

WTA Tour Tennis™

WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – **IMMEDIATELY** discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

Thank you for purchasing WTA TOUR TENNIS™. To get the most from your gaming experience, please read this manual before starting play. Additionally, please keep it in a safe place so you can refer to it easily. (Note: Konami does not reissue manuals.)

At Konami, we continuously strive to improve our products. As a result, your product may differ slightly from someone else's, depending on the date of purchase.

GETTING STARTED

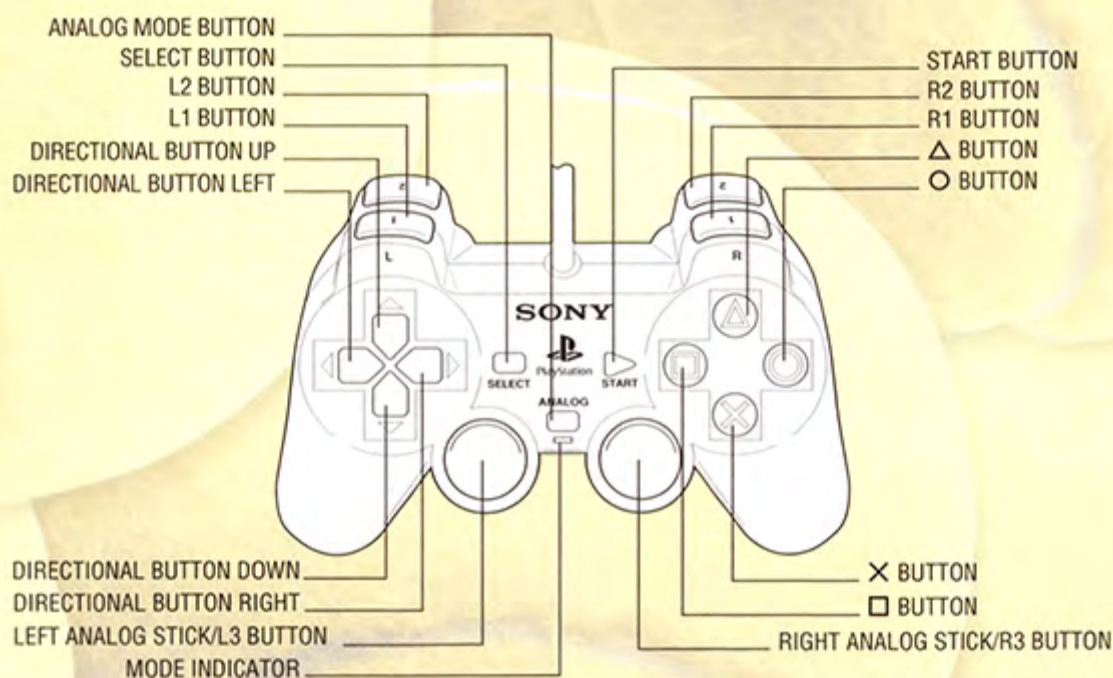

PLAYSTATION®2 CONSOLE

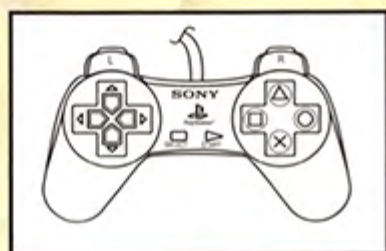

Set up your PlayStation®2 computer entertainment system according to the instructions in the Instruction Manual. Make sure the MAIN POWER switch (located on the back of the console) is turned on. Press the RESET button. When the power indicator lights up, press the OPEN button and the disc tray will open. Place the WTA TOUR TENNIS™ disc on the disc tray with the label side facing up. Press the OPEN button again and the disc tray will close. Attach game controllers and other peripherals, as appropriate. Follow on-screen instructions and refer to this manual for information on using the software.

STARTING UP

DUALSHOCK®2 ANALOG CONTROLLER CONFIGURATIONS

NOTE: You may have a controller that looks like this. If so, please follow the digital instructions outlined above.

WTA TOUR TENNIS™ is compatible with the DUALSHOCK®2 analog controller. With this controller, both the directional buttons and the left analog stick can be used for control. The ANALOG mode button and red LED light are always set to ON, indicating that the controller is always in Analog Mode.

