GENERAL VOLLEYBALL RULES

The main goal in volleyball is to avoid having the ball hit the ground on your side of the net. You want to hit the ball over the net in such a way that it will land on the ground of the opposing team. At the same time you want to prevent it from landing on your own side. Once the ball is in play, it's called a "volley." A volley continues until the ball touches the ground or lands out of bounds.

- Each team gets up to three hits to get the ball over the net.
- The same player cannot hit the ball twice in a row, except in certain situations—after a block or if it hits the player and bounces off the net. The next contact must be immediate.
- After a serve, the opponent may not block or spike on the first hit.
- The ball is out of bounds if it crosses the net outside of the red and white antenna extending upward at either side of the net.

ADVANCED CONTROLS

Remember that if you press the button to hit the ball SLIGHTLY BEFORE the ball gets to your player, you will hit the ball with more control. Ideally, you want to be under the ball so you have maximum control of any bump, set or spike. This is even more important as your players improve and advance in their class.

Tip: Always try to keep your players positioned across the court to keep as much of the playing area covered as possible.

TWO SCORING MODES

- Rally - Every time the ball hits the ground someone scores, no matter who has the serve. The team that scores the point gets control of the next serve.
- Side Out - A team can only score a point if they served the ball.

SWITCHING SERVES

A player will continue to serve the ball until the other team scores a point or wins the volley. Teammates take turns serving only after control of the serve switches to the opposing team then back to their team.

GAME MODES

NO SHOES. NO SHIRTS. NO MERCY.

EXHIBITION

Designed for casual play and multiplayer games. All unlocked characters and courts are accessible—unlock others by completing Tour events. See p.16 for Exhibition modes of play.

RANDOM PLAY

Want to jump in and just start playing? In Random Play the game automatically picks 4 characters. Choose your own court and game options and get going right away.

TOUR

Consists of 50 events divided among 10 courts. Only 3 courts and 4 characters are unlocked initially. Completion of these Tour events lets the player unlock more courts, events, characters, outfits and drills. See p. 18.

DRILLS

Drills gives you practice in the finer points of play and are necessary to build up character skills. This lets you get better partners and thus win Tour events, as well as unlock stuff. See p. 19 for Drills.

GAME INTERFACE

1. TEAM INTERFACE

Indicates team characters, who is controlling them, and their Momentum level.

2. MOMENTUM METER

Yellow bar behind teammate name.

3. SERVE INDICATOR

Shows which team currently has the serve.

4. SCORE

The current score of the game.

5. FIGHT TOKENS

Indicates how many times a team may start a fight.
See p. 11 for Fighting.

6. MATCH INDICATOR

Displays how many games necessary to win the match and how many already won.

PLAYING THE GAME

POWER METERS

Meters appear to indicate the power of a serve or the quality of a spike. When serving or spiking the ball, a Serve Meter or a Spike Meter will appear to indicate how good the hit will be.

Press and hold the  button to quickly fill the meter. Once it reaches the top, the meter begins to empty just as quickly. As always, timing is everything. Try to release the button when the Meter is filled to get the best quality spike or most powerful serve possible by that character.

Note: The power of your serve and quality of your spike are directly linked to the character's attributes. See p. 13.

TEAM AIMER

 This target appears on the other side of the court when the player is preparing to spike or serve the ball. Move this target around the court to aim where the ball will go when hit.

Note: Toggle this target On/Off in the Options Menu.

DESTINATION TARGET

 This target appears once a ball has been hit to indicate where the ball will land.

TURBO METER

Pull and hold the  button half-way to see the Turbo Meter above each character's head. This Meter indicates how much power each character has for super spikes, super serves and quicker running. Turbo regenerates itself over time.

MOMENTUM

The amount of Momentum determines how quickly a character's Turbo Meter regenerates. Score points and win fights to gain Momentum. Miss shots and lose fights and you will lose Momentum. Momentum is indicated by the yellow bar behind the teammate's name.

TEAM TIMER

Indicates how much time remains for your team to complete their plays.

FIGHTING

DON'T JUST BEAT YOUR OPPONENTS, BEAT THEM SENSELESS

If you're not winning by playing better than the opposing team, take a page from Killer Miller's mom's book, "If you can't beat 'em, kill 'em."

