If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

## Memory Card (8MB) (for PlayStation®2)

To save game settings and progress, insert a memory card (8MB) (for PlayStation®2) into MEMORY CARD slot 1 of your PlayStation®2 system. You can load saved game data from the same memory card or any memory card (8MB) (for PlayStation®2) containing previously saved games. A saved game's data takes up 270KB.

## DUALSHOCK®2 analog controller configurations

### Starting Up

To select menu options, use the **↑** and **↓** directional buttons to navigate the menu options. Highlight the desired option and press the **×** button to accept. To select a menu option, follow the on-screen button prompts and press the **×** button to accept and the **△** button to go back. *Shark Tale* supports the DUALSHOCK®2 analog controller. When the MODE INDICATOR is on, the left analog stick works the same as the directional buttons.

## Dance Pad Controller

*Shark Tale* supports most 3rd party dance pad controllers (sold separately). The dance pad controller is optional for playing *Shark Tale's* Dance Mode.

If you want to play using a dance pad controller, simply connect the controller to controller port 2 on your PlayStation®2 system. Use the dance pad controller in chapters 3, 6, 15, 20 and 23 to bust out your best moves! Once you complete the game, you can replay these chapters to beat the high score!

Please use the dance pad in a safe environment where you won't slip and fall. Also, position your dance pad controller in an area where you won't disturb others with your movements and sound.

Extreme play motions can be dangerous on a dance pad controller, so please play carefully!

## Welcome to Reef City

It all begins as a typical day for Oscar, a smooth talkin' little fish working his way up the food chain, searching for an easy path to fame and fortune. Oscar finds himself in a jam more often than not. He isn't a troublemaker, but finds himself in hot water. Working at the Whale Wash just doesn't pay the bills, and Oscar owes his boss, Sykes, a lot of clams.

This is where you come in... You'll have to help Oscar hustle to stay one step ahead of the sharks and become the hip hero of Reef City. Your skills will help Oscar pay the bills in his fight to avoid danger and rise to fame. It won't be an easy time! You'll need to use your wits as

you visit the underbelly of Reef City, hunt for information, stop the bad guys and win the admiration of the public in your quest for fame. Good thing Oscar has all the right moves... Whether he's at the edge of the reef battling sharks or showing off his fresh grooves downtown in Reef City, Oscar does it with all the style and panache of a superstar.

Playing as Oscar, you'll adventure, race, dance and fight your way to fame and fortune. In *Shark Tale*, if you can avoid becoming shark bait, you can become the most famous fish in Reef City.

## Game Types

### Adventure

See Reef City for yourself. Swim through the city streets, work your way through the Whale Wash or sneak around in the shipwreck. Follow the mission objectives to earn fame and bonuses.

While exploring, collect clams and watch out for predators. If you've taken damage and need to increase your health, use the action button (X button) to knock on a neighborhood door and waltz in for a treat. You can enter a door if it has a yellow (!) displayed in front of it. You can also swim down side streets and alleys by using the action button (X button) on street signs that have

a yellow . When stealth is an option, make sure to hide behind objects. You can hide behind objects when a yellow  is displayed in front of the object.

### Race

The hustling and bustling reef can be a traffic jam! Oscar can't wait around, being an up-and-coming superstar. Grab a taxi fish or shark fin and race through the streets and trenches of Reef City.

To keep the lead or catch up, use shortcuts. When you see an indicator pointing to a shortcut, quickly dodge (**R1** or **L1** button) to make the turn. Also, look out for boost currents. They'll propel you through the water like never before. Don't forget, the faster you are, the more famous you'll become.

### Fight

Defeat huge sharks and their cronies in your quest for fame and fortune! Fame comes at a price, and the cost is protecting yourself and the reef from those nasty sharks! Sometimes it's better to flee and fight

another day, and Oscar can only fight when he has enough fame to ensure victory. Before Oscar hits the big time (and even after he's a star), make sure to follow the hints displayed on the sides of the screen to avoid being eaten when being chased. While fighting against huge enemies, use the left analog stick to dodge and the , , or  buttons to attack your opponent. Oscar can also taunt an opponent during a fight by pressing and holding the  button. A successful taunt will help Oscar recover some much needed energy.

## Dance

Oscar's got the grooves, but do you have the moves? Command Oscar to dance to the funkiest tunes in Reef City. Stay on the beat and don't miss a step to dance your way to fame. Press the **↑**, **↓**, **←**, **→** directional buttons or the **△**, **×**, **○** or **■**

buttons in the direction of the arrow displayed on the screen. Timing and rhythm are important, so make sure to press when the arrows are in the center of the target. The better your moves, the more fame Oscar acquires! If you see an arrow that has 2 directions (**←→**), press the corresponding directional button and the **△**, **×**, **○** or **■** button at the same time.

## Locations

### The Brownstones

This is Oscar's neighborhood. Oscar knows his way around this area pretty well, but that doesn't mean he'll have an easy time here.

### Warehouse District

The Warehouse District is located in the deepest end of Reef City. Some slimy fish hang out down here, so Oscar may want to keep a low profile in this neighborhood.

