# INTRODUCTION

*Tiger Woods PGA TOUR 2002* reinvents golf with a new game engine that combines the fun of Sunday golf with the competitive pressure of the PGA TOUR in a realistic world where golfers pop right off the screen as they power through lush and rich courses. Total Precision Swing lets you decide whether you hit it on the screws, slice into the woods, or draw it back nice and soft. Then, when you're ready to take it up a notch, challenge a buddy to a Speed Golf game and you're transported into a fast and furious fight to the finish.

## FEATURES

- ❖ **Live the TOUR**—A new 3D game engine depicts golfers and courses rendered to scale in a precise 3D world.
- ❖ **Compete as or against PGA TOUR Pros** including Tiger Woods, Jesper Parnevik, Vijay Singh, and more. Or golf against one of seven fictional golfers.
- ❖ **Polish your skills**—Drop the ball anywhere on the course and practice from that spot. Take the Tiger Challenge and compete against a range of amateurs and PGA TOUR Pros in a character-building mode to unlock players and earn money as you go. Then it's on to Tiger's Dream 18.
- ❖ **New Split Screen/Speed Golf**—It's an all-out race to the hole. Earn money by draining your opponent's bank. Get your opponent down to \$0 and win.
- ❖ **In-the-game experience**—From gallery cheers to advice from your caddy. Feel the tension and excitement of PGA TOUR golf.

# ON THE COURSE

If you don't know your Mulligans from your tap-ins, you've come to the right place. Even if you've never stepped foot on a golf course in your life, you can be at the tee and swinging away in no time by acquainting yourself with the info in this section. For the seasoned pro, this section contains useful information on accessing the scorecard, selecting a club, and more.

## GAME SCREEN *(display toggles between two different views)*

## SHOT SELECT

There are five shot types: to choose your shot, press the ■ button before you swing .

### FULL SWING

Sets up a full swing with the appropriate club for the targeted distance.

### APPROACH

Sets up a half swing pitch/chip with various wedges for a maximum distance of 60 yards.

This shot selection is useful for short- to medium-range shots that need precision to place the ball onto the green with minimal roll.

<b>WEDGES</b>	<b>DISTANCE</b>
Lob Wedge (LW)	15 yards
Sand Wedge (SW)	30 yards
Gap/Approach Wedge (AW)	45 yards
Pitching Wedge (PW)	60 yards

### PUNCH

Sets up a full swing that gives the shot a low trajectory. Because it travels less distance in the air, it minimizes the effects of wind and there is more roll after the ball hits the ground. This is a good shot for hitting under a tree.

### FLOP

Gives the ball a higher trajectory and less roll, and can only be used with a wedge. The maximum distance is 50 yards. This shot is used mostly to fly over obstacles like bunkers, bushes, or trees or for shots that need loft to sit on the green and stick.

### PUTT

Sets up a rolling trajectory that travels smoothly across the green. You can also putt from five feet off the green.

## PAUSE MENU

You can take a break from the action on the course at any time. Press the **START** button to access the Pause menu and the options listed below.

### RESUME

Get back on the course.

### SCORECARD

See how your game measures up.

### RESTART HOLE

When a Mulligan isn't enough, start the hole over (only available in Practice mode).

## OPTIONS

Toggle Vibration, Tap-Ins, Commentary, and the Speed Golf Audio **ON/OFF**, or adjust the Sound Effects volume.

## SAVE PREVIOUS REPLAY

Saves the last shot taken (available only when on the same hole as the shot you wish to save).

## QUIT

Exit back to the Main menu.

## GETTING MORE OUT OF YOUR GAME

There's a lot more to golf than just whacking the ball as hard as you can and following it up with a 3-inch putt. Read on to learn about Mulligans, water hazards, trophy balls, and many other things that can add spice to your leisurely round of 18.

### MULLIGANS

A Mulligan is like a "do-over." When your swing is too ugly to even watch the ball land or if you're headed into the rough (or worse!), press the ● button to use a Mulligan.

✧ Mulligans are not available in Tiger Challenge, Scenarios, Tournament, or Speed Golf modes.

### HITTING HONORS

The golfer who won the previous hole always tees off first on the next hole. The golfer who is furthest away (from the hole or off the green) hits first.