Teams earn Fight Tokens after winning a long volley or making an Ace. With tokens, you can challenge one of the opposing teammates to a fight. Characters can punch, kick, block and use special moves to knock out the other player. However, use the special move shrewdly as there is a 15 second delay before you can use it again.

Note: Character attributes affect fighting — characters with more Power will hit harder, and those with more Speed will move faster. See p. 13 for more information on character attributes.

The winner of the fight gets to "steal" Momentum from the loser, enough to completely fill up the victor's Momentum meter.

1. MOMENTUM

Displays the amount that is at risk for the fight.

2. HEALTH BAR

When health is gone, the fight is over.

3. TIME LIMIT

The amount of time left in the fight.

THE CHARACTERS

TRAILER TRASH MEETS BIKINI BEACH

Leon is a badass former all-pro who's had his bad-ass kicked out of every other professional sports league. He's a born competitor who hates to lose.

Lizzy is the trashiest of the Euro-trash and damn proud of it. The only thing she loves more than volleyball is doing it in the backseat of her Morris.

The only thing **El Suave** loves more than beautiful women is his beautiful self. When he steps onto the volleyball court, even the sand swoons.

Shawnee is arguably the best Native American volleyball player in the country today, right behind Dances With Volleyball and Sitting Spike.

Mac Daddy extraordinaire, **Ice Trey** can bust a rhyme and a spike at the same time. His game is off da hezzy fo sheezy...or something like that.

Doe Joe is an expert volleyball player and a black belt in karaoke. When he's not busy crooning like his idol, Elvis, he's doing something else.

More than just another pretty face, **Summer's** got a nice ass, a great rack and killer thighs. And she's not too bad at volleyball either.

Country Clem loves to bump, set and spike, but hates to shower. When this down-home boy's not playing offensively, he's just plain offensive.

Donna Maroni is the pride of Queens, NY, which just goes to show how little pride Queens has left. She's a serious trash talker, who's also got game.

Chica Chavez boasts that she's 100% Puerto Rican and 200% attitude. Okay, so she may suck at math, but she's awesome on the volleyball court.

For **Natasha** the Cold War may be over, but on the volleyball court, communism still rules. She may seem a bit cold, but that's only because she is.

Harley is a motorcycle mama who likes to kick her opponents' asses, as well as her friends, family and, frankly, anyone who even looks at her funny.

Harvest believes in a philosophy of "live and let live," but she also believes in beating the crap out of her opponents. She spikes hard and saves whales.

The scariest dude to ever step onto a volleyball court, **Killer Miller** violates parole every time he assaults the ball. He's proof the system sucks.

Nikki Steele is living proof that rock and roll never dies and big hair's coming back. He's happiest when he's jammin', slammin' and glammin'.

When he's not totally 'faced, **Scrummy** is a holy terror on the volleyball court. He's fast as lightning and stronger than a shuggly wench in heat.

SELECT CHARACTERS

THE BALL ISN'T THE ONLY THING THAT BOUNCES

- Use the left analog stick or directional buttons to cycle through the character wheels and the button to select characters.
- Use the **L1** and **R1** buttons to change costumes.
- Use the left and right directional buttons to select a color.
- Hit the button to get more information on a character.
- Use the left and right analog sticks to zoom and rotate character.

Characters have ratings in 4 performance attributes—

SPEED, POWER, OFFENSE AND DEFENSE.

Once you build up your character's different attributes, they can be used in all modes of gameplay. For info on how to build up attributes, see Drills, p. 19.

FIRST TEAM

The 16 characters in the game are divided into 4 separate classes: **Dookies**, **Chumps**, **Bangers** and **All-Stars**. At the start of a TOUR the player can pick any 2 of 4 available characters (all in the Dookie class) to form an initial team. As the

player progresses through the Tour, formerly locked characters become available.

Lower-ranked characters cannot choose a partner from a higher class and must work their way up to improve their team. Higher-ranked characters can partner with anyone their class or

lower. Use the Drills to increase a character's skills and class. Once a character has reached a higher class, others from that class will now partner with them.

