

WHIPHIDE™

TOURNAMENT

WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

GETTING STARTED

Set up your PlayStation®2 computer entertainment system according to the instructions in its Instruction Manual. Make sure the MAIN POWER switch (located on the back of the console) is turned on. Press the RESET button. When the power indicator lights up, press the open button and the disc tray will open. Place the UNREAL TOURNAMENT disc on the disc tray with the label side facing up. Press the open button again and the disc tray will close. Attach game controllers and other peripherals, as appropriate. Follow on-screen instructions and refer to this manual for information on using the software.

MENUS: FULL DESCRIPTION

Game

Start Unreal Tournament

Selecting this option enters you into the Tournament and begins your trip up the Tournament ladder.

Once you have started the game, press the  button to make your choices of the following:

Character Appearance

Game Difficulty

The next screen lets you select a game "mode". Initially you'll only be able to play the Deathmatch mode, but as you progress, other modes will become available. All the modes are described below:

DeathMatch: Kill as many competitors as possible and try to avoid being killed by them. The player who reaches the frag limit first (or has the most frags when the time limit is reached) is the winner. Winners advance to the next arena in the ladder.

Domination: Two teams (Red and Blue) fight for possession of several control points scattered throughout the map. To take a control point, simply touch it. When a team owns a control point, their score increases steadily until the other team touches the control point.

Capture the Flag: The players are divided into two teams, blue and red. Each team has a base with a flag that they must defend. Points are scored for a team when a team member captures the opposing team's flag, by bringing it back to the team's base while their own flag is safely contained in the home base.

Assault: Players are divided into two teams, attackers and defenders. The attackers are attempting to destroy or take over an objective, such as blowing up a computer terminal, or escaping a castle. The defenders' job is to prevent them from doing this. The way to win assault is to conquer the base in less time than your opponents' team. If the first attacking team completes the objective in three minutes, then the sides switch and the team that was defending is now attacking and has three minutes to take the base. If they fail, they lose.

After selecting a mode, you'll see the arenas available for you to compete in. The screen after that gives you a look at your competition, complete with names and profiles.

You'll play in several different arenas as you progress up the ladder; the first "rung" is a tutorial arena. If you've never played Unreal or are unfamiliar with this type of game, play the tutorial first. Otherwise, choose the arena above the Tutorial.

Start Practice Session

A Practice Session is identical to playing in the Tournament, but you don't progress up the ladder when you win.

Match: Select and modify your game type and arena here. You can choose from Tournament Deathmatch, Domination, Capture the Flag and Assault modes, which are identical to those described above.

Resuming a Saved Tournament

Go to the "Saved Game" screen, where Tournament games can be saved each time you win a match and advance up the Tournament ladder. To load a game, highlight the name of the saved game and press the  button.

Warning: Never remove the Memory Card or turn the PlayStation 2 power OFF when loading or saving a game.

Return to Current Game

Returns you to the game.

Multiplayer

You can play on one console splitscreen with two controllers, with a Multitap for PlayStation®2 and up to four controllers, or on connected consoles using i.LINK cables.

You can network two PlayStation 2 consoles directly via the S400 i.LINK connection on the front of the console (see page 2). You can network three or four consoles via an i.LINK hub. Follow the instructions that come with the i.LINK hub to connect your PlayStation 2 consoles to the network.

Unreal Tournament will automatically detect the i.LINK connection and give you menu options for the network of consoles.

Options

Preferences

Lets you customize game factors in the following categories:

Music Volume: Move the slider to adjust the volume of the background music

Sound Volume: Move the slider to adjust the volume of the sound effects.

Input Devices: Choose which sort of controller you are using.

Normal Controls: Choose which control configuration you are using.

Vibration: Turn the vibration feature on or off.

UT Credits: Shows you the names of the people who created Unreal Tournament.

HEADS UP DISPLAY

During the game, a variety of on-screen indicators, status meters, icons and messages will keep you abreast of important information and situations. Together, these informational aids comprise your Heads Up Display (HUD). Keep an eye on your HUD to stay in touch with the small details that may end up saving your life. Remember, an aware player is a living player.