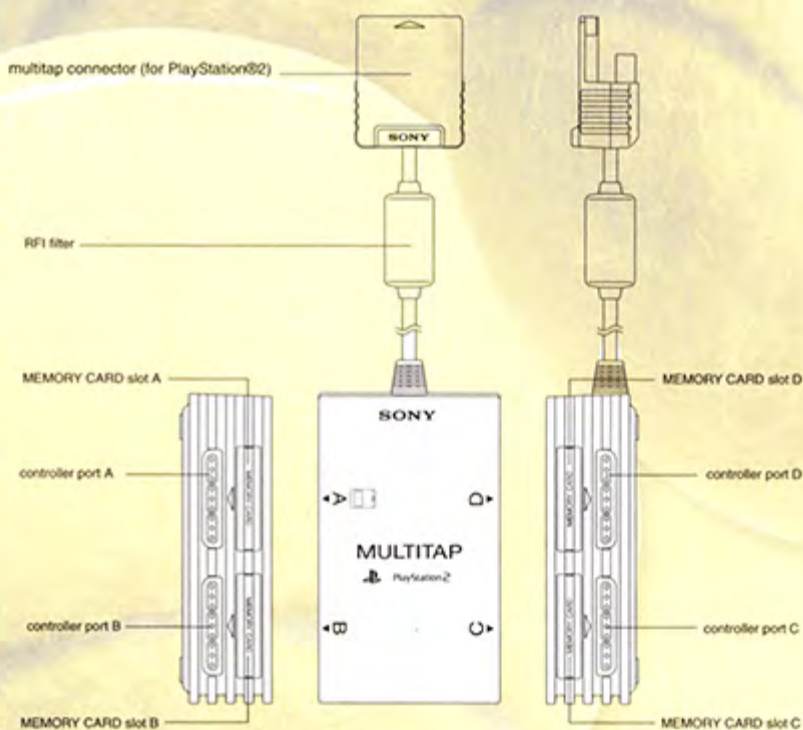

CONTROLLER CONNECTION: SINGLE PLAYER & 2 PLAYER

For one player, the controller should be connected to the PlayStation 2 console through controller port 1. For two players, the controllers should be connected to controller ports 1 and 2.

STARTING UP

CONTROLLER CONNECTION: MULTIPLAYER

Up to four players can compete simultaneously using the multitap (for PlayStation®2, sold separately). When more than two players are competing simultaneously, you must connect a multitap (for PlayStation®2) to controller port 1 before turning on the console. Always connect a controller to controller port A on the multitap first, then connect the remaining controllers to ports B, C and D.

on the multitap first, then connect the remaining controllers to ports B, C and D. (For additional information on using the multitap, please refer to its Instruction Manual.)

MEMORY CARD

When using a Memory Card (8MB) (for PlayStation®2), be sure to insert it into MEMORY CARD slot 1 on the PlayStation 2 console or MEMORY CARD slot 1-A on the multitap.

VIBRATION FUNCTION

When you're playing WTA TOUR TENNIS™ with the DUALSHOCK®2 analog controller, the controller will vibrate in response to game action. You can turn the vibration function ON/OFF in the Option Menu (see page 21).

DEFAULT CONTROLS

You can play WTA TOUR TENNIS™ with two types of controls: EASY MODE and EXPERT MODE. Use the Option Menu to switch between modes (see page 21).

- EASY MODE automatically selects your shot type, so you can play using just the left analog stick and the **X** button.
- EXPERT MODE lets you select your shot type.

MAIN MENU

Press the START button on the Title Screen to see the Main Menu of game modes.

Player data is based on rankings data following the 2001 U.S. Open.

TOUR MODE

Choose to play as one of 20 different WTA players. Conquer four major tournaments to take the title of WTA champion. See page 12 for details.

EXHIBITION MODE

Play an exhibition match as one of 20 different WTA players. You'll be able to adjust number of games, stadium, and match rules. See page 14 for details.

TOURNAMENT MODE

Compete in a tournament as one of 20 featured players. You will also select the tournament pairings. See page 16 for details.

OPTIONS

Adjust various game settings. See page 21 for details.

