you've completed all the pieces. If the audience loves your music, you will play an encore to finish the concert.

## **CLEARING ALL THE STAGES (FOR THE SECOND TIME)**

You can start again a second time once you clear the concert. In the ROOM MENU, the STORY option will change to MEMORY the second time you play.

You can now attempt any stage. The name of the piece and your best evaluation so far will be displayed when you select a stage from MEMORY. Press the ⊗ button at the Stage Introduction to display a window. Confirm or change the difficulty, move the cursor to START and press the ⊗ button to start the stage.

Hint: Concentrate on those stages where you were unable to play in Medley Mode or unlock the Bonus Game the first time around.

The following menu is displayed when you clear a stage.

- RETURN TO MENU – Return to the MEMORY MENU.
- VIEW REPLAY – View a replay of the stage that you just cleared.
- SAVE REPLAY – Save the replay to a memory card inserted in MEMORY CARD slot 1. You can then watch any saved replays from the EXTRA FUN option in the ROOM MENU.

# CHILD MODE

CHILD MODE is geared toward youngsters. In this mode:

- No matter how you conduct, you will always be able to play through to the end of the piece.
- You can conduct at any Strength, since no pressure variation is required.
- Your performance will not affect the development of the story or saved data.

Select CHILD MODE from the MAIN MENU. Use the directional button to select one of the Bravo Town characters and press the  $\otimes$  button to start a stage. You can return to the MAIN MENU again by simultaneously pressing the  $\square$  L2,  $\square$  R2 and  $\triangle$  buttons.

When you clear a stage, the game keeps its stage clear status until you switch off the power.

# **BRAVO TOWN**

## **BRAVOES**

The Bravoes are the youth orchestra of Bravo Town. Though the orchestra has history, its membership has dwindled in recent years. Can you revive their interest?

## **PARK**

Fountain Park is the main sightseeing spot of Bravo Town. Couples often come here to relax and they expect you to give them an entertaining evening!

## **CIRCUS**

The circus brings a lively feel to a grassy meadow near Bravo Town. Can you supply the perfect music?

## **FASHION SHOW**

In the fabulous mansion of the internationally acclaimed designer, Neostyle, you must make sure this stage show comes off with style.

## **OLD CASTLE**

Migrating birds flock to the old castle dozing peacefully by the lake. What can you do to shake it up?

## **UFO**

A spaceship has landed on a hill in the suburbs. The aliens are getting impatient! How fast can you calm them down with music?

# **MASTER THE MUSIC!**

## **PLAY IT LOUD!**

You'll get the most out of MAD MAESTRO! when you play with the volume as high as possible. Don't forget about other people when you play. You can also use headphones if you:

- Make sure the volume is not too high.
- Remember that sustained use of headphones at a loud volume may damage your hearing.

## **WATCH FOR MISTAKE ICONS**

Several icons may be displayed in the Tempo Navigator if you make a Tempo or Strength mistake while conducting. Study the icons and think about how you are making mistakes. Are you conducting too fast? Too slow? The more you know about how you conduct, the better your skills will become.

**fast**

Your Tempo is too fast.

Your Tempo is too slow.

**slow**

Your Baton button pressure is wrong.

You made a Part mistake.

## **LEARN THE PIECES**

The first time you play a piece, it's likely that you won't know the feeling and changes in Tempo and your performance may be stopped. If this happens, you can listen to the piece by selecting it in MUSIC ROOM in EXTRA FUN in the ROOM MENU. You can listen to any piece you have already attempted. You can also select from any of the stages in CHILD MODE, so this is a useful way to practice.

## **WHEN YOU CAN'T GET THE BATON STRENGTH RIGHT ...**

Try the following methods if you have difficulty pressing the Baton buttons at the correct Strength:

- **THINK OF IT AS QUICK/SLOW** – When you press a Baton button slowly, it is as if you are pressing it lightly. Press quickly when you want to press hard and press slowly when you want to press lightly. This will really improve your conducting.
- **ADJUST THE STRENGTH SETTINGS** – If you cannot get the Strength right, you can adjust the settings by selecting **ADJUST BATON BUTTONS** in **GAME SETTINGS** in the **ROOM MENU**. Select **CHECK** after making adjustments and see the difference.

## **IN CONCERTS, PAY ATTENTION TO AUDIENCE REACTION**

Concerts do not have a Tension Meter, but you will know when you are doing well by the response you get from the audience. Your overall evaluation will improve if you use the reaction of the audience as your yardstick for the next time around.

## **WHAT TO DO THE SECOND TIME AROUND**

You will be able to play again for the second time by clearing all the stages and the final concert. Concentrate on the stages where you were unable to play in Medley Mode or unlock the Bonus Game the first time round. Aim to clear every stage with an "A" evaluation or, for fun, play badly on purpose and watch the background change.

# MAD MAESTRO MUSIC

## EIDOS INTERACTIVE LIMITED WARRANTY

EIDOS Interactive warrants to the original purchaser that this EIDOS Interactive disc is free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. This EIDOS Interactive disc is sold "as is" without expressed or implied warranty of any kind, and EIDOS Interactive is not liable for any losses or damages of any kind resulting from use of this program. EIDOS Interactive agrees for a period of ninety (90) days to either repair or replace, at its option, free of charge, any EIDOS Interactive disc, postage paid, with proof of date of purchase, at its Factory Service Center.

This limited warranty is not applicable to normal wear and tear. This limited warranty shall not be applicable and shall be void if the defect in the EIDOS Interactive disc has arisen through abuse, unreasonable use, mistreatment or neglect. This limited warranty is in lieu of all other warranties and no other representations or claims of any nature shall be binding on or obligate EIDOS Interactive. Any implied warranties of merchantability and fitness for a particular purpose are limited to the ninety (90) day period described above. In no event will EIDOS Interactive be liable for any special, incidental or consequential damages resulting from possession, use or malfunction of this disc.

Some states do not allow limitation as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages, so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

For warranty support please contact our Customer Support department at (415) 615-6220. Our staff is available Monday through Friday, 9:00 a.m. to 5:00 p.m. Pacific Time. You are responsible for all toll charges. **Customer Support Representatives will not provide game hints, strategies or codes.**

### PRODUCT RETURN PROCEDURE

In the event our support agents determine that your game disc is defective, you will need to forward material directly to us. Please include a brief letter explaining what is enclosed and why you are sending it to us. The agent you speak with will give you an authorization number that must be included. You will also need to include a daytime phone number so that we can contact you if necessary. **Any materials not containing this authorization number will be returned to you unprocessed and unopened.** Your postage paid package should be sent to the following address:

Eidos Interactive Customer Services  
651 Brannan Street, Suite 400  
San Francisco, CA 94107  
RMA# (include your authorization number here)

**Note: You are responsible for postage for your game to our service center.**
