## **WARNING: READ BEFORE USING YOUR PLAYSTATION® 2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game—dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions—**IMMEDIATELY** discontinue use and consult your physician before resuming play.

### **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

### **USE OF UNAUTHORIZED PRODUCT:**

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

### COMMUNICATOR CONTROLS

Communicate with Car #24 by selecting a command.

Select teammate	right analog stick (press toward teammate's car number icon)

## ON THE TRACK

*NASCAR 06: Total Team Control* begins with you in the middle of a heated battle with Dale Earnhardt Jr. and Michael Waltrip during the final moments of the Pepsi 400. Using the all-new Team Racing Controls, see if you can finish the race in first place.

## GAME SCREEN

## DRAFTING, FLAGS, AND SKILL POINTS

### Standard Drafting

When you pull up close to the bumper of the car in front of you, both cars can go faster than if they were driving separately. Additionally, you can save gas. The Draft meter shows the current strength of the regular draft.

### Share Draft

Press the **X** button to Share Draft with the car in front of you. Share Draft increases the speed of both cars and improves your relationship with the other driver. The draft meter fills faster if your driver is a Hero.

### Intimidator™

To be an Intimidator™, approach the bumper of another car. When the draft meter begins to fill, press the **□** button to intimidate. The intimidated driver may lose concentration and slide out of the way, allowing you to pass, but that driver may hold a grudge against you. The meter fills faster if your driver is a Villain.

### Grudges & Alliances

When you run into or intimidate another driver, he'll remember your actions on the next lap, or even during the next race. A red icon displayed above a car indicates that driver holds a grudge against you. Similarly, you can form alliances with other drivers by racing a clean race or sharing a draft. In turn, an ally is more likely to work with you during the heated moments of a race.

- Flags** During the course of a race, flags indicate changes in track conditions. A yellow flag indicates a caution and means you must slow down and maintain your current position in the field. There are no yellow flags in Whelen races.
- A white flag is displayed when the leader of the field crosses the finish line to begin the last lap of the race. The first driver to cross the finish line again receives the checkered flag of victory.
- Pit Stops** During longer races, you have to make pit stops to refuel, get new tires, and repair your car. You can change your pit options before you reach your stall. Pit stops are not allowed in Whelen races.
- Skill Points** Earn Skill Points in each race (excluding multiplayer and online modes) by driving well and completing laps without damaging your car. Points are earned then added to your Skill Points account during the race. Use Skill Points to unlock tracks, cars, sponsors, and more.

## SAVING AND LOADING

Before exiting a game mode or a menu where changes have been made, be sure to save your progress to a memory card (8MB) (for PlayStation®2) in MEMORY CARD slot 1 when Auto-Save is set to OFF. All unsaved information will be lost otherwise. You can also save or load manually by accessing the SAVE or LOAD screens (via the Settings menu).

- To save or load a file, select a storage location then highlight the file you wish to load (or create a new file when saving for the first time). Once the file is selected, the game data is either loaded or saved.

## FIGHT TO THE TOP

Create a driver and power your way up the NASCAR ranks by building the ultimate team. As you progress through your career, take the helm of your own racing organization and position yourself to outperform or own real-world NASCAR teams.

As a driver, make a name for yourself in the Whelen series, Craftsman Trucks, and NNS by finishing near or at the top of the standings. As you move your way through each level, the NEXTEL Cup series awaits.

### FIGHT TO THE TOP MENU

When you first enter Fight to the Top mode, review the phone message from your agent. He can point you in the right direction to jumpstart your racing career. Be sure to listen to your phone messages from time-to-time. Your agent brings you news of offers from other teams and sponsors, as well as tips about events on your calendar, and helpful game advice.

Track your progress through the NASCAR season by viewing the events on your calendar, including Charity and Showdown races. You can also review driver contracts and racing stats, or check out driver standings, including the total number of points you've earned in the current series.

- Select Event** Review the schedules for different weeks or select an event to enter. Early in your career you may find empty weeks on the schedule.
- Race Shop** Sign driver contracts or buy teams to race in any of the four racing series. Manage your purchased teams from your Race Shop.
- As a driver, just focus on racing. Finish well, increase your Prestige rating, and draw interest from better-funded teams that invite you to prove your skills in Test Sessions. Perform well there, and you'll soon receive offers for better rides.

- As a driver/owner you earn more money, but you also must manage all aspects of your team. After you buy a new team, you need to sign a sponsor, train your pit crew, create your car's paint scheme, and manage your merchandising.
- When competing in multiple series at the same time, multiple events may occur on the same day. However, you can't be in two places at once. As an owner, you can hire a driver to race an event for you. Select HIRE DRIVER, and choose the driver who best fits your budget.

**NOTE:** You cannot be a driver and a driver/owner in the same series during a season. If you are under contract in a series, you cannot purchase a team in that series. Make your team decisions at the beginning of each season.

<b>Career Status</b>	Check your prestige—Hero or Villain—along with fan support, cash reserves, and overall progress in your Chase for the Cup. Whether you choose to become a Hero or a Villain, your performance on the track earns you more than money.
<b>Hero</b>	Heroes fight to win without using tactics that could anger other drivers. They can also Share Draft with other drivers more easily.
<b>Villain</b>	Villains do whatever it takes to win—even if that means knocking other drivers out of the race. Villains can also intimidate other drivers more easily using the Intimidator™ control.
<b>Prestige</b>	Perform well on the track and you increase your Prestige. Drivers with high Prestige receive offers to drive in Test Sessions. Drive well in a Test Session, and you can earn contracts to compete in better racing series.
<b>Fan Support</b>	Fans flock to drivers who know how to win, Hero or Villain. They also like drivers who take time to sign autographs. Adding fans means you make more money from your merchandise trailer.

## SHOWDOWN AND CHARITY RACES

If your fan support grows high enough, or if you build an intense rivalry, other drivers may challenge you to one-on-one races. Winning Showdown Races earns Skill Points that can be used to buy Chase Plates.

Drivers with high Prestige get invited to race in Charity Races. Only the best of the best are invited to compete here. While there is no prize money in a Charity Race, you can earn extra Hero/Villain points, a Skill Point bonus, fans, or all of the above.