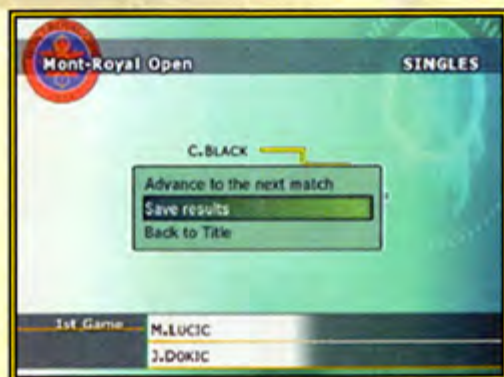

SAVING & LOADING GAME DATA

Do not remove the memory card or turn off the power on the PlayStation 2 while data is being saved or loaded. Your game data may be lost if you do.

SAVING

To save game settings and progress, insert a Memory Card (8MB) (for PlayStation®2) into MEMORY CARD slot 1 on the PlayStation 2 console or MEMORY CARD slot 1-A on the multitap.

At least 137KB of free space must be available in order to save game data.

When you start the game for the first time, you will be prompted to create a new file. To do that, highlight YES and press the **X** button. After the file is created, the Title Screen is displayed.

You can save both Tour Mode and Tournament Mode games. Up to three saved games are allowed. To save future games, either overwrite or delete old game data.

- **TOUR MODE** – You can save your game following every tournament. Data files contain the player's name, the current tournament name, singles/doubles information, total prize money, current rankings, and the time the file was saved.
- **TOURNAMENT MODE** – You can save your game at the end of each match. Data files for Tournament Mode include the number of participants, the name of the tournament, singles/doubles information, the number of rounds, current rankings, and the time the file was saved.

LOADING

You can load saved game data from any memory card containing previously saved WTA TOUR TENNIS games. Choose either Tour Mode or Tournament Mode, choose CONTINUE from the Game Select Menu, and then choose a file to load. The game will resume from the point at which it was saved.

SERVICE

Press the ,  or  button to toss the ball into the air and automatically start to swing. Press the ,  or  button again at the moment the racquet makes contact with the ball to execute a high-speed serve.

Remember:

- Pressing the serve button twice with correct timing results in the maximum serve speed and strength.
- Pressing the serve button with incorrect timing decreases the speed of the serve.
- Failing to press the serve button a second time results in a weak serve.

SERVE TYPES

Flat Serve button

The most powerful serve. With almost no spin, this serve is difficult to drop into the opponent's court, making it easy to fault.

Spin Serve button

Lacks power, but curves sharply to the right. After its initial bounce, the ball curves to the right from the server's perspective. Executing this kind of serve from the advantage court (left side when facing the net) can force one's opponent out of the court.

Slice Serve button

Lacks power, but curves sharply to the left. After its initial bounce, the ball curves to the left from the server's perspective. Executing this kind of serve from the deuce court (right side when facing the net) can force one's opponent out of the court.

Use the left analog stick or directional button to position the player to intercept the ball as it approaches. When you think the timing is right, press one of the shot buttons. Hold the left analog stick or directional button ▼ until the racquet connects with the ball to control the direction of the shot.

TECHNIQUE

Position the player to intercept the ball as it approaches and press a shot button ⊗, ⊠, ⊙ or ▲ to start the backswing. Press the button early for the most effective shot.

BALL CONTROL

After starting the backswing and before the racquet connects with the ball, press the left analog stick or directional button to aim the direction of the shot. The type of shot determines the distance the ball will travel to the left or right:

- **Flat ⊗ button:** You have good control of ball direction.
- **Topspin/⊙ button:** Your control of ball direction is limited.

SHOT (DOUBLE ACTION SHOT)

Once you begin the swing, press the shot button again at the moment the racquet contacts the ball.

- Hitting the ball with precise timing results in a strong shot that uses 100% of the player's strength.
- Hitting with incorrect timing may cause the player to miss the shot altogether. Occasionally, the player may accidentally give the receiver a chance to smash the ball.
- Not pressing the button a second time during a swing will result in a safe but weak shot.

SHOTS

SMASH SHOT

Get under your opponent's return and press the  button to execute a powerful smash shot.

- You cannot execute a smash shot if the ball's position is too high.

DROP SHOT

Tap the  button lightly (half-press) to execute a drop shot.

- You cannot execute a drop shot during a service return.

AUTO-SHOT (EASY MODE)

In Easy Mode, press the  button to execute the most appropriate shot depending on the ball's angle of approach, the player's court position, and the player's individual style of play.

TOUR MODE

The object of Tour Mode is to advance in the rankings by winning tournaments and accumulating points. You'll choose your player from 20 different WTA top-seeded athletes. As you progress through the tournament tiers, the competition gets tougher as more higher-ranked players participate. Win four major tournaments to be crowned the WTA champion.

