### Important Health Warning About Playing Video Games

#### Photosensitive seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures. The risk of photosensitive epileptic seizures may be reduced by taking the following precautions: Sit farther from the screen; use a smaller screen; play in a well-lit room; do not play when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

# THE DiRT TOUR

Congratulations! You've been signed as a DC Athlete to compete in the DiRT Tour! Here's a quick run-down of how it all works...

There are four DiRT Tour Seasons for you to take part in.

Each season contains four Championships, with the central one being the Season Final.

Each Championship contains a number of Race Events. The last event is always the prestigious Championship Final.

Progress Points are earned by competing in Events. Collect them to unlock further events and championships.

Driver Rep is awarded by doing well in race events, with a bonus for completing Race Objectives. More Driver Rep means more Teams will make you offers, letting you race in their cars.

Look out for DC Challenges dotted around the DiRT Tour. These offer a break from pure racing and challenge you to put your skills to the test. You'll earn a Driver Rep bonus for your performance in each one.

## SEASONS

## DC COMPOUND

A driving nirvana for you to sharpen your skills or simply cut loose and have a little fun. Read more on page 4.

## WORLD TOURS

Once you've proved yourself as a driver, the World Tours let you compete in each discipline at the absolute highest level.

# THE DC COMPOUND

When the people at DC Shoes found that the old PowerStation at Battersea in London was up for sale, they couldn't think of a better place to create the **ultimate automotive playground**. It's being renovated in three stages but the plans below should give you an idea of some of the exciting locations and tricks that the guys have got in store for you.

## THE PARKING LOT

The tarmac is fast and the jumps are high. Practice high speed drifting, donuts and spins, and don't miss the awesome four-way crossover jump!

## THE DEPOT

This former container yard offers plenty of high speed driving at ground level and technical driving on top of the containers. Also the warehouse is great for laying down rubber.

## THE POWER STATION

Inside, you'll find a huge full-pipe on the ground floor, with scaffolding platforms and jumps towering above. Outside there's a mostly dirt surface and an insane two-way corkscrew jump!

## DC MISSIONS

To keep you on your toes there's a load of **DC Missions** for you to complete around the Compound too. Pause your singleplayer Compound session at any time to check the Mission list and see where you should head next. Look out for the **Hidden Packages** too; collecting all of these will be no easy task!

## MULTIPLAYER JOYRIDE

If you want to explore the Compound with friends, just set up a multiplayer **JAM SESSION** and choose **JOYRIDE** as the discipline type.

# GYMKHANA

Gymkhana is the freshest, newest, most exciting discipline around. It's creative, it's bright and it's all about precision driving and putting on an amazing show for the crowd.

## FREESTYLE!

Freestyle Gymkhana is the stadium-based gymkhana variant. Freestyle arenas contain a number of color-coded trick objects, with drivers competing to pull off tricks quickly and skillfully to score maximum points.

## SPIN

**TRICK METER** - The three triangles around the edge show you how well you performed a trick. One triangle means it was **good**, two means it was **great** and three means it was **awesome!**

**CROWD MULTIPLIER** - Keeping the crowd interested will multiply your trick scores by up to **3x**. Fill up the central triangle by pulling off tricks quickly, but slow down or crash your car and the crowd will lose interest!

**MIX IT UP!** - Repeatedly hitting the same trick will see the crowd get less and less excited by it. Make sure you mix things up to keep your routine fresh and avoid tricks being marked as **Stale!**

## SPIN ZONES

Get into the zone and spin as fast as you can.

## SMASH BLOCKS

Smash the blocks as you drive between tricks.

## JUMPS

Jump as far as you can off the ramp.

## DRIFT GATES

Go fast and sideways between the posts or through the archways to score maximum points.

## DONUTS

Spin around the object with your car sideways and as close to the center as you dare!

## TRICKSTEER

Having trouble with your spins? Turn on the Tricksteer assist in the Service Area before any Gymkhana event and this should help you keep things under control. You can also choose to show guidance lines on the ground.

# VIDEO SHARING

Pulled off an amazing stunt or just feel like showing off? Well now you can upload video highlights straight to YouTube for all the world to see! All you need is a YouTube account and a DIRT 3 VIP Pass\*. Just visit [www.youtube.com](http://www.youtube.com) to view your uploaded videos.

Press during a race to enter an Instant Replay or enter the Full Replay after the race, then hit the YouTube button to start editing.

\*An Xbox 360 Hard Drive is required for YouTube uploading.

# IN THE RACE

## DRIVING ASSISTS

You can setup your vehicle's handling and assists from the Service Area before each race.

See the full manual at [www.codemasters.com](http://www.codemasters.com) for more information.

## VEHICLE DAMAGE

If you enable full damage on the Difficulty screen, you'll experience realistic handling effects as a result of vehicle damage during races. Watch out for the damage indicators on the race HUD:

Wheel/chassis damage

Engine/drivetrain damage

Yellow = minor damage

Red = major damage

# CONNECT TO XBOX LIVE

## XBOX LIVE

Xbox LIVE® is your connection to more games, more entertainment, more fun. Go to [www.xbox.com/live](http://www.xbox.com/live) to learn more.

## Connecting

Before you can use Xbox LIVE, connect your Xbox 360 console to a high-speed Internet connection and sign up to become an Xbox LIVE member. For more information about connecting, and to determine whether Xbox LIVE is available in your region, go to [www.xbox.com/live/countries](http://www.xbox.com/live/countries).

## Family Settings

These easy and flexible tools enable parents and caregivers to decide which games young game players can access based on the games content rating. Parents can restrict access to mature-rated content. Approve who and how your family interacts with others online with the Xbox LIVE service, and set time limits on how long they can play. For more information, go to [www.xbox.com/familysettings](http://www.xbox.com/familysettings).

# MULTIPLAYER

## FANBASE

Racing on Xbox LIVE will increase your Fanbase. Pro Tour events are worth more than Jam Sessions, and the higher you finish, the more fans you'll earn. Level up your Fanbase to earn Driver Rep, unlock liveries and earn other special items.

**FANBASE BONUSES** - Beat drivers who are 5 or more Fanbase tiers above you to get an **Against The Odds Bonus**. In team events you'll get a **Team Bonus** if your team wins overall.