For example, if the player raises Lizzy to the Chump class, other Chump characters like Ice Trey become available as partners.

DUMPING PARTNERS

In order to free up a spot for Ice Trey, Lizzy has to dump her partner Leon. Sorry Leon, but a girl's gotta do what a girl's gotta do. Dump a partner by hitting the \triangle button. Reverse the Dumping by hitting the \triangle button again.

THE COURTS

NOT JUST ANOTHER DAY AT THE BEACH

TAR BEACH, THE BRONX, NY

Beach volleyball in the Boogie Down. Bikini babes, baking sun and noxious tar fumes create the perfect atmosphere for an urban assault.

THE BIG HOUSE, JOLIET, IL

It's lockdown in an all women's prison—talk about a captive audience! The beach moves behind bars as the Outlaws battle each other in "familiar territory."

COLON AVENUE, STATEN ISLAND, NY

Barbecue grills, backyard pools and a handful of ex-cons in thongs. There goes the neighborhood!

STINKY FALLS, NEWARK, NJ

Strange sounds emanate from below the sticky streets of Newark. Is the sewer home to hordes of mutated life forms? Nah...it's just a "friendly" game of volleyball echoing through the pipes.

CONEY ISLAND, BROOKLYN, NY

Grab a hot dog, take a walk on the boardwalk—and get a tattoo. The action moves to the beaches of Coney amongst the freak shows and vagrants. Keep an eye on the ball (and your wallet).

THIRD RAIL JUNCTION, QUEENS, NY

Giving new meaning to the words "railroad spike," Third Rail Junction is dark, dangerous and an ideal place for an Outlaw and his or her volleyball. Just try not to chase a ball out of bounds...that's the 5:15 from Flushing rolling over the backcourt!

THE ICE BOX, ANTARCTICA

Men and women in bathing suits playing volleyball on the frozen tundra...does it get any better? This is what happens when you're kicked out of the Polar Bear Club for being "truly insane."

THE BONE YARD, SALEM, MA

Rest in peace and grab a plot—you're at the first-ever volleyball tournament on sacred ground.

JUNGLE FEVER, SOMEWHERE IN PERU

Don't worry folks, no trees were killed or animals harmed when clearing these few hundred acres of land. The locals did a "rainforest transplant." (Yeah, and if you believe that we've got a bridge you might be interested in!)

CASA DE GUAPO, FUNDIJO CANYON, MEXICO

Lick the salt, drink the tequila, bite the lime... and chase it all down with a shot of volleyball. Montezuma's not the only one seeking revenge!

EXHIBITION WITH 3 MODES OF PLAY

NOTHING IS OUT OF BOUNDS

- Choose from the available courts by pressing the ⊗ button. Unlock courts in Tour Mode.
- Use the directional buttons or left analog stick to alter the various settings.
- 3 modes of play—**Classic, Hot Potato and Casino**

CLASSIC

Goal: Reach the selected point total to win.

Win Conditions: Score more points than the other team.

Description: Standard rules most people associate with volleyball.

HOT POTATO

Goal: Keep the ball on the other team's side.

Win Conditions: Score more points than the other team.

Description: A timer is counting down onscreen. When it goes off, the ball explodes and a point is awarded. The side where the ball explodes loses the point. If the ball hits the ground or goes out of bounds, the ball explodes immediately and the point is awarded using regular rules. If the ball is in the middle, the point is awarded to the offense.

CASINO

Goal: Win more money than your opponents.

Win Conditions: The team with the most money wins.

Description: Every volley has a pot, worth \$1 at the start of the volley. The longer the volley lasts, the greater the pot becomes. The maximum amount is \$5.

OTHER EXHIBITION GAME SETTINGS

SCORING STYLE

Choose whether only the serving team can score (Side Out Rules) or whether a point is awarded at the end of every volley (Rally Rules).

POINTS TO WIN

GAME TIMER

TEAM TIMERS

TIME BOMBS

Every point drops a time bomb at the point of impact. When it blows, try to be nowhere near it.

TOUR MODE

SHUT UP AND SPIKE

Play through Tour Mode and get in peak performance condition.