To begin, select TOUR MODE from the Main Menu.

GAME SELECT

To start a new Tour Mode game, select NEW GAME on the Game Select Menu. Select CONTINUE to resume a previously saved game.

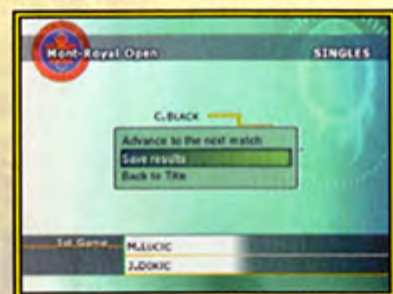

SINGLES/DOUBLES SELECT

Select the number of players participating in each match by choosing either SINGLES or DOUBLES.

In Doubles games, the computer controls your partner.

SAVE DATA

Select a file to contain data for the current game.

TOUR MODE

PLAYER SELECT

Choose the player you'll take through the tour. Select the "?" to randomly choose a player. Rankings appear after you make your player selection.

START GAME

Press the **X** button from the Rankings Screen. From the menu that appears, select NEXT to view tournament information, followed by the current tournament bracket. Use the left analog stick or directional button to view the results of each match. (Matches between computer players progress automatically.) Press the **X** button to begin your match.

END MATCH

When the match ends, a menu appears offering: REMATCH (to play again), ADVANCE TO THE NEXT TOURNAMENT (to continue the tour), and BACK TO TITLE (to end the tournament). Use the left analog stick or directional button to select, and press the **X** button.

SAVING THE GAME

You can save your Tour Mode game at the completion of each of the four tournaments. See "Saving & Loading Game Data" on page 7 for details.

PRIZE MONEY

Players earn prize money based on their finishing rank in each tournament. Prize money decreases by 10% each time a rematch is called. Work hard for your prize money, and see what happens!

GRADES

Each tournament is assigned a grade from Tier 4 (lowest), through Tier 3, Tier 2, Tier 1, Championship, and finally Grand Slam (highest).

EXHIBITION MODE

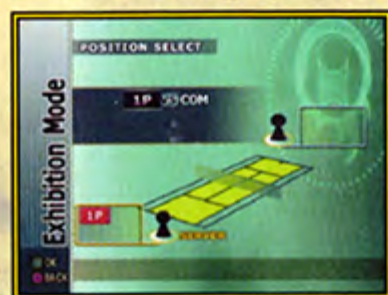

Participate in exhibition matches with top tennis athletes. Choose your player from 20 different WTA champions, select the number of games and stadium venues, and set your own match rules. To begin, select EXHIBITION MODE from the Main Menu.

SINGLES/DOUBLES SELECT

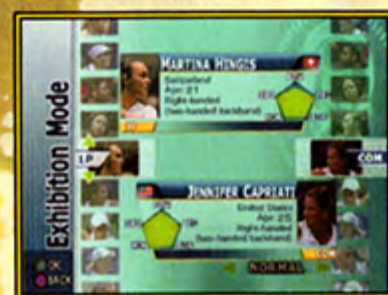

Select the number of players participating in the match by choosing SINGLES or DOUBLES.

POSITION SELECT

Select the court to use, and then select the positions of human and computer players by pressing the START button to toggle between PLAYER and COM. Press the \otimes button to enter your selection. If additional controllers are being used, press the START button on those controllers to join in additional players.

PLAYER SELECT

Choose your player for the match. Select the "?" to randomly choose a player. Select the COMPUTER player(s). You can then set the competition level of the computer opponent(s) to EASY, NORMAL, HARD or VERY HARD.

EXHIBITION MODE

COURT SELECT

Choose the location of the court you'll play on. Initially, only two court locations are available. As you progress through Tour Mode, new courts will be unlocked.

COURT TYPES

Hard Court - A standard court composed of a concrete base covered with a layer of springy material such as rubber. Balls bounce high and experience little slowdown. Favored by power players.

Clay Court - An earth court. Balls experience considerable slowdown after contacting the court surface. Power players find this type of court ill-suited to their playing style.

Grass Court - A lawn court. Balls bounce low but experience little slowdown. Players with good service skills and quick reflexes enjoy the advantage here.