### The Sewers

The sewers lie below Reef City and are a great place to go when Oscar needs to keep a low profile. The fish that live down here are mostly scavengers.

## Upper Reef City

The big city where nearly everything takes place.

## Shipwreck

The shipwreck is only a short distance from Reef City. It's home to the sharks and other mean and nasty fish. Be careful!

## The Whale Wash

Sykes' Whale Wash, where you get a whale of a wash, and the price, oh my gosh! Oscar works here, but he never seems to get very much done.

## CLAMS

Clams are the currency of Reef City. Throughout your adventure, you'll have the opportunity to earn clams to unlock special items from the Extras menu. Clams are earned by collecting and swimming around pearls, placing high in races, scoring in dance mode

and completing the mission objectives displayed at the beginning of each chapter. Be sure to collect as many clams as you can find!

*Note: The number of clams displayed on the Extras menu represents the total number of clams earned in every game saved on the memory card in memory card slot 1, and may not match the total number of clams in your current game depending on how many Extras you've unlocked.*

## FAME CHART

Oscar's ultimate goal is to become the most famous fish in Reef City. To increase Oscar's fame, be sure to complete as many level objectives as possible and collect as many clams as you can. Your newfound fame gives you access to special items from the Extras menu. To view your current fame ranking and see how many more Fame points remain until your next level, pause the game action and select the Fame Chart in the Pause menu.

# Characters

## Oscar

Oscar is a fast-talking little fish, who's been able to finagle his way out of trouble—until now. After taking credit for being a hero, Oscar starts living the good life. But if he can't live up to his reputation, he knows the tide will turn against him.

## Sykes

Sykes is a puffer fish who's full of hot air. He owns the Whale Wash where Oscar works, but also floats a few business deals on the side. When Oscar strikes it big, Sykes seizes the

opportunity to make a few extra clams and takes Oscar under his fin.

## Angie

Angie is a beautiful angelfish who harbors a secret crush on Oscar. She was the only one who believed in Oscar when he was a nobody, but she can't help but be disappointed when he plays the hero to the hilt. Angie is truly the angel on Oscar's shoulder, making him do the right thing in spite of himself.

## Lola

Lola is a sensuous dragon fish who uses all her feminine wiles to get what she wants—and what she wants is the reef's newest hero: Oscar. A true femme fatale, Lola may prove fatal to Oscar when she gets her hooks into him.

## Frankie

Frankie is Lino's oldest son, a hot-tempered, cold-blooded great white shark. A loyal son, Frankie does his best to help his brother Lenny become the killer shark he was born to be.

Unfortunately, Frankie is anchored to old family traditions, which leads to his untimely fate.

## Lenny

Lenny is the son of Lino, but when it comes to eating his fellow sea creatures, this great white shark has lockjaw. Who ever heard of a great white vegetarian shark? If Lenny's ever

going to earn his father's respect, he's going to have to teach his dad that it's sometimes okay to swim against the current.

## Lino

Lino is a great white shark and the master of the reef. He has big plans for his sons, Lenny and Frankie. When Oscar interferes with those plans, Lino decides to make Oscar the catch of the day.

## Ernie and Bernie

Two Rastafarian Jellyfish, Ernie and Bernie, work for Sykes and take great pleasure in their work. Ernie and Bernie have a stinging sense of humor, and what they try to do to Oscar is truly shocking.

### **Crazy Joe**

Oscar's hermit crab friend and confidant. He's a little zany, but everybody loves him. He's very helpful and might show up to help Oscar during his adventure.

### **Police Dolphins**

Always on the lookout for anything "fishy," Police Dolphins are on the beat to protect and serve Reef City's neighborhoods.

## **Anemones**

### **Piranha Fish**

Some of Lino's pets have escaped and can be found roaming near the shipwreck. These fish look adorable at first with their big puppy dog eyes. When they open their mouths, it's a different story altogether. Keep your eye on these guys...

### **Angler Fish**

A deep sea fish with sharp teeth and its own built-in light. Stick to the shadows when the angler comes around.

### **Guard Fish**

Mean-looking fish usually prowling around with a piranha. If they spot you with the flashlight, prepare to get chomped!

### **Angry Puffer Fish**

These puffers seem to have a grudge against Oscar and can be very dangerous. When they puff up, stay away! Those spikes hurt!

### **Jellyfish**

Jellyfish linger in some of the seedier neighborhoods of Reef City. Some jellyfish float around and seem pretty relaxed, but others can move fast! Don't get too close—they pack a mean sting!

### **Crabs**

These stingy creatures are highly defensive of their claws. Dash over or under when they jump to evade their claws. Proceed with caution.

### **Electric Eels**

Super-slinky meanies with “electrifying” personalities. The eels are attracted to Oscar’s wit and charm.

### **Sea Urchins**

These spiky little creatures can't move too fast, but can sting Oscar anyway if he runs into them. Ouch!

### **Street Oyster**

The pearl at the center of the oyster is awfully tempting, but beware of the snapping-shell action.
