WARNING:

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game—dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions—IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- ⇒ This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- ⇒ Do not bend it, crush it, or submerge it in liquids.
- ⇒ Do not leave it in direct sunlight or near a radiator or other source of heat.
- ⇒ Be sure to take an occasional rest break during extended play.
- ⇒ Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

This product has been rated by the Entertainment Software Rating Board. For information about the ESRB rating, or to comment about the appropriateness of the rating, please contact the ESRB at 1-800-771-3772.

GETTING STARTED

PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM

- 1.** Set up your PlayStation®2 computer entertainment system according to the instructions in its instruction manual.
- 2.** Make sure the MAIN POWER switch (located at the back of the console) is turned on.
- 3.** Press the RESET button. When the power indicator lights up, press the OPEN button and the disk tray will open.
- 4.** Place the *Tiger Woods PGA TOUR® 2001* disc on the disc tray with the label side facing up. Press the OPEN button again and the disc tray will close.
- 5.** Attach game controllers and other peripherals, as appropriate.
- 6.** Follow on-screen instructions and refer to this manual for information on using the software.

INTRODUCTION

Grab your clubs and aim for the greens! It's *Tiger Woods PGA TOUR 2001* for the PlayStation 2 console. Compete in seven different game modes in the only game that let's you play as or against golf's No. 1 player, Tiger Woods.

GAME FEATURES

- **Real PGA TOUR® Golfers**—Tiger Woods and the five-featured PGA TOUR Pros have been accurately modelled with expressive facial animations along with their own distinctive motion-captured swings.
- **Authentic Pro Courses**—Play on three of the challenging Monterey courses. Swing away at the Pebble Beach Golf Links®, Poppy Hills Golf Course™, or Spyglass Hill Golf Course™. Each hole has been recreated to simulate it's real-life counterpart.
- **New EA SPORTS PGA TOUR Challenge Game Mode**—Compete in 12 demanding events to become the EA SPORTS PGA TOUR Champion.
- **New “Play Now” Game Mode**—Don't have the time to play through a four-round tournament? Try your luck at one of the 21 different Play Now scenarios. Complete them all and unlock Tiger's signature red shirt.

SETTING UP THE GAME CLUBHOUSE

From the Clubhouse (Main Menu), you can access all the *Tiger Woods PGA TOUR 2001* game modes including the Play Now scenarios. You can also set up your game, change your options, or load a previously saved game from this menu. The links are a few shorts steps away.

Load game
(➤ *Saving and Loading* on p. 18)

Change the game options
(➤ p. 18)

Preview other titles from EA SPORTS

Play Now:
Throw yourself in the middle of a challenging scenario.
(➤ p. 16)

Access the *Tiger Woods PGA TOUR 2001* game modes
(➤ p. 16)

➤ To select an option from the Clubhouse, highlight your choice and press **X** to advance to the next screen.

PROS SCREEN

NOTE: The Pros screen appears after you select any game mode.

Before you play any game mode, you must select a golfer. You can master the course as Tiger Woods or try your luck as one of the other talented PGA TOUR Pro golfers:

- Mark Calcavecchia
- Stewart Cink
- Robert Damron
- Brad Faxon
- Justin Leonard

To select a Golfer:

- From the Pros screen, press the D-Button \downarrow until your golfer of choice is highlighted.
 - To add other golfers to the game, press the D-Button \leftrightarrow . You can play with up to four golfers at one time (Practice mode, EA SPORTS PGA TOUR Challenge, and Play Now are one player only).
 - To customize your golfer, press \blacksquare . (For more information, \triangleright *Player Options* below). To change a shirt color, press \bullet .
- After you select your golfer(s), press \times to reach the Course Select screen.

PLAYER OPTIONS

NOTE: Default options are listed in **bold** type.

CONTROLLER

Assign a golfer to a controller. Press the D-Button \leftrightarrow to have a human player or the CPU control the golfer.

LEVEL

Select the difficulty level for your golfer. **PRO** is for the advanced gamer, **AMATEUR** is for those who have little to no experience on a golf course. The courses are harder to master when the level is set at **PRO**, but you can hit the ball longer.

NOTE: The Level Setting cannot be changed for **TOUR Challenge**.

EDIT NAME

You can personalize a golfer by creating a name. This helps identify the different golfers when playing in head-to-head games.

