## **WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game—dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions—IMMEDIATELY discontinue use and consult your physician before resuming play.

### **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

### **USE OF UNAUTHORIZED PRODUCT:**

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

- Do not bend it, crush it, or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.

# STARTING THE GAME

## PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM

\* Note: Illustration may not match all PlayStation 2 console types. For owners of SCPH-70000 series PlayStation 2 systems, refer to the setup instructions supplied with your system.

1. Set up your PlayStation®2 computer entertainment system according to the instructions in its Instruction Manual.
2. Make sure the MAIN POWER switch (located at the back of the console) is turned ON.
3. Press the RESET button. When the power indicator lights up, press the OPEN button and the disc tray will open.
4. Place the *NFL STREET 2* disc on the disc tray with the label side facing up. Press the OPEN button again and the disc tray will close.
5. Attach game controllers and other peripherals, as appropriate.
6. Follow on-screen instructions and refer to this manual for information on using the software.

**NOTE:** When using the Multitap (for PlayStation®2), a controller must be connected to controller port 1-A.

# COMPLETE CONTROLS

## MENU CONTROLS

Highlight menu items	D-button ↓
Cycle choices/Move sliders	D-button ↔
Select/Go to next screen	⊗ button
Return to previous screen	△ button

## GAME CONTROLS

Now nothing can keep you down—not even gravity. Elevate your game with the all-new Wall Moves.

### OFFENSE

### STYLE MOVES

Scoring makes you a Player. Scoring with style makes you a Baller.

Show your <b>Style moves</b>	<b>L1</b> button (hold)
<b>Style pitch</b>	<b>L1</b> button + △ button
<b>Style hurdle/dive</b>	<b>L1</b> button + ◻ button
<b>Style juke/spin</b>	<b>L1</b> button + ○ button
<b>Signature Style moves</b>	<b>L1</b> button + right analog stick
<b>Style pass</b>	<b>L1</b> button + the ⊗ button, ◻ button, or ○ button

**NOTE:** Style makes you look good and will get you to a GameBreaker quickly, but it also makes it much easier to lose the ball. Be careful.

## NEW WALL MOVES

When you're next to a wall, make the defense grasp—and gasp—for air. Run up the side of a wall to avoid a hit, rise above the defense to make a big catch, and earn huge Style Points by hitting Hot Spots (see p. 7).

Wall juke	<b>L1</b> button + <b>○</b> button
Wall hurdle/Wall dive	<b>L1</b> button + <b>□</b> button
Wall catch	<b>L1</b> button + <b>△</b> button
Wall pass	<b>L1</b> button + <b>×</b> button, <b>□</b> button, or <b>○</b> button

## DEFENSE

- To strip the ball from a ball carrier when you are grappling him, press the **L1** button while repeatedly tapping the **×** button.

### Defensive Power Move

- Press the **L1** button + the **□** button to punish the ball carrier and force a turnover. The harder you hit him, the more likely he'll lose the ball. If you miss him, you'll be completely out of the play.

## AUDIBLES

Keep your opponent guessing by changing the play at the line of scrimmage. To call an audible, press the **L1** button at the line before the ball is snapped. Press the D-button in the direction corresponding to the new offensive play or defensive scheme you want to choose.

- On offense, go into Max Protect by pressing the **L1** button to call an audible, and then press the **R1** button. Max Protect keeps at least one running back in the backfield to block and then release him into a pattern on a pass play. This is useful in stopping blitzes.

**NEW** On defense, press the **L1** button to call an audible, and then press the **R1** button to predict what type of play the offense is going to run. You boost your defensive attributes for the play by correctly predicting what the offense will do. However, if you guess incorrectly, your defensive attributes decrease for the play.

# SETTING UP THE GAME

Grab your gear and make sure you bring your A game. Anything less won't cut it.

## OPTIONS

There are two types of scoring systems: the traditional game where you play until a team reaches a certain score, and a Style Point Challenge where you win by earning the predetermined amount of Style Points. The Options menu is where you make that decision and many more. Each option is described on screen when highlighted.

**NOTE:** The Game Settings screen of the Options menu is the place to turn Vibration **ON/OFF**.

## USER ID

Create a User ID and use it every time you play to keep track of your teams and players, rewards, and statistics. You must have a memory card (8MB) (for PlayStation®2) to create and save a User ID.

## TUTORIALS

The quickest way to get your game up to speed is by checking out the tutorials in the Game Modes menu.

## QUICK GAME

This is the fastest way to get right into the game.

### TO PLAY A QUICK GAME:

1. Select QUICK GAME from the Main menu.
2. On the Select Sides screen, move your controller to the left side of the screen if you want the ball first. If you want to play defense first, move your controller to the right.
  - Up to four players can play a multiplayer game. Only one User ID can be used per team.
3. From the Select Teams screen, choose the match-up. Press the **○** button to make random selections.
4. Choose your seven players or select AUTO PICK PLAYERS to let the CPU pick your players.
5. Choose READY to start playing, or select LINEUPS to assign your players to positions on both sides of the ball (see p. 11).
6. Choose a playing field. Press the **○** button to pick a random field.

# ON THE FIELD

With a little practice and a lot of attitude, you'll be a legend in no time.

## GAME SCREEN

**Note:** In a Style Point Challenge, each offensive possession begins with the same field position to give you plenty of room to rack up some points.