You start off with four available characters— Leon, Lizzy, El Suave and Shawnee, who are all in the Dookie class. This is the lowest class of player and you really have some work to do. You must advance through the events— winning each to unlock the next. By practicing the Drills you can build up your character's attributes and skill level, so they can take on harder competition and events.

Initially, the available courts are Tar Beach, The Big House and Colon Ave. on Staten Island. Each Court has 5 events although you must win the first event to open others. As you progress through the 50 events, other characters, drills and costumes are unlocked, providing more challenges, possibilities and entertainment.

Anything you unlock in Tour Mode is available for you to play, in Exhibition Mode and in Random Play. So get going – the competition's getting stiffer every day.

SCORECARD— TOUR AND EXHIBITION MODE

The Scorecard displays after every game to indicate the scores and how many games won in the series.

- Press the  button to see Stats, including number of blocks, kills, aces, saves and errors made per player for each game.
- Press  button again to see the stat totals from all the games
- Press the  button to continue on with the series and play another game.

SUSPEND—TOUR MODE ONLY

In Scorecard, pressing the **△** button allows you to suspend the Tour event and save your progress. When you join the Tour again you will continue from where you left off.

DRILLS

FIGHT FOR EVERY POINT. SCORE WITH EVERY BABE.

Lucky for you, these aren't the same old drills from gym class, unless you used to improve your accuracy by aiming at the spectators.

Drills are necessary to build up the characters' skills and class. That's how you get better partners so you can win events and unlock stuff.

You start off with 5 Drills that cover volleyball skills including spiking, serving, bumping and blocking. As you play through Tour Mode, and successfully win events, more challenging drills are unlocked to help you ramp up your skill level.

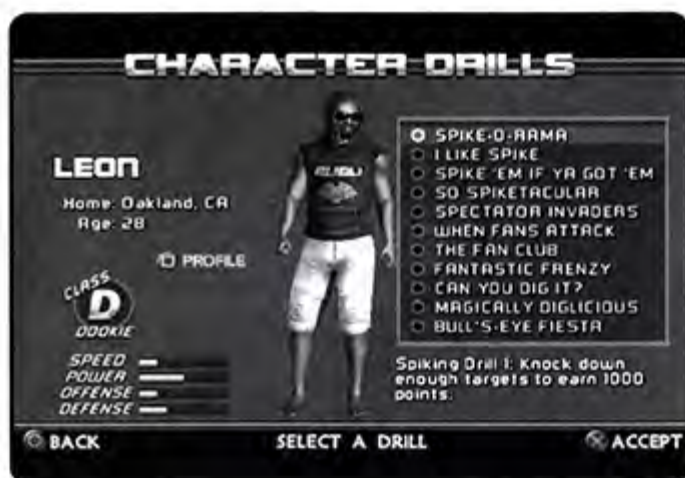

When a drill is completed successfully, the earned skill points can be applied to a character.

Each character must be drilled separately, although characters that you unlock in Tour mode start in higher classes. A character that starts at a higher class will receive less points per drill than someone from a lower class, but in the end, every character can be maxed out by completing all the drills.

After successfully completing a drill, you will be able to put points towards any or all of the 4 attributes.

SPEED: How fast a character moves

POWER: How hard a character hits the ball

OFFENSE: Overall offensive abilities

DEFENSE: Overall defensive abilities

Remember that although each character can be "maxed out" in the four categories, different characters have different maximums. Thus, a fast character who is maxed out will be faster than a slow character who is maxed out. Try to select partners who complement each other.

Firewalls

In order to join or host and Outlaw Volleyball Remixed game from behind a router with NAT (Network Address Translation), or firewall, you may need to enable Port Forwarding. You will need to route, or forward, all data on TCP ports 28910, 29900, 29901, 29920 and UDP ports 6500, 2790, 2791, 27960 to the IP address assigned to your PlayStation®2 console. (Note: users using DHCP must ensure that their PlayStation®2 console is always assigned the IP address specified in the Port Forwarding setup; under these circumstances you may need to change your PlayStation®2 from "Auto Detect (DHCP)" to a "Static IP" address using the Network Configuration GUI or Network Adaptor Start-Up Disc to ensure that forwarded data always gets to your PlayStation®2 console.)