To edit a golfer:

1. To name a golfer, press **X** on EDIT NAME to begin editing. An edit box appears.
2. Use the D-Button to choose a letter or number from the edit box and press **X** to accept a letter.
3. When your name is complete, highlight OK and press **X** to accept.

NOTE: To reset the golfer name back to the default name, highlight RESET and press **X**.

CLUBS

You can customize which clubs are carried in your bag. You are allowed to carry up to 14 clubs.

1. To change your clubs, press **X** to reach the Club Select screen.
2. From the Club Select screen, highlight the club of your choice and press **X**. The club is either added or removed from your golf bag (the text turns red to indicate that the club is selected; blue when the club is de-selected).

⇒ To return to the Golfers screen, press **▲** and then press **X** to go to the Course Select screen.

COURSE SELECT SCREEN

Tiger Woods PGA TOUR 2001 features three championship golf courses including Spyglass Hill Golf Course™, Poppy Hills Golf Course™, and Pebble Beach Golf Links®.

To select a course:

1. From the Course Select screen, highlight the course of your choice and press **X** again to begin play (➤ *Playing the Game* on p. 9).

NOTE: In Play Now and TOUR Challenge the golf course is chosen for you.

PLAYING THE GAME

Take on the best from the PGA TOUR.

GAME SCREEN

THE SWING METER

The Swing Meter determines how much power and accuracy you have on your shot when driving, swinging, and putting.

THE GOLF SWING

EA TIP: Be sure to view the instructional videos in the Options menu for additional instruction.

How to swing:

➡ Press the left or right analog stick \downarrow to start the backswing (the analog stick does not need to be held in the back position). When the Swing Meter is closest to the 100% mark, press the same analog stick \uparrow to begin the downswing. The straighter you execute your motions, the straighter the ball will fly. Your golfer takes care of the rest.

EA TIP: The yellow power guide on the meter can help you line up shots that are less than 100%.

How to aim:

- Press ● to enable the Zoom Aim camera. This gives you a good look at the area you are currently targeting.
- To aim the yellow target anywhere on the course, press the D-Button in the direction you want your shot to go.

NOTE: The shot information that appears above the yellow target gives you the distance and elevation of the target point.

- Moving your target does not change the distance a club can hit, but it does move the power guide to reflect the percentage needed to reach it.
- If the target is yellow, your aim is in play. If it's red, your aim is out of play.

How to change the power of your swing:

- Press the left or right analog stick ↓ during your backswing until the desired power level is reached on the Swing Meter.
- The longer you wait before starting the downswing, the more distance the ball travels.
- Press the same analog stick ↑ to set swing power and strike the ball.
- The swing power increases as it moves left along the swing meter.

EA TIP: A full backswing can be too powerful in some situations on the course. Use a half-swing or a quarter-swing by pressing the left or right analog stick ↑ at the appropriate time during your backswing.

EA TIP: When you use overswing for extra power, the Swing Meter moves faster and your mistakes are exaggerated. A slight miss in the accuracy zone could mean a big slice or hook.

ADVANCED TECHNIQUES

HOW TO USE FADE, DRAW, TOPSPIN AND BACKSPIN:

Once the meter has been put into motion, you can press the D-Button to add spin to the ball flight. Press the D-Button ⇐ to move the crosshair left for draw, press D-Button ⇒ for fade, press the D-Button ↑ up for top spin, and press the D-Button ↓ for backspin. Be sure to hit the center of the crosshair for best accuracy.

EA TIP: Don't forget to watch the wind. The stronger it's blowing, the more it will affect your shots.

SPIN CONTROL

Press on the D-Button to add Spin Control

Ever hit a bad shot and wish you could correct it mid-flight? Now you can. Spin Control allows you to put "English" on the ball while it's in the air.

After your swing, you can influence the ball flight on drives and fairway shots.

⇒ When your ball is in flight, press the D-Button to apply real-time spin and steer the shot (only from tee or fairway lies).

EA TIP You can combine two different spins to put extra movement on your ball. For example, you may choose to steer the ball to the left as well as add backspin.

⇒ If you are a golf purist, you may want to turn Ball Steering off, or you may find the temptation to use it too great.

⇒ You can turn Spin Control **ON/OFF** from the Options menu, or in the In-Game Pause menu. When OFF, you can only control the spin by pressing the D-Button (fade, draw, topspin, or backspin) before the shot. You have no control once the ball is hit.

ELEVATED CAMERA

Get a bird's eye view from above

Another way to determine shot strategy is by looking at the current hole with a view from above.