## PLAYCALLING

On offense you can pick Run, Pass, and Trick plays. On defense, the three options are Stop Run, Short Pass, and Long Pass. Each of the play types has multiple pages of plays to choose from to keep the other team guessing. Press the **□** button to flip the play before choosing it. Press the **L1** button/**R1** button to scroll the pages.

## GAMEBREAKERS

When you earn enough Style Points, you're rewarded with a GameBreaker that you can use whenever it's available. There are two levels of GameBreakers. When you use a level 1 GameBreaker on offense each broken tackle, juke, spin, hurdle, pass, catch, and stiff arm deplete it until it's empty. If you wait until you've compiled enough Style Points to unleash a GameBreaker 2, your team automatically starts the play for you with some incredible athletic moves, which usually leads to a turnover when you're playing defense, or an easy score when you're on the offensive side of the ball.

When your opponent has an active GameBreaker, you can cancel it by activating one of your own, unless it's a GameBreaker 2. The difference between your meters determines how much GameBreaker remains.

## NEW HOT SPOTS

Hot Spots are posters on the walls of various fields in *NFL STREET 2*. Throwing down a Wall Move on a Hot Spot or tackling a ball carrier into one gives you a big boost in your GameBreaker Meter and changes the Hot Spot to your team's logo. It also unlocks Legends posters that you can track in the Stats and Rewards section of the Main menu.

## ON THE FIELD (CONT.)

- Legends are available in Pickup games once they are unlocked. Once you have unlocked all of the Legends you can select the Legends Team.

## PAUSE MENU

Press the  button to access the Pause menu. From there you can check out and adjust your lineup, change your options, review the controller layout, or quit the game and return to the Main menu.

# GAME MODES

---

Challenge the best players online, create a team, and work your way out of the hood in the new Own the City mode. You can also take on the best in the NFL and much more.

## PICKUP GAME

Like any old-school pickup game, you alternate picks with your opponent to choose teams. Only in *NFL STREET 2*, you're choosing from a pool of current NFL players and Legends. After you pick your seven players, set up the game as you would a Quick Game (see p. 6).

## NEW OWN THE CITY

Create a player, pull together a team from your hood, and dominate the streets one field at a time. Recruit the best players from the teams you beat as you build a rep and pave your way to the ultimate showdown in the City against Xzibit's all-star team of NFL Players.

The fields you need to conquer are shown on the Own the City map. Select a field and start working your way down the list of challenges that range from Pickup games, Street Events, and team games that pit your squad against the local teams.

Each victory earns you Credits, which can be used in stores to purchase clothing, gear, tattoos, and more.

## NFL CHALLENGE

Build a team and introduce your stylin' self to the NFL. Win challenges and earn Development Points that improve your squad. After completing the challenges, you move on to a Tournament where you see how you stack up against the best in the NFL.

**To begin an NFL Challenge**, give your team a name, choose some cool colors and a logo, and then edit your players.

- Modify your team at any time by selecting MODIFY TEAMS from the Main menu.

## ATTRIBUTES

Development points don't come easily, so make sure you spend them wisely. Here are the ten player attributes:

<b>Passing</b>	The speed and accuracy of passes
<b>Speed</b>	How fast a player runs
<b>Blocking</b>	Run- and pass-blocking ability
<b>O-Moves</b>	The ability to use the walls and perform juke, spin, and cut moves during receiver routes
<b>Catching</b>	Pass and pitch catching ability
<b>Run Power</b>	Ability to break tackles
<b>Jumping</b>	Ability to make jumping catches and interceptions
<b>Tackling</b>	Tackling ability and the accuracy of pursuit angles
<b>Coverage</b>	Defensive coverage skills and reaction to the ball on passes, which leads to interceptions
<b>D-Moves</b>	Ability to get through, around, and by blockers

**NOTE:** The only way to increase your attributes beyond the normal max of Level 20 is by equipping Impact Gear. Unlock Impact Gear by completing challenges.

## CHALLENGE MODE

Before entering the Tournament, you need to complete a series of unique challenges on every field. You're only allowed a certain number of days to prepare, so use them wisely. You can earn rewards for your team including Development Points, Impact Gear, and a chance to add NFL players to your squad. The tougher the challenge, the bigger the reward.

## NEW NFL GAUNTLET

It's you against the entire NFL in the Gauntlet. Pick your team, and then call out every squad in the league, one by one.

## NEW STREET EVENTS

From 4-on-4 showdowns to the every-man-for-himself battle zone known as Crush the Carrier, use the six new Street Events to perfect your skills.

## HINTS AND TIPS

---

- To bluff your opponent when you pick a play, press the **○** button to select a play, then keep scrolling. Press the **⊗** button to exit the Playcall screen. The last play you pressed the **○** button on is the play selected.
- To keep teammates on the same page during a cooperative game, when the team captain selects a play, the teammate's controller vibrates to indicate the selected play.

## PLAYER DEVELOPMENT TIPS

- When choosing players, keep in mind that everybody plays both sides of the ball. It's hard to find great all-around players. For example, a giant offensive lineman might be useful in pass protection, but his lack of speed could be a liability on defense.
- Make sure players have the right attributes for their positions. For example, quarterbacks need solid passing skills; wide receivers and defensive backs should have good speed, agility, and coverage; and linemen need both blocking (for offense) and D-Moves (for defense). It also helps to make all your players good tacklers since everyone plays defense.
- Keep in mind that height and weight are crucial to player development. A skinny lineman will get pushed around in the trenches, and a short wide receiver will get out jumped by taller DBs.
