⚠ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
 - Avoid large screen televisions. Use the smallest television screen available.
 - Avoid prolonged use of the PlayStation 2 system.
Take a 15-minute break during each hour of play.
 - Avoid playing when you are tired or need sleep.
-

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

HISTORY OF SNK

SNK Playmore (also known as SNK) is a Japanese video game hardware and software company founded in 1978 by Eikichi Kawasaki in Osaka, Japan. The acronym SNK is short for Shin Nihon Kikaku meaning "New Japan Project". The company, a pioneer in the coin-op arcade industry was later notable for creating the Neo-Geo MVS and AES arcade systems. SNK has an impressive library of over 100 titles and continues to publish high quality games for the arcade and home console systems in Japan and around the world to this day.

BEGINNING THE GAME

Once you've selected a game, you will have the option of either playing a New Game, Starting from Checkpoint or Returning to Main Menu. Press the START button to begin the game. A second player may join by connecting a second controller to the controller port 2 of the PS2 and pressing their START button.

Start from Checkpoint will begin a new game at the beginning of the level where the last checkpoint was created. How checkpoints are created differs from game to game. Please note, checkpoints do not save when playing in multiplayer.

In Neo Turf Masters, checkpoints are created after each hole. In Baseball Stars 2, checkpoints are created after each inning. Shock Troopers has no checkpoints.

In the other 13 games in the collection, checkpoints are created when you reach the 'Game Over' screen. In these games, if you don't lose the game and see the Game Over Screen, a checkpoint will not be created.