- At the beginning of each hole, press **R1** to scan the entire hole with an Elevated Camera view.

BALL STANCE

Ball Stance helps change the direction of your flight when you tee off. Positioning the ball forward in your stance will put more loft on the ball. Positioning the ball back in your stance will keep the ball flight lower.

- To move the ball in stance, press and hold **R2** and then press the D-Button left or right before you tee off.

HITTING TO HIGHER OR LOWER TERRAIN

Often times your target is not level with your current position. This will affect the true distance that a club will hit. The image below is a side view that traces the trajectory of ball flight as if hit with a 9-iron or a 5-wood.

- Follow trajectory illustrated above from left to right. You will notice that if you are hitting to a target that is higher (**2**) than your current position, it will land shorter than if you are shooting to a level target (**1**). The ball will travel farther if you are hitting to a target that is lower than your current position (**3**).
- The steep angle of higher lofted clubs (**A**), such as a 9 iron, will mean that the difference between hitting to a higher/lower target and a level target is less dramatic than balls hit with a lower lofted club (**B**), such as a 5-wood.

- The illustration on the left is an oversimplification of how changes in elevation will affect your shots. Always check your target's relative height to your current position and watch how it affects your shots. You may learn that sometimes a shorter or longer club may be needed.

PUTTING

How to putt:

Putting is the key to any good golf game.

- When on the green, press the left or right analog stick \downarrow to start the backswing and \uparrow to begin the downswing.
- Use the putting line bullseye to help you gauge your shot to the cup.

NOTE: A miss hit will drain some of the distance off your putt.

Reading the Green:

1. On putts, the green is not always as flat as it looks. Read the green more precisely by pressing \times to view the green from behind the golfer, or \blacktriangle to view the green from behind the hole.
- To aim the target, press the D-Button in the direction you want your shot to go.

EA TIP: While holding \times or \blacktriangle , you can rotate the camera by pressing **R1** and **R2**.

CLUB SELECTION

Every club is different. From your driver to your putter, each club has a distinct purpose in terms of distance and loft.

Once you've planned your shot and set your target, select a club that can deliver the results you need. The lower-lofted irons (3 Iron, 4 Iron, etc.) provide greater distance while higher-lofted clubs (8 Iron, 9 Iron, sand wedge, etc.) provide greater height and backspin to hold the green better. Your 3-wood and 5-wood are best used on the long fairways, and the big driver is great from the tee.

EA TIP: To get a good feel for your clubs, hit a few balls in Practice mode.

SHOT SELECT

There are six shot types:

- | | |
|-------|---|
| FULL | Sets up a full swing with the appropriate club for the targeted distance. |
| PITCH | Sets up for a shorter, higher flight. This shot selection is useful for short- to medium-range shots that need loft to sit on the green and stick. |
| CHIP | Sets up a short 'chip' onto the green with ample roll to the pin. |
| PUNCH | Sets up a low shot without much backspin. Good for hitting under trees. Its low trajectory shot also minimizes the effect of the wind. |
| BLAST | Sets up a shorter, higher flight from the sand. This shot provides loft for the short to medium range shots onto the green or fairway. |
| PICK | Sets up a full swing from the sand to "pick" the ball off the top of the sand. This shot provides a normal ball flight for hitting with distance from the sand. |

⇒ To choose your shot selection before you hit, press ■.

NOTE: The number below the lie description indicates the amount of "normal" power you will get when hitting from that lie, where normal means fairway power. For example, when hitting from the rough, the number might say 85%, which means you're losing 15% of your power due to hitting from the rough.

ON THE COURSE

MULLIGANS

Sometimes in a friendly game of golf, you'd like to have a "do-over" after a wild shot. That's where Mulligans come into play. A Mulligan erases any shot and puts the ball back at its original spot on the course.

⇒ To take a Mulligan, press ● during your shot prior to the ball coming to a rest.

OUT OF BOUNDS/WATER HAZARDS

Every now and then a wild shot lands in a water hazard or out of bounds. When the ball lands out of bounds, you must re-hit your shot from its original spot, counting one stroke for the misplayed shot and one stroke for the penalty. For example, if your first tee shot lands out of bounds, your next shot from the

tee is counted as your third. Likewise, a one-stroke penalty is assessed for hitting into a water hazard, and you are given the choice to play your ball near the point of entry (drop) or re-hit from the original spot.

TAP-INS

When the ball lands or rolls within two feet, you can tap in your next shot.