GAME SETTINGS

Adjust various settings for your Exhibition Mode game. Highlight an option, and press the left analog stick or directional button ◀/▶ to change the setting.

1. **GAMES/SET:** Adjust the number of games per set.
2. **SETS/MATCH:** Adjust the number of sets per match.
3. **DEUCE:** Turn deuces ON/OFF.
4. **TIE BREAKER:** Turn tie breakers ON/OFF.
5. **STAMINA:** Turn player stamina effects ON/OFF.

EXHIBITION MODE RESULTS

When the match ends, you can view the Results Screen. Press the **X** button and then select **RETRY** to play the match with the same players and settings, or **MAIN MENU** to end the game.

TOURNAMENT MODE

Compete in a tournament season. You'll choose your player from 20 featured athletes, and then select the tournament pairings.

To begin, select TOURNAMENT MODE from the Main Menu.

GAME SELECT

To start a new Tournament Mode game, select NEW GAME on the Game Select Menu. Select CONTINUE to resume a previously saved tournament at the point where it was saved.

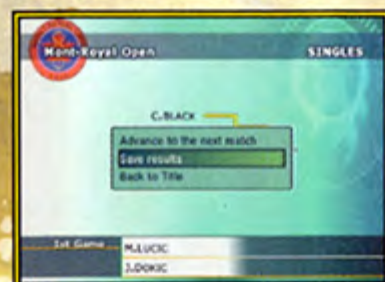

SINGLES/DOUBLES SELECT

Select the number of players participating in each match by choosing SINGLES or DOUBLES.

In Doubles games, the computer controls your partner.

SAVE DATA

Select a file to contain data for the current game.

DRAW PATTERN SELECT

Select the number of matches and tournament players. Your choices are: 3 (matches) – 4 (players), 5 – 8, 9 – 16 and 17 – 32.

TOURNAMENT MODE

PLAYER SELECT

Choose the participants and assign them to the tournament bracket. Follow the steps below, using the left analog stick or directional button to make your selection and pressing the **X** button after each choice.

Press the **X** button to move to the player grid.

1. Select a player and player control (computer or manual). For COMPUTER players, set the competition level (EASY, NORMAL, HARD or VERY HARD).

2. After your final choice, the highlight moves back to the tournament bracket. You can then proceed through the next player selection.

1. When all players have been chosen, a Pairing Menu appears at the top right. You can choose to ACCEPT THIS PAIRING or PAIR AT RANDOM. That selection is followed by SET A SEEDED PLAYER or NOT A SEEDED PLAYER. (You can use the Pairing Menu sooner by moving the left analog stick right to display it, and left to hide it.)

2. When all your selections are complete, you proceed to the Court Select Menu.

COURT SELECT

Choose the location of the court you'll play on. See page 15 for details.

TOURNAMENT MODE

GAME OPTIONS

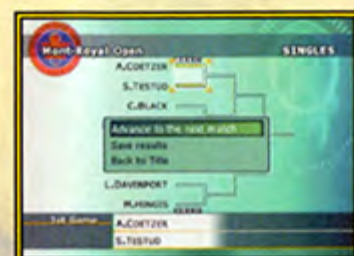

Adjust the options for the match you're about to play, including: GAME SET (1-6), SET (1, 3 or 5), DEUCE (ON/OFF), TIE BREAK (ON/OFF) and STAMINA (ON/OFF).

START GAME

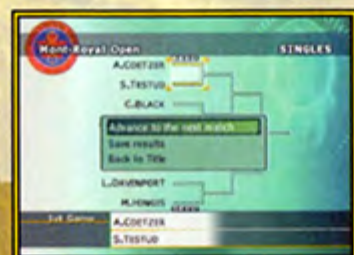

When your settings are complete, the tournament bracket is displayed. Follow these steps to proceed:

1. Highlight the match you want to play and press the **X** button.

2. On the menu that appears, confirm your **ADVANCE TO NEXT MATCH**, take this opportunity to **SAVE RESULTS**, or quit the tournament and go **BACK TO TITLE**. Press the **X** button to confirm your selection.

3. If you advance to the match, you have another opportunity to set each player control and the competition level of computer player(s).

4. Select **OK** to begin the match.

TOURNAMENT MODE RESULTS

When the match ends, you'll view the Match Information Screen. Press the **X** button to display options for **REMATCH**, to play the match again, and **GAME RESULT**, to view game stats and rankings. Highlight your selection and press the **X** button.