### OUT OF BOUNDS/WATER HAZARDS

When your aim is out of whack and your ball lands in the drink or out of bounds, you must take a "drop." When out of bounds, your golfer drops the ball at about the same spot where he shot from last time and hits from where the ball lands. For a water hazard, you drop "laterally" or at the closest point of relief in line with the ball.

### TAP-INS

Oh, too bad! You just *barely* missed the last shot. That's the breaks, but the good news is with Tap-Ins ON, your next shot is guaranteed in the cup.

### REPLAY

When you hit a picture-perfect shot and it was too sweet to see it only once, press the ■ button to view the replay.

✧ The replay button only works after your swing, but before the next shot is set up, although you can press it any time during the shot).

➤ To save a replay as a highlight, press the **START** button to access the Pause menu and choose **SAVE REPLAY**. Only five replays can be saved on one memory card.

## SCORECARD

See how you're faring so far in the current round. You can check out the scorecard by accessing it through the Pause menu at any time during the game.

- To access your Scorecard, press the **START** button to bring up the Pause menu and then choose SCORECARD.
- ✦ The scorecard also appears between holes.

## CLUB SELECTION

Make sure that you have the right tool for the job. Have your caddy grab a different club to suit your situation.

- To change your selected club, press the **R1** button or press the **R2** button until the club you want is displayed or press the D-Button  $\updownarrow$  into the next club's range when the targeting marker is displayed.

## CADDIE TIPS

These are tips that teach you how to play the game. They appear automatically the first time you're in a bad situation (deep rough, in the rain, strong head wind, etc.). Afterwards, a button prompt tells you when your caddy has a tip for you.

- Press the **L2** button to view your caddy's advice.

## RAKING IN THE CASH

Sure there are some things that money can't buy, but those things won't make you a better golfer or get you into any of our locked courses. If you want the keys to the courses or a couple more notches filled on your attribute rankings, it's time to buck up and start earning.

- ✦ You unlock new courses based on your overall earnings (not your current cash total).
- ✦ You can earn money in all game modes, except for Practice. You earn the most money in Tiger Challenge mode, earning increasingly more as you advance up the Tiger Challenge ladder.
- ✦ You also win money when you earn higher level Tour Cards. Tour Cards are earned in Tiger Challenge (with the exception of your Level 1 tour card which is earned after completing the Tour Card Scenario).
- To buy more attributes, from the Tiger Challenge menu, choose BUY ATTRIBUTES. Purchase attributes in the same way that you did when you set up your golfer (➤ *Tiger Challenge* on p. 19).

# SPEED GOLF

## STROKE PLAY

## **WINNING A SCENARIO**

You can just barely squeak by or you can finish your scenario with a spectacular win. If you excel at your scenario, you win the Gold. You pick up the Silver for a less than perfect, but still respectable finish. If you snagged the Bronze, you might want to give it another shot. And that's not all: along with different medals, you get more money the better you finish.

- ❖ Selecting **PLAY NOW** at the Main menu takes you to your first unfinished scenario (if previously saved).

## **MATCH**

Two golfers play head-to-head against each other on the course of your choice, hole-by-hole. Play against a friend or against the CPU. The golfer with the most wins by hole is the winner.

- Toggle Mulligans **ON** or **OFF** at the Match Setup menu.

## **DORMIE**

In match play, when you are five up with five holes to go, (or four up with four holes left, etc.), you are dormie. When you're dormie, tie or win the next hole and you win the match.

## **THE SKINS GAME™**

Two to four golfers compete at each hole for a money prize called a skin. To win a skin you must win the hole outright. To win the game, you must finish with the most money.

## **HALVING A HOLE**

If two or more golfers tie ("halve") for the best score on a hole, the skin for that hole is carried over. The next golfer that wins a hole outright wins all carryover skins. Theoretically, all skins could carry over to the final hole. If two or more golfers "halve" the last hole, they'll begin a hole-by-hole playoff to determine the winner of the remaining skin(s).

- ❖ The dollar amount for each hole increases as you advance in the game and play against other golfers.

## **TOURNAMENT**

Compete against a field of golfing stars in an 18- or 36-hole tournament. The golfer with the lowest number of strokes at the end of the final round is the winner. Tap-ins are allowed and up to four controlled golfers can play in a tournament
