GAMEPLAY: TIPS AND TRICKS

NEW Precision Dribbling

Precision Dribbling brings an unprecedented level of control to your dribbling by giving you the ability to move the ball with ultra-responsive touches. Use Precision Dribbling to keep possession of the ball when close to the sidelines or goal line and beat defenders when in traffic or tight spaces.

Precision Dribbling is automatically activated when the situation requires a soft touch. To manually activate Precision Dribbling, hold **LB** while dribbling. Be aware of your situation, and utilize Precision Dribbling to bring your game to the next level.

Tactical Defending

Push and Pull

When in a shoulder-to-shoulder challenge, press **B** to use a Standing Tackle to knock them off balance with a shoulder challenge or a small tug. Be careful when you use Standing Tackles, as a mistimed tackle can put you out of position!

Contain

Contain positions a defender in front of an attacker, but allows you to decide when the best time to launch a tackle is. "Teammate Contain" allows you to call a teammate to mark the dribbler, but they will only launch a tackle when the opportunity is right.

Request Trick Passes/Shots

By holding **RB** down and pressing **A** or **Y** to pass to a teammate, if your player is skilled enough, your player will attempt to perform a Flair Pass. Similarly, by holding down **L1** and pressing **B**, your player will attempt a flair shot, such as a bicycle kick or diving header. These maneuvers look very spectacular, but they have a higher chance of missing their target.

Switch to Goalkeeper

When defending, you can press **BACK** to take control of the goalkeeper. You can use this to defend against many situations. If you want to unlock from the goalkeeper, simply press **BACK** to return to controlling the full pitch.

NEW Quick Throw-Ins

When the ball rolls out of bounds for a throw in, but is close enough to the line for a player to grab, they will quickly pick it up. You can press **A** to throw the ball to a teammate.

Goalkeeper Pick Up Ball

When your goalkeeper has trapped a ball that was played to him by an opponent, you can press **RB** to pick the ball up if you're in the penalty area.

CAREER MODE

Every player, no matter how talented, eventually has to leave the action of the pitch. Career mode offers you the chance to expand your football career throughout three eras: player, player manager, and manager. Start as a player and progress through all three eras or begin your career as either a player manager or manager.

Choose a Path

Player Career

Take control of a professional footballer as you play in multiple league, cup, and continental competitions.

Player Manager Career

Player managers must manage the line-up and starting players, as well as take to the pitch during key games.

Manager Career

You are in control of the team's finances and must manage the budget, including transfers, negotiations, and player contracts.

Take Control

NEW Captain/Fitness/Form/Morale

The decisions you make in Career Mode can have a direct effect on the morale of your players, leading to a change in their performance on the pitch. Form and energy also play a big part in your team's performance, so view the Squad Report & Squad Ranking screen to stay up to date on everyone's key indicators. Players can go beyond good or bad form into 'extreme' good or bad form if their match ratings are also supported by key statistical indicators such as goals, assists, or clean sheets per game. The captain you choose also has an effect on the organization of your team on the pitch, so ensure you select a wise head to lead your team once they cross the white line.

NEW Youth Academy

Having a healthy youth squad is integral to building a strong team. Send scouting agents to locales all over the world to discover and hire new players.

NEW Talk To Press

A good manager takes care of his team on every level. Before games, you have a chance to speak to the press. Use this time to make statements about individuals, teams, the opposing team or manager and affect their performance in the next game.

NEW Transfer Deadline Day

Expect to see major transfers and a lot of excitement as star players shift teams as the clock counts down each hour.