Default HUD shown

- 1. Identification**
Identifies the enemy or teammate nearest to your crosshair.
- 2. Armor Level**
This number indicates how much armor you have.
- 3. Health Level**
This number indicates how much health you have.
- 4. Frag Count**
This number shows how many kills you've made.
- 5. Ammo Indicator**
This icon shows how much ammo the active weapon contains.

WEAPONS

Impact Hammer

Primary Fire: Just hold the fire button; it will automatically release when you touch someone.

Secondary Fire: Rapid impact; can deflect shots if your timing is good enough.

Originally used as a miner's tunneling tool, the Impact Hammer is a pneumatic crushing device that now pulverizes opponents as effectively as it once shattered rock. Use it to demolish your enemies in one of two ways: hit them with quick repeated strikes, or charge it up and let loose with a single, more powerful attack.

Enforcer

Primary Fire: Normal firing rate.

Secondary Fire: Rapid firing rate.

This lightweight yet high-powered handgun is an accurate and potent killer at close or medium range. So easy to handle you can wield one in each hand, the Enforcer's already-quick action can be increased by utilizing the slightly less accurate (but equally deadly) sideways-carriage firing technique.

Shock Rifle

Primary Fire: Instant energy beam.

Secondary Fire: Slower energy projectile.

Combo Attack: Hit the secondary fire projectile with the primary fire for a more powerful explosion.

Emitting searing bursts of pure energy, the devastating Shockrifle is an ideal weapon for medium or long range attacks. The primary fire delivers an instant concussion with pinpoint precision; the secondary fire launches a slower energy projectile.

Ripper

Primary Fire: Ricocheting blades.

Secondary Fire: Exploding blades.

A descendant of the Razor Jack, the Ripper features larger blades than its predecessor. The laser-sharp blades ricochet off solid surfaces, making around-the-corner kills not only possible, but easy. The secondary fire causes the blades to explode upon impact, generating a considerable splash radius of damage.

Rocket Launcher

Primary Fire: Launches rocket-propelled grenades that explode on impact.

Secondary Fire: Throws non-rocket-propelled grenades that explode after a few seconds.

Arguably the most popular devastation tool in the Tournament, the rocket launcher is an extremely versatile medium- to long-range weapon. Hold and release the primary fire to launch one to six rocket-propelled grenades in a spread formation; the grenades will explode on impact. Press and hold the primary fire, then hit the secondary fire to launch a tight circular formation. Use the secondary fire alone to kick out one to six unpropelled grenades that will detonate a few seconds after deployment. Skilled users can take advantage of the Rocket Launcher's heat seeking feature. To use it, keep your crosshair on your opponent until it changes into a red X, then unleash your missiles and watch them home in on their prey. Note that your ammo supply is clearly marked on the top of the weapon.

Flak Cannon

Primary Fire: Fires chunks of hot jagged shrapnel.

Secondary Fire: Lobs a shrapnel grenade that explodes on impact.

This portable enemy blender can deliver instant death at any range. While the rate of fire is slow, the Flak Cannon's destructive power is formidable. The primary fire discharges a concentrated explosion containing several pounds of jagged metal shrapnel. At point-blank range, the result is usually lethal. The

secondary fire launches a shrapnel grenade that explodes on impact. Few opponents survive a direct hit from a Flak Cannon grenade.

BioRifle

Primary Fire: Fires clumps of toxic sludge.

Secondary Fire: Hold and release to fire a larger clump of toxic sludge that bursts into multiple clumps upon impact.

This unconventional close- to medium-range weapon is more deadly than it appears at first glance. The primary fire spews clumps of toxic sludge that glom onto solid surfaces, and float in water. They explode after a few seconds (or when touched by another object or passerby), causing considerable damage. Some competitors cover the floors, walls and ceilings of narrow hallways with the stuff while running backward to trap unwary pursuers. Press and hold the secondary fire to load up and fire an enormous blob that will literally splash apart when it hits a surface, spreading smaller hunks of the dangerous substance across a wide radius.

Sniper Rifle

Primary Fire: Normal rifle shot.

