INTRODUCTION

Join Scooby-Doo and the Mystery Inc. gang in an all-new adventure!

Tired of the mystery-solving game, Shaggy and Scooby follow a delicious scent into the swamp behind the Mystery Inc. Clubhouse... and stumble onto their biggest mysteries yet!

Can you help Mystery Inc. collect clues, solve the case and catch the criminal masterminds? Some of the best sleuthing tools are at your disposal! Take photographs, organize stakeouts, collect pieces of evidence, search for clues with your magnifying glass, record the conversations of suspects and reassemble scrap pieces of important documents!

Travel between three unique regions, meet new friends (or are they?), battle ferocious foes and build the ultimate sandwich! Scooby-Dooby-Doo!

CLUBHOUSE

Getting into to the Clubhouse is as simple as walking through the door. The Clubhouse is located in the Swamp, where the adventure begins. Returning to the Swamp from another region will bring you back to the Clubhouse. You can then use the Mystery Machine to travel to other areas.

When resuming a saved profile, you will always be returned to the Clubhouse.

REWARDS

Trophies

There are 15 trophies for you to earn as you progress through the game. Check the trophy shelves in the Clubhouse to see how you can win them!

Costume Parts

PLAYING THE GAME

Scooby-Doo! and the Spooky Swamp allows 3 game Profiles to be saved on your PlayStation®2 system. Use the directional buttons or the left analog stick to select your existing Profile to continue a game, or select a 'New Game' to begin a new adventure.

GAME SCREEN

1. The Player 1 icon shows which character you are currently playing.
2. Your Courage Meter is depleted whenever you take damage. Collect Courage Hearts to keep it from getting too low! In a Multiplayer game, Player 2 also has a Courage Meter.
3. (not pictured) Your cache of Scooby snacks!
4. A second player can join the game at any time by pressing the **START** button on another controller.
5. Indicates you have a new objective to achieve.
6. Objective description. Press the **SELECT** button to check the notebook for more information.
7. Lets you know where you currently are.
8. (not pictured) Autosave Icon. Appears when the game is saving. Don't switch off the console when this icon is displayed.
9. (not pictured) Item Tally. This appears when you need to collect all items within an area.
10. (not pictured) S-C-O-O-B-Y Letter tally.
11. (not pictured) Collectible notification (Medallions, Costume pieces, Monster Masks, Sandwich Parts)

PAUSE SCREEN

You can Pause the game at any time using the **START** button. You then have the opportunity to Resume or Quit the game using the directional buttons or the left analog stick and press the **X** button to accept. If you choose to Quit, you will be taken back to the title screen.

If you're playing a multiplayer game, the pause menu will give either player the option to 'Drop Out'.

The Pause menu is full of information about pick-ups in the area – those that you have collected, and how many are still remaining. Use the menu to check your progress regarding Monster Masks, Sandwich Parts, Scooby Medallions, Costumes, Scooby Letters and Ghost photographs!

MULTIPLAYER

Work with a friend to solve the mystery!

Player 2 can press the **START** button on a second controller to drop in at any time. Either player can drop out of the game by bringing up the Pause menu with the **START** button and selecting 'Drop Out'. The game will resume uninterrupted with one player and an AI companion.

To swap characters during a Multiplayer game, press the **△** button. If the second player also presses the **△** button when prompted, both characters will swap over.

Both players can bring up their own Character Select wheel. If one player brings up the Costume Select screen, both players can change costumes before gameplay resumes.

SAVING

Scooby-Doo! and the Spooky Swamp uses an auto-save feature, so there is no need to manually save the game. Your trophies, collectibles and achievements will be saved automatically as you progress.

When resuming the game with a saved profile, play will always resume in the Swamp, in front of the Clubhouse.

OBJECTIVES

If you're not sure what you need to do next, don't worry! You can always consult your notebook.

Mystery Inc. will always receive their next objective on-screen. You can press the **SELECT** button to check your notebook if you forget, or for more information.

COMBAT

Talk to other characters... they might let something slip...

Mystery Inc. will encounter some strange creatures on their journey... many of which will try to stop the gang from solving the case!

Every character has their own combat moves and special abilities. Press the **■** button to attack, or hold down the **■** button to charge up for a more powerful hit! You can also try pressing the **■** button while in the middle of a jump to deliver a devastating ground pound attack!

