**⚠ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES**

**READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

---

**Use and handling of video games to reduce the likelihood of a seizure**

- Use in a well-lit area and keep as far away as possible from the television screen.
  - Avoid large screen televisions. Use the smallest television screen available.
  - Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
  - Avoid playing when you are tired or need sleep.
- 

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

**WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

**HANDLING YOUR PLAYSTATION®2 FORMAT DISC:**

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

## **MORE COOL FEATURES**

### **Sing It Pro**

Get Master Class status in *Sing It Pro* with improved voice coaching. Different exercises focus on distinct aspects of your singing performance. In each exercise, you'll receive prompts telling you to breathe, start singing, go higher or lower, sing louder and so on.

Select an exercise and repeat it as many times as you want. Your performance in each activity will be scored. Unlock awards and additional exercises when you score well. Pass all the exercises to unlock a master class for great singers.

## **Sing It Encore**

Can't get enough of your performance? Play it back! Use the buttons on-screen for playback. While listening, toggle the effect on and off to see how it changes your sound.

## **SCORING**

Match each note's correct pitch and length to raise your score. Watch the pitch bars on-screen to get feedback on how you're doing. The score summary gives you detailed information about your performance. Use the info to improve your singing and get even higher points.

## **Pitch Detection**

*Disney Sing It: Pop Hits* has a sophisticated system to detect a singer's pitch - how high or low you're singing. Watch the wave as it moves across the pitch board to see how close your voice is to the correct pitch.

As you improve your singing and get closer to the correct pitch of each note of a song, your score goes up! Try harder difficulty settings for stricter scoring. In multi-player games, player 1 is always at the bottom of the screen and player 2 is at the top.

## **Bonuses/Multipliers & Flairs**

**Hidden Harmonies** - Successfully sing most of the hidden background vocals in a song.

**Hit Those Highs** - Accurately hit the highest notes in a song.

**How Low Can You Go** - Accurately hit the lowest notes in a song.

**Prediction Bonus** - Successfully achieve your score prediction in *Run the Risk*.

**True Talent/Accuracy Bonus** - Sing most notes in a song at the correct pitch.

**Flairs** - Accurately sing for several consecutive notes to fill up your Flair meter and boost your Flair level.