Secondary Fire: Zoom in on target.

The fact that its basic design has remained virtually unchanged for decades testifies to the Sniper Rifle's timeless and universal functionality. The primary fire deals out an extremely robust rifle round capable of abruptly ending a competitor's quest for the title of Grand Champion. The secondary fire zooms in on your target, allowing you to save time, effort and ammunition by terminating them with a single shot to the head.

Press and hold the secondary fire to zoom; press secondary fire again to return to normal view.

Minigun

Primary Fire: Normal firing rate; more accurate.

Secondary Fire: Faster firing rate; less accurate.

As simple as it is dangerous, the Minigun features a rotating barrel assembly and an unmatched rate of fire. If the primary fire isn't fast enough for you, try the much faster (and less accurate) secondary fire. Good aim is the key to mastering the Minigun. With a little practice you'll be reducing your opponents to helpless bullet catchers at every opportunity. The ammo supply is displayed on the top of the weapon.

Redeemer

Primary Fire: Launch miniature nuclear warhead.

Secondary Fire: Launch and guide miniature nuclear warhead.

The first time you witness this miniature nuclear device in action, you'll agree it is the most powerful weapon in the Tournament. Launch a slow-moving but utterly devastating missile with the primary fire; but make sure you're out of the Redeemer's impressive blast radius before it impacts. The secondary fire allows you to guide the nuke yourself with a rocket's-eye view. Keep in mind, however, that you are vulnerable to attack when steering the Redeemer's projectile. Due to the extreme bulkiness of its ammo, the Redeemer is exhausted after a single shot.

Pulse Blaster

Primary Fire: Rapid fire plasma bursts.

Secondary Fire: Steady stream of plasma.

Powerful rounds of burning plasma, a high rate of fire and a vicious secondary attack make the Pulse Blaster a very popular mid-range weapon. The primary fire riddles targets with glowing bursts of plasma; the secondary fire emits a steady stream of the incandescent yellow substance. The pulse blaster uses clips containing 50 rounds, which must be replaced after they are emptied. The number of rounds remaining in the current clip is displayed on the weapon.

Chainsaw

Primary Fire: Forward thrust.

Secondary Fire: Side-to-side sweep.

Based on an antique wood-cutting tool, the chainsaw is a devastating melee on capable of instantly inflicting massive damage. The primary fire employs a thrust maneuver, while the secondary fire sweeps the blade from side to side (an ideal move for decapitations).

OTHER ITEMS

Translocator

The Translocator is a portable teleporter. It functions as a weapon, a defensive device and a mode of movement.

The Translocator consists of two parts, a source module and a destination module. Throw the destination module with the primary fire button; then press the secondary fire button to instantly teleport to the spot where the destination module landed.

If you throw the destination module close enough to an enemy and then teleport there, you can "telefrag" your opponent, killing him and getting his weapon. This requires some skill to accomplish but it is extremely gratifying to pull off and results in an instant kill.

In Capture the Flag games, translocating while holding the flag will cause you to drop the flag.

Health Pack

Replenishes 20 points of health, up to a maximum of 100.

Keg O' Health

The Keg O' Health gives you 100 health points, up to a maximum of 200.

Health Vial

Each health vial gives you 5 health points, to a maximum of 200.

Thigh Pads

These lightweight accessories provide 50 armor points.

Body Armor

This vest protects you with 100 armor points.

Shield Belt

The Shield Belt provides 150 armor points.

This handy accoutrement not only holds your pants up, it's also the most powerful defensive device in the Tournament.

Damage Amplifier

Dramatically increases the power of all weapons. The Damage Amplifier's effects last for thirty seconds and cause the user's weapon to glow purple.

Invisibility

Makes you virtually invisible for a short time.

Anti Grav Boots

Picking up the boots enables you to jump much higher than normal. While in the air you have limited control over your flight trajectory. Once picked up, the boots last for 3 jumps, so take advantage of them while you can.

Scuba Gear

Gives you the ability to breathe while underwater.