Try listening to Mystery Inc. when you're battling an enemy. Sometimes you'll need to time your attack just right, or maybe you need to throw something at them first! Your character will often give you a hint.

SPECIAL ABILITIES

Some characters can interact with certain objects. Look for an icon of that character, or a colored glow. Switch to that character by pressing and holding the **▲** button to bring up the character select wheel! If the character you need is being played by the AI, tap the **▲** button to switch.

Only Velma can operate terminals. Press and hold the **▲** button to bring up the character select wheel and select Velma with the **■** button.

Some areas can only be played using Shaggy and Scooby. If you miss something, you'll have the chance to return to these areas later!

COURAGE

Purple hearts replenish Mystery Inc.'s courage meter. If you take too many hits from an enemy, your character will lose all their courage and disappear! The courage meter will pulse if your courage is getting low.

PICK UPS

COURAGE HEARTS

Gives your Courage meter a boost.

SCOOBY SNACKS

Many objects which can be hit or broken contain Scooby Snacks! Collect as many as you can and use them to purchase Costumes. Keep watch for Super Scooby Snacks!

SCOOBY MEDALLIONS

These are worth 500 Scooby Snacks! See if you can collect them all.

Medallions are stored in the Clubhouse. Check the Pause menu to see how many Medallions you can find in your region.

COSTUME CHESTS

Some costumes are unlocked when you find them in costume chests, and others can be purchased with Scooby Snacks! There are also some special costumes which aren't found in costume chests, but are given as rewards for winning a trophy or unlocking a case file!

MONSTER MASKS

Most enemies will drop masks when they are defeated. If you can collect enough of these, you'll unlock a Clubhouse Case File for that enemy and find out who (or what) they really are! Use the Pause Menu to check how many masks you have collected for enemies in your region.

S-C-O-O-B-Y LETTERS

Each region contains enough letters to spell 'Scooby'! Collect them all to unlock a trophy!

SANDWICH PARTS

Scooby and Shaggy aren't mystery-solving for free! Collect as many sandwich parts as you can. Check the Clubhouse to see how big your sandwich is!

COSTUMES

Dressing up is awesome! View your costumes by selecting the costume icon on the Character Select wheel. Press and hold the  button, then select the costume icon. Try themed costumes, or get creative!

Some costumes need to be purchased with Scooby Snacks... so collect as many Snacks as you can! You can see the whole range of costumes available in the Clubhouse, including how many are still left to find. Some costumes can't be found... they can only be earned!

MINI-GAMES

Throughout the game you'll have the opportunity to try your hand at mini-games! These are scattered throughout the three regions. Play them all, beat your best scores, and win Scooby Snacks! Most mini-games are available after you have solved the mystery for that region; or if you have played it already during the game.

DOJO DANCIN'!

Lila is never short of wanting to be impressed - by subjecting Mystery Inc. to her various 'tests'. Return to the Dojo at any time to take on a growing number of Spiders and see how long you can last without losing all of your courage! How long can you dance in the Dojo for?

BURRITO BARRAGE!

Watch out! The Bandidos of El Muncho are hungry and they're after the local Burrito Stand! Will you allow the precious Burrito pieces to be gobbled up by these zombies? Protect the only food left in the town against wave after wave of Bandidos before they eat every last Burrito. How many waves can you defend against?

FIRE FIESTA!

The El Fuego Diablos have run rampant throughout El Muncho and have left Spot Fires all over the place! It's not clear whether or not they did it on purpose, but one thing is clear - the fires must be put out! El Muncho's Fire Brigade has gone missing; along with everyone else... will you fill their boots and help protect El Muncho from the devastating effects of spreading spot fires?

CATAPULT CASCADE!

Lila has yet another Challenge for Mystery Inc. - this one involves a catapult that she made long ago to practice her targeting skills. Can you beat Lila's record in this shooting gallery?

PROTECT-A-PLOW!

Escort Howling Peaks' trusty plow to the Chalet as fast as possible! Stop the Weendigos from thwarting your progress!

LAUNDRY LADY!

The Chalet's laundry lady, Helga, has run for the hills! It's up to you to finish the job! Find the dirty piles of washing in the Chalet rooms, put them through the wash, and return them to their rooms as fast as you can. Helga's got a few years experience on you, so you'll have to work hard to beat her record!