⇒ When *Tiger Woods PGA TOUR 2001* offers you a Tap-In, press **X**. The ball automatically goes in the cup, and the stroke is assessed. To cancel, press **▲**.

SCORECARD

The Scorecard appears after each hole. Here, you can view your hole-to-hole score, overall score, par for each hole and score for the other golfers. You can also view the Scorecard from the Pause menu.

PAUSE MENU

⇒ To reach the Pause menu while on the course, press **START**. After you make your adjustments, press **▲** or **START** to return to the course.

SOUND	Turn the sounds of the game ON/OFF .
AMBIENT	Turn the ambient sounds of the game ON/OFF .
SPIN CONTROL	Turn the Spin Control ON/OFF .
HELP SCREEN	View the button commands of your controller.
SWING SETUP	Customize your swing (▷ p. 16).
SAVE	Save your current game to a MEMORY CARD (8 MB) (for PlayStation 2)(▷ Saving/Loading on p. 18).
RECORDS	View statistics for the top five golfers in the 10 different categories.
SCORECARD	Check out the scorecards of all participating golfers and view the player Leaderboard (when applicable). Also view the TOUR Card in the EA SPORTS PGA TOUR Challenge.
NEXT HOLE	Move on to the next hole on the course (Practice mode only).
PREVIOUS HOLE	Move back to the previous hole on the course (Practice mode only).
RESTART HOLE	Restart the current hole (Practice mode only).
QUIT	Quit the game and return to the Clubhouse.

SWING SETUP

You can customize your swing to best suit your swing style.

To customize your swing:

- From the Swing setup screen, pull the analog stick back to adjust your backswing and press **L1** or **R1** to accept.
- Push your analog stick forward to adjust your downswing and press **L1** or **R1** to accept.

GAME MODES

Tiger Woods PGA TOUR 2001 offers a variety of game modes for every type of golfer.

- To access a game mode, highlight GAMES from the Clubhouse and press **X**.

PLAY NOW

Jump into the middle of golf's most challenging scenarios. Take on 21 different pressure situations and see if you can defeat Monterey courses' toughest holes.

EA SPORTS PGA TOUR CHALLENGE

This unique game mode allows you to test your skills against the top PGA TOUR Pros. Starting off as an Amateur, you must compete in several events and earn your way to the Pro ranking. Along the way, you earn money with the stakes getting higher as you progress. Once you turn Pro, your ultimate goal is to become the EA SPORTS PGA TOUR Challenge champion.

To start the EA SPORTS PGA TOUR challenge:

1. From the Clubhouse, select Games from the Clubhouse screen.
2. Select TOUR from the Game menu. The Golfers select screen appears.
3. Select your golfer for the EA SPORTS PGA TOUR Challenge and press **X**. Your first challenge (Event #1) appears.

4. Read the object and goal of Event #1 and get ready to begin your game.

NOTE: You are only allowed to save between events when playing this mode.

PRACTICE

Play any hole on any course at any time. Here you are allowed unlimited Mulligans and can take as many practice swings as you want in order to master the game. Learn each hole's intricacies to turn those Pars into Birdies and Eagles.

- You can skip to the next hole from the Pause menu.
- All holes are defaulted **ON**.

STROKE

Stroke play is a basic round of golf for up to four players. Golfers try to complete a round with the fewest strokes, competing against par. Tee-off honors are awarded to the golfer with the lowest score on the previous hole and one Mulligan is allowed per nine holes.

MATCH

Match Play is golf one-on-one. Each player tries to win holes and the winner of each hole gains a point. Tie scores for a hole result in no additional points for either player.

HOLING OUT

If a player finishes a hole in fewer strokes than his opponent can match, the remaining ball in play is picked up and both players move to the next hole.

DORMIE

When one golfer is one hole away from mathematically eliminating another golfer then the golfer is labeled "Dormie." For example if golfer A is up 2 holes going into the 16th hole, then golfer A is "Dormie 2."

THE SKINS GAME™

In The Skins Game, two to four golfers compete hole-by-hole for a monetary purse called a skin. The goal of Skins is to win as many holes as possible and walk away with the most money. To win a skin you must win the hole outright. The winner is the golfer with the most money at the end of the round. Mulligans are not allowed.