TEAM COMMANDS

During the game, you can select from a menu of messages which you can say during the game. Simply press  while playing to open the messages menu, then click on the category you want to choose from. When you see the message you wish to say, just click on it. If you are looking at an individual Bot, you can order that individual. If, however, you are looking at no one in particular, your order will go out to your entire team.

The following is a list of the categories and their respective messages:

Orders

DEFEND: Your virtual teammates will defend the base.

HOLD THIS POSITION: Your virtual teammates will hold your current position.

ATTACK: Your virtual teammates will go on the offensive.

COVER ME: Your virtual teammates will shadow you and go everywhere you do.

FREELANCE: Your virtual teammates will attack and defend when and where they see fit.

GAME TIPS

Be sure to learn how to command your teammates around by using the orders menu. Telling some of your buddies to attack while some defend or cover you proves invaluable in the Tournament.

At the start of a match, you are in spectator mode. You are free to fly around the map and explore to your heart's content. Make sure you note the locations of the big guns, pickups, and health, so you're not going into battle blind!

The moment a match starts, you are equipped with your impact hammer and enforcer. These are good guns to start with, but there are much more effective weapons strategically placed throughout the battle arenas! Go and grab one before your foes do!

Remember to keep moving, because a moving target is harder to hit than a stationary one. Strafing is a great way to avoid getting shot (the left and right arrow keys will make you strafe side to side) while keeping your crosshair on your enemy. Use it or lose it!

Some weapons such as the Rocket Launcher cause an explosion that creates "splash damage." Use splash damage to hurt your enemies by aiming near them or on the ground in front of them. A couple good splashes will take out your opponent in no time.

Many weapons are great for close combat, while others are better suited for long distance play. For instance, the Flak Cannon is great in close quarters while the zoom of the sniper rifle makes it the ultimate long-range gun.

Many of the weapons that explode and cause splash damage will damage you if they explode too close to you. Be careful where you shoot, or you could lose points!

ADVANCED TECHNIQUES

Sprees

If you manage to kill 5 or more opponents without dying yourself, you will be on a Killing Spree. You'll get a verbal notice and your enemies will receive a warning telling them that you're doing well.

If you kill 10 or more foes you are on a Rampage. There are many Spree levels, see how high you can get!

Multi Kills

When you take someone out, you have 3 seconds to take someone else out to score a Multi kill. The various levels of Multi Kills are:

Double Kill

Multi Kill

Ultra Kill

Monster Kill

HeadShots

If you take someone out by taking their head off, you'll get a message letting you know you nailed a headshot!

Technical Support (U.S. & Canada) Assistance Via World Wide Web

Get up-to-the-minute technical information at the Infogrames Entertainment S.A. web-site, at: <http://www.us.infogrames.com>, web-site, twenty-four hours a day, seven days a week. Through this site you'll have access to our FAQ documents, (Frequently Asked Questions) which contain our latest troubleshooting information. You'll have access to our FTP (File Transfer Protocol) area where you can download patches and new enhancements as soon as they become available, and an E-Mail area where you can leave us your tech support problems and questions if you do not find your answers within the FAQ.

Help Via Telephone/Fax Or Mail In The United States & Canada

For phone assistance, call Infogrames Entertainment S.A. Tech Support at 425-951-7106. We have an Interactive Voice Response and Faxback system that is available twenty-four hours a day, seven days a week. If you should need live support, we are available Monday through Friday, 8:00 AM until 6:00 PM (PST). Please note that live Tech Support may be closed on major holidays. We ask that you do the following when calling: be at your system; have your system information ready for our technicians. It will expedite your handling significantly. You may also fax in your Technical Support questions or problems to: (425) 806-0480, or write in to the address below.

Product Return Procedures In The United States & Canada

In the event our technicians at 425-951-7106, determine that you will need to forward materials directly to us, please include a brief letter explaining what is enclosed and why. Make sure you include the Return Merchandise Authorization Number (RMA#) supplied you by the technician and your telephone number in case we need to call you. Any materials not containing this RMA# will be returned to you unprocessed. Your mail should be sent to the following address:

Infogrames Entertainment S.A.
13110 NE 177th Place
Suite # B101, Box180
Woodinville, WA 98072-9965
Attn: Technical Support
RMA#: (include your RMA# here)

Warranty Policy In The United States & Canada

If our technicians determine that the product storage medium is found to be defective within ninety (90) days of original purchase, (unless otherwise provided by applicable law), Infogrames Entertainment S.A. will replace the item free of charge, to the original purchaser, if the item is accompanied by the original dated receipt and packaging. If you do not have the original receipt, or if the warranty period has expired, Infogrames Entertainment S.A. will replace the product storage medium for a nominal fee.

