A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game—dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions—IMMEDIATELY discontinue use and consult your physician before resuming play.

### **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

## PLAYING THE GAME

Experience the unparalleled emotion of college football with a Play Now game.

### USER PROFILES

Keep track of your personal accomplishments with a User Profile. An active User Profile saves Campus Legend and Dynasty Mode achievements and statistics to your memory card (8MB)(for PlayStation®2).

## PLAYCALLING SCREEN

Cycle through the play windows to select a set, formation, and play. There are a number of running, passing, and special teams plays to choose from, plus a few trick plays.

- To flip/reverse a set, formation, or play, press the **R2** button. To swap a package with different player personnel, press the ○ button.
- When in doubt (offense only), ask Lee Corso for his advice on the next play by pressing the □ button.
- If you feel your opponent is on to your playcalling schemes, select a play from the hidden play windows below by pressing the **L2** button + the corresponding playcall button. Although the diagram of the actual play is not shown in the play window, your team runs the selected play once the ball is snapped.

## ON THE FIELD

### NEW MOMENTUM METER

Controlling momentum means controlling the game, and that's never been more important than in *NCAA Football 07*. Every game starts out with both teams holding even momentum, but starting with the opening kickoff it can shift on any given play. Now, more than ever before, you must do more than score if you expect to win—you must keep momentum working in your favor with big plays (including trick plays) on offense; by punishing your opponent on defense with sacks, turnovers, and goal line stands; or by making big blocks with your special teams.

The more momentum you have the better your players perform, and the greater your chances at making a big play, whether it's breaking a tackle on offense or forcing a turnover on defense.

## IMPACT PLAYERS

Impact Players, indicated by a white circular Impact Icon, can change the game in a heartbeat. Be sure to key in on them during the biggest moments of the game.

If the Impact Icon is pulsating, the player is "In the Zone" and is more likely to make a big play. If your Impact Player is struggling with an opponent, tap the ⊗ button for a second chance to either make or break the tackle.

## HOME FIELD ADVANTAGE

Life is tough when playing rivals on the road. The thunderous roar of the fans can be deafening as crowd noise makes signal calling nearly impossible to hear. The noise can also rattle less composed players so be sure to keep this in mind when using the Match-up Stick (see p. 5).

## MATCH-UP STICK

Before the ball is snapped see how your players stack up against your opponent with the Match-up Stick, then use it to exploit mismatches—a red meter indicates a player with lesser talent, while a green meter indicates a player who has more skills. White circles show a composed player; black circles indicate a player who is rattled. Colors change throughout the game, depending on the results of the previous play(s).

**With Coach Cam up (hold the **R2** button):**

- To see how your receivers fare against the opposing secondary, press the right analog stick ←.
- To look inside the trenches, press the right analog stick → to view the offensive and defensive lines.
- Press the right analog stick ↓ to see if your linebackers are at an advantage or disadvantage against the backfield.

Use the Match-up Stick on field goal attempts to see how good the kicker is.

You can also choose to coach a specific offensive or defensive unit (i.e., backfield, linebackers, etc.) during timeouts. Use this time to help increase composure before returning to the field.

**NOTE:** The Match-up Stick is not available online.

## AUDIBLES

Call an audible at the line of scrimmage by pressing the **□** button. There are five preset audibles for both the offense and defense.

- After calling an audible, press the **□** button, **⊗** button, **⊙** button, **L1** button, or **R1** button. The players realign and adjust to the new play selection.
- To flip the play, press the **R2** button.
- Cancel the audible by pressing the **L2** button. If a new play was already selected, press the **△** button to audible back to the original play.

You can change three of your five audibles during the game at the Playcalling screen. Press and hold the **R1** button and then press and hold the **□** button, the **⊙** button, or the **⊗** button to set the highlighted play to the corresponding button.

**NOTE:** If you wish to alter your original audibles, you can change all 10 from the Playbook/Audibles menu.

## COVERAGE AUDIBLES

If you would like to adjust only the secondary, call a coverage audible by first pressing the **△** button, then using the following commands:

Man Up	D-button right →
Shade left/right	right analog stick ←/→
Tight/Loose coverage	D-button ↑/↓
Reset	D-button ←
Cancel coverage audible	△ button

## DEFENSIVE LINE/LINEBACKER SHIFTS (AUDIBLES)

Before the snap shift the interior linemen or linebackers to adjust to the offensive formation or change their assignment on the fly.