HALVE A HOLE

If two or more golfers tie ("halve") for the best score on a hole, the skin for that hole is carried over. The next golfer that wins a hole outright wins all carryover skins. Theoretically, all skins could carry over to the final hole. If two or more golfers "halve" the last hole, they'll begin a hole-by-hole playoff to determine the winner of the remaining skin(s).

TOURNAMENT

Compete against a field of golfing stars from the PGA TOUR in a 72-hole tournament. The golfer with the lowest total number of strokes at the end of the final round is the winner. Tap-ins are allowed.

OPTIONS MENU

Set up the perfect golf atmosphere from the Options menu.

➔ To access the Options menu, select OPTIONS from the Clubhouse.

CLUBHOUSE OPTIONS MENU

- | | |
|----------------|--|
| SOUNDS | Adjust the sound effects ON/OFF . |

SAVING AND LOADING

Saving and loading is only supported from MEMORY CARD slot 1, or MEMORY CARD slot 1-A when using a multitap (for PlayStation®2).

NOTE: Users cannot save in the middle of a Play Now Scenario or TOUR Challenge event.

SAVING

To save your current progress:

1. While in a game, press START to access the in-game pause menu.
2. Highlight SAVE in the menu and press **X**. The Save screen appears.

3. Select a save game slot and press **X** to initiate the save.

NOTE: You will be prompted at the end of each round to save your Records and Golfer Settings.

LOADING

To load a previously saved game:

1. From the Clubhouse screen (Main Menu), highlight LOAD GAME. The Load screen appears.
2. Highlight the appropriate save game slot and press **X** to initiate the load.

NOTE: Never insert or remove a MEMORY CARD (8 MB) (for PlayStation 2) while loading or saving files.

WARRANTY

ELECTRONIC ARTS LIMITED WARRANTY

Electronic Arts warrants to the original purchaser that this product is free from defects in materials and workmanship for a period of 90 days from the date of purchase. Electronic Arts is not liable for any losses or damages of any kind resulting from the use of this product. If the product is found to be defective within the 90-day warranty period, Electronic Arts agrees to repair or replace the product at its option free of charge. This warranty shall not be applicable and shall be void if the defect in the product is found to be as a result of abuse, unreasonable use, mistreatment or neglect.

LIMITATIONS

This warranty is in place of all other warranties and no other representation or claims of any nature shall be binding on or obligate Electronic Arts. Any implied warranties applicable to this product, including warranties of merchantability and fitness for a particular purpose, are limited to the 90-day period described above. In no event will Electronic Arts be liable for any special, incidental, or consequential damages resulting from possession, use, or malfunction of this Electronic Arts software product. Some states do not allow limitation as to how long an implied warranty lasts and/or exclusions or limitation of incidental or consequential damages so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights and you may also have other rights that vary from state to state.

RETURNS WITHIN THE 90-DAY WARRANTY PERIOD

Please return the product along with a copy of the original sales receipt, showing the date of purchase, and a brief description of the difficulty you are experiencing including your name, address, and phone number to the address below. If the product was damaged through misuse or accident, this 90-day warranty is rendered void and you will need to follow the instructions for returns after the 90-day warranty period.

We strongly recommend that you send your product using a traceable delivery method. Electronic Arts is not responsible for products not in its possession.

RETURNS AFTER THE 90-DAY WARRANTY PERIOD

Please return the product along with a check or money order for \$15.00 made payable to Electronic Arts, and a brief description of the difficulty you are experiencing including your name, address, and phone number to the address below.

We strongly recommend that you send your product using a traceable delivery method. Electronic Arts is not responsible for products not in its possession.

STEP OUT OF THE STANDS AND UP TO THE PLATE

FEATURES

> **THE BASEBALL DIAMOND COMES TO LIFE**
Incredibly lifelike players and realistic animations deliver the emotion and excitement of Major League Baseball.

> **NEW PITCHER-BATTER INTERFACE**
Pitching and batting cursors and a visible strike zone give you more control than ever before.

> **IMPROVED FIELDING**
Get deeper into the game with one-button power-sensitive throws.

> **ENHANCED AI**
Expert input from Dusty Baker, San Francisco Giants Manager and the 2000 N.L. Manager of the Year.

> **EXCLUSIVE BIG LEAGUE CHALLENGE LICENSE**
Play a traditional Big League Challenge bash-a-thon or go head-to-head with any player you choose.

> **HEAVY-HITTING SOUNDTRACK**
Chuck D, Vitamin C, Utah Saints, Fastball and more set the fast-paced tone for Triple Play Baseball.