CHICKEN ROUND-UP!

Collect as many chickens as you can and place them in the coop before time runs out! The more chickens in the coop, the higher your score!

SANDWICH STACKIN'!

After the final boss encounter, players will find themselves in a Sandwich Stacking Mini-Game where the fastest stacker will emerge victorious! Scooby and Shaggy compete in a crazy culinary creation challenge that has them quickly scrambling to make their sandwich bigger than their opponent's.

SOLVING THE CASE

OBJECTS

There are many things in the environment which you can use to your advantage. Use the **○** button to pick up objects like sand bags, water pots and snowballs. If an object can be picked up, it will have a **○** button icon prompt.

Sometimes you have to do someone a favor before they'll talk to you! If someone asks you to fetch something for them, find it and carry it back to them.

Objects can be placed on the ground by pressing the **○** button again. To throw an object, press the **○** button.

CRIME-FIGHTING TOOLS!

Along your journey, you'll receive two of the most important tools in your crime-fighting arsenal – the Camera and the Magnifying Glass! Press the **L1** button to equip or put away your Camera, and the **R1** button to equip or put away your Magnifying Glass. A third piece of equipment at your disposal is the Tape Recorder!

Use the Camera to photograph suspects, enemies and pieces of evidence. You can even photograph the occasional Ghost! When you're holding the camera, press the **×** button to take a photo. The camera reticule will flash green if it's hovering over an item or person that can be photographed.

Your photos of people and enemies are added to the Case Files in the clubhouse! Photos of suspects are also displayed on the Mystery Machine pin board.

Use the left analog stick button to aim the Camera and Magnifying Glass.

Use your Magnifying Glass to look for clues which can't be seen with the naked eye! Once your Magnifying Glass has picked up a clue or an object, you can still see it after you've put the Magnifying Glass away. Search for footprints, secret doorways and important items!

The Tape Recorder is used in certain situations when you need some voice-recorded evidence! When prompted, stand in the marked area and hold the  button to complete the recording.

CLUES AND EVIDENCE

Solve the mystery! Photograph items and suspects, collect small pieces of evidence in baggies, record suspicious chatter and piece together torn paper scraps to reveal a clue. Your clues and evidence can be reviewed on the Mystery Machine pin board.

SCRAP PUZZLES

Throughout the game, you'll find yourself collecting torn scraps of paper for evidence. Upon collecting all scrap pieces, the Scrap Puzzle mini-game will appear on screen. Using the left analog stick, point to the piece you wish to move and press the **X** button to grab it. Move it to the empty board and use the **L1** button and the **R1** button to rotate the piece. When you are happy with the piece's position, drop by tapping the **X** button again. Position all the pieces correctly to complete the puzzle!

MYSTERY MACHINE

Your mystery-solving headquarters while on the road! Press the **○** button to climb into the back.

MYSTERY MACHINE MAP

The Mystery Machine has two main functions. Inside is a Map that can be used to travel to different areas.

MYSTERY MACHINE PIN BOARD

The Mystery Machine also contains a pin board that displays all of the clues you have collected so far and your photographs of the suspects you've met. Assign clues to your suspects and see how the evidence stacks up!

You can return to the Mystery Machine at any time during the game to access and organize your sleuthing data.

While you're solving the mystery, check the Mystery Machine pin board to assess your collected information and build your case! Use the left analog stick to link the pieces of evidence to suspects with string by pressing the **X** button. The yellow stars show which suspect has the most evidence against them.

GUESS WHO!

Your powerful sleuthing skills during the game will help you collect clues! These are displayed on the Mystery Machine Pin Board and will help you identify the villain!

At the end of each region, you'll have the opportunity to accuse the perpetrator. During the Guess Who mini-game, suspects will appear on screen and your camera will be activated. Using the left analog stick, direct the camera over the suspect you believe is the villain and press the **X** button to take their photograph.

If you have chosen the correct villain, 'Guilty' will be stamped on your photograph and you will receive 500 Scooby Snacks as a reward!

Like Shaggy, Scooby-Doo would both rather be searching for food than clues! However, the hungry duo is always willing to lend a hand when someone is in trouble.
