READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

 - Avoid large screen televisions. Use the smallest television screen available.
 - Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
 - Avoid playing when you are tired or need sleep.
-

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

INTRODUCTION

Splinter has invited Leonardo, Raphael, Michelangelo, and Donatello to compete against each other in a small tournament for a special reward. To make things more interesting, he decides to invite Casey and April to participate as well. As everyone prepares to try out their best techniques, Splinter himself decides to compete! Everyone is in for a tough tournament.

Who will the victor be and what sort of reward does Splinter have in store for them?!

CHARACTERS

Leonardo

Leonardo is the natural born leader of the turtle pack. He is a perfectionist who prides himself on his discipline and focuses heavily on his ninja technique.

Raphael

The quick-witted, snappy, and most hot-headed of the four Turtle brothers, Raphael is a relentless ninja who brings his speed and prowess to the table. He is always ready to rumble.

Michelangelo

Mikey is the lighthearted, pizza-loving, happy-go-lucky brother. He loves to show off and prefers stylish moves over more traditional techniques.

Donatello

Always more interested in intellectual and scientific pursuits than his brothers, Donatello is the brainiest of the brothers. He can fix anything and everything, from transportation devices to microwaves.

Splinter

Splinter is the wise master of the Turtles, their father figure and their sensei. He teaches them the code of the ninja while helping them to follow the proper moral path in life.

April

April is the Turtles' good friend. She helps them to get the latest information because she's able to work topside and be outside during the daytime. She is very inquisitive and always seeks out the whole story.

Casey

In the beginning, Casey was just a vigilante, but he and Raphael were able to understand each other and eventually became good friends. Since then, Casey has been by the Turtles' side through thick and thin, helping them overcome their adversaries as well as improving his own skills at the same time.
