**⚠ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES**

**READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

---

**Use and handling of video games to reduce the likelihood of a seizure**

- Use in a well-lit area and keep as far away as possible from the television screen.
  - Avoid large screen televisions. Use the smallest television screen available.
  - Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
  - Avoid playing when you are tired or need sleep.
- 

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

**WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.

# THE STORY

Carl Fredricksen lives alone and wants to fulfill his late wife's dream to have their home overlook the most beautiful place in the world, Paradise Falls. Conflicted about being forced into a retirement home, Carl decides to literally break free and fly his house to Paradise Falls powered by wind and an enormous number of helium filled balloons. Carl didn't plan on company, but now he must go on his journey with an unexpected passenger, Russell, a young Wilderness Explorer trying to earn his Assisting the Elderly badge.

Upon arriving in Paradise Falls, Carl and Russell set out to maneuver the house to the peak of the falls. Along the way they encounter mysterious talking dogs, a flightless bird named Kevin being hunted, and an airship!

Things aren't what they seem when they encounter famous adventurer Charles F. Muntz, the brains behind the airship and the talking dogs. Carl and Russell must work together to keep the house safe and protect Kevin from being captured.

This isn't exactly the adventure Carl imagined...