END-USER LICENSE AGREEMENT

PLEASE READ CAREFULLY. BY USING THIS SOFTWARE, YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS END-USER LICENSE AGREEMENT ("LICENSE"). IF YOU DO NOT AGREE TO THESE TERMS, DO NOT USE THE SOFTWARE AND PROMPTLY RETURN THE DISC OR CARTRIDGE IN ITS ORIGINAL PACKAGING TO THE PLACE OF PURCHASE.

1. **Grant of License.** The software accompanying this license and related documentation (the "Software") is licensed to you, not sold, by Infogrames North America, Inc. ("INA"), and its use is subject to this license. INA grants to you a limited, personal, non-exclusive right to use the Software in the manner described in the user documentation. If the Software is configured for loading onto a hard drive, you may load the Software only onto the hard drive of a single machine and run the Software from only that hard drive. You may permanently transfer all rights INA grants to you in this license, provided you retain no copies, you transfer all of the Software (including all component parts, the media and printed materials, and any upgrades), and the recipient reads and accepts this license. INA reserves all rights not expressly granted to you by this Agreement.

2. **Restrictions.** INA or its suppliers own the title, copyright, and other intellectual property rights in the Software. The Software contains copyrighted material, trade secrets and other proprietary material. You may not delete the copyright notices or any other proprietary legends on the original copy of the Software. You may not decompile, modify, reverse engineer, disassemble or otherwise reproduce the Software. You may not copy, rent, lease, sublicense or distribute the Software. You may not electronically transmit the Software from one computer, console or other platform to another or over a network. Any attempt to transfer any of the rights, duties or obligations hereunder is void.

3. **Termination.** This License is effective until terminated. You may terminate this License at any time by destroying the Software. This License will terminate immediately without notice from INA if you fail to comply with any provision of this license. Upon termination, you must destroy the Software.

4. **Disclaimer of Warranty on Software.** You are aware and agree that use of the Software and the media on which it is recorded is at your sole risk. The Software and the media are provided "AS IS." Unless otherwise provided by applicable law, INA warrants to the original purchaser of this product that the Software storage medium will be free from defects of materials and workmanship for ninety (90) days from the date of purchase. This warranty is void if the defect has arisen through accident, abuse, neglect or misapplication. INA EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. INA DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY INA OR ANY INA-AUTHORIZED REPRESENTATIVE SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSIONS MAY NOT APPLY TO YOU.

5. **Limitation of Liability.** UNDER NO CIRCUMSTANCES, INCLUDING NEGLIGENCE, SHALL INA BE LIABLE FOR ANY INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH THE SOFTWARE, INCLUDING THOSE THAT RESULT FROM THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF INA HAS BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES. IN NO EVENT SHALL INA'S TOTAL LIABILITY TO YOU FOR ALL DAMAGES, LOSSES AND CAUSES OF ACTION (WHETHER IN CONTRACT, TORT OR OTHERWISE) EXCEED THE AMOUNT PAID BY YOU FOR THE SOFTWARE. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

6. **Miscellaneous.** This license shall be governed by and construed in accordance with the laws of the State of California, USA, exclusive of its choice of law and/or conflicts of law jurisprudence; and, in respect of any dispute which may arise hereunder, you consent to the jurisdiction of the federal and state courts of Santa Clara County, California. If any provision of this license is unenforceable, the rest of it shall remain in effect. This license (including any addendum or amendment to this license which is included with the Software) constitutes the entire agreement between you and INA with respect to the use of the Software and the support services (if any) and they supersede all prior or contemporaneous oral or written communications and representations with respect to the Software or any other subject matter covered by this license.