Shift defensive line left/right	<b>L1</b> button + D-button ←/→
Spread/Pinch defensive line	<b>L1</b> button + D-button ↑/↓
Shift linebackers left/right	<b>R1</b> button + D-button ←/→
Spread/Pinch linebackers	<b>R1</b> button + D-button ↑/↓
Spy with right defensive end	<b>L1</b> button + <b>□</b> button
Spy with left defensive end	<b>L1</b> button + <b>⊙</b> button
Rush defensive line outside/Jam middle	<b>L1</b> button + the right analog stick ↑/↓
Crash defensive line left/right	<b>L1</b> button + the right analog stick ←/→
Call off linebacker blitzes (any blitzing linebacker is re-assigned to a hook zone while the MLB changes to a QB spy assignment)	<b>R1</b> button + the right analog stick ↑
Blitz with all linebackers	<b>R1</b> button + the right analog stick ↓
Blitz with the outside linebackers	<b>R1</b> button + the right analog stick ←

## HOT ROUTES

To call a Hot Route, press the **△** button before the ball is snapped then press the button symbol of the receiver or back whose route (or pass blocking assignment) you want to change. To call a Smart Route, press the right analog stick **↓** once you've selected a receiver.

Fly pattern	D-button <b>↑</b>
Quick hitch	D-button <b>↓</b>
In/Out pattern	D-button <b>↔</b>
Slant pattern left/right (for receivers)	<b>L2</b> button/ <b>R2</b> button
Pass block left/right (for running backs/tight ends)	<b>L2</b> button/ <b>R2</b> button
In/Out flare left/right (for running backs)	D-button <b>↔</b>

**NOTE:** Smart Routes take existing routes and extend them to where the first down marker is, so if your selected play has a 5-yard out route and it's 8 yards for a 1st down, you can call a Smart Route hot route and the 5-yard out turns into an 8-yard out.

## HURRY-UP OFFENSE

When leaving the huddle you can hurry your team to the line of scrimmage by pressing and holding the **⊗** button. To run the no huddle, press and hold the **△** button immediately after the whistle blows to repeat the previous play. To have the quarterback spike the ball, press and hold the **⊙** button. To fake a spike, press and hold the **⊠** button.

## CELEBRATIONS

To celebrate after a big play, press the **L2** button or the **R2** button + the **⊠** button, the **△** button, or the **⊙** button.

## SAVING AND LOADING

Before exiting a game mode (or a menu where changes have been made), be sure to save your progress to your memory card. All unsaved information will be lost otherwise. You can also save or load manually by accessing the LOAD/SAVE screen.

## POSTSEASON AWARDS

Between the end of the regular season and the start of the bowl games, the postseason awards are handed out—the biggest being the Heisman Trophy. Five of college football's greatest players make the final list but only one can bring home the trophy.

## THE OFFSEASON

At the end of your freshman and sophomore seasons, you immediately start preparing for the following season. Change your position, play in the Spring Game, and change your major if you want. Preseason rankings are released and the fight for No. 1 soon begins.

For juniors and seniors, it's decision time. Do you declare yourself eligible for the NFL Draft and export your player to *Madden NFL 07*, do you return for your senior season (juniors only), or do you stay in collegiate football as a Division I coach (seniors only)? It all depends on how well you performed during your college career.

### **NEW** SPRING GAME

Decide which underclassmen get the most reps during the annual Spring Game, choose which incoming freshman you want to redshirt, and designate your Impact Players for the upcoming season.

## DURING THE SEASON

With all of the off-the-field activities that occur during the week, such as dealing with everyday player issues, in-season recruiting, and the ever-changing Top 25 Poll, don't lose focus on the task at hand. Learn to balance the workload.

## INFRACTIONS

Maintaining a disciplined team is essential if you want to have a shot at the title. If one of your players commits an infraction, you can choose whether to take action. But be forewarned, your school may be penalized by the NCAA if you choose to ignore rule breakers.

You can suspend players for a quarter, an entire game, or for the remainder of the season. Each action you take costs a certain number of Discipline Action Points. Be sure that you don't use too many points on minor infractions or you might not have enough left for more serious violations.

## AFTER THE SEASON

After playing the final game on the schedule, hopefully in your case it was a major bowl game, your school may offer to extend your contract. If you're a hot coaching prospect, another school might offer you a better job as well. On the flip side, if you failed to reach the expectations of the school, you could lose your job.

## THE OFFSEASON

Negotiate with players who are leaving the team early, recruit new talent, hold your annual Spring Game, train your squad, cut players, and organize your depth chart. Once the paperwork is finalized, the new season begins.

## EXPORT DRAFT CLASS

Disappointed that you're losing some of your key players? You can export your draft class to *Madden NFL 07* and oversee their professional careers.
