If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

How to Play

Story

The citizens of Springfield are growing suspicious over the sudden appearance of mysterious black vans and video cameras throughout the town. Where did they come from? Who is behind it all? And what's all the "buzz" about *New and Improved* Buzz Cola?

Object of the Game

Take turns playing as Homer, Bart, Marge, Lisa, and Apu throughout various levels and missions as you work to unravel the strange mystery plaguing Springfield.

T

To begin a story mission, talk to any character with an exclamation mark "!" over it—this character will give you your first task. Missions are grouped into a series of smaller tasks that all need to be performed for the mission to be completed.

**MISSIONS****B**

Bonus races are scattered throughout levels. To begin a bonus race, find a character with a checkered flag or a pair of dice over its head. If you win all three checkered flag races in the level, you will unlock a bonus vehicle!

**RACES**

HIT & RUN

A

rows will often appear on the streets to guide you to your next mission objective. A navigation radar is also located at the bottom right corner of the screen to help you identify items, characters, and key geographic features nearby. A directional cone will also sometimes appear on the radar to give you guidance on which way you should be heading.

NAVIGATION

R

reckless driving will attract the attention of the police. Every object or pedestrian you hit will increase the Hit & Run meter around the radar in the bottom right corner of the screen. If you allow your meter to get too high, police will be dispatched to chase you. If they catch you, they will stop you and take away some of your coins. You can gradually reduce your Hit & Run meter by steering clear of obstacles. To reduce it even faster, try switching vehicles at phone booths or walking inside an interior.

HIT & RUN

C

oins will appear scattered throughout the levels and as rewards for breaking various objects. Coins can be collected to purchase bonus vehicles and special character costumes. To buy bonus vehicles, find a character with a dollar sign "\$" above its head and talk to it. Special character costumes can be purchased inside landmarks like the Simpsons' house and the Kwik-E-Mart.

**COINS****T**

roughout the game, you'll find Collector Cards of items from various episodes of The Simpsons. After finding all seven cards in a level, a new track will be unlocked in the Bonus Game. If you find all 49 cards in the game, you will unlock a very special bonus reward!

**COLLECTOR CARDS**

C

Chase, Evade, and Damage Missions

During selected missions, you may be required to chase or evade another vehicle. In these instances, a special Chase/Evade meter will appear at the top of the screen to help you judge your proximity to the enemy vehicle. A full meter indicates that your opponent is nearby.

Some missions require you to "damage-out" another vehicle for successful completion. In these instances, the meter will display the damaged state of the opposing vehicle. The meter will fill as you inflict increasing damage on your opponent.

V

ehicle Damage

Vehicle Reset = SELECT button

Hitting obstacles and traffic cars will cause your vehicle to take damage. If you take too much damage, your vehicle will be destroyed. Wrenches are hidden throughout levels and can be used to fix damage to your vehicle. New vehicles can also be obtained by visiting phone booths.

If your vehicle gets stuck, you can reset it by hitting the SELECT button.

P

hone Booths

Phone booths are scattered throughout each of the levels. They allow you to restore the condition of your current vehicle or switch to a different one. You can select from any of the cars you have previously used or unlocked. Bonus vehicles can be purchased throughout Springfield from characters with dollar signs "\$" above them.

Tips and Tricks

Keep your eye on your Hit & Run meter. Striking too many obstacles and pedestrians will attract the attention of the police.

Don't worry about collecting coins when you're in the middle of a mission. You can take your time later and roam freely without the added pressure of completing a task.

Wager Races can be a great way to earn coins quickly.

The best way to destroy a wasp is with the Jump Kick attack.

Use the camera controls to look around the world for Collector Cards.

Practice using the E-Brake to slide around corners at high speeds.

Different vehicles have different speed and handling characteristics. Make sure you're using the best vehicle for the situation.

Collect all the special Collector Cards to unlock special bonuses.
