### **Important Health Warning: Photosensitive Seizures**

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people with no history of seizures or epilepsy may have an undiagnosed condition that can cause “photosensitive epileptic seizures” while watching video games. Symptoms can include light-headedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, momentary loss of awareness, and loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects. **Immediately stop playing and consult a doctor if you experience any of these symptoms.** Parents, watch for or ask children about these symptoms—children and teenagers are more likely to experience these seizures. The risk may be reduced by being farther from the screen; using a smaller screen; playing in a well-lit room, and not playing when drowsy or fatigued. If you or any relatives have a history of seizures or epilepsy, consult a doctor before playing.

# INTRODUCTION

Kaos has blown up the walls of the feared Cloudcracker Prison, freeing the most notorious villains in Skylands. It's up to you and the Skylanders to find and capture them. Using Traptanium™, a magic material that can harness the power of the Elements, you have the amazing ability to trap the villains and return them to Skylands to fight for you. Begin the ultimate adventure as you explore Skylands in search of the escaped villains!

## TRAPTANIUM PORTAL™

To begin Skylanders Trap Team™, the *Traptanium Portal* must first be connected to your Xbox 360 Console. With the Xbox 360 Console powered off, insert the *Traptanium Portal* into an available USB port. Power on your Xbox 360 Console and the *Traptanium Portal* will automatically be ready for use.

It is through the *Traptanium Portal* that the Skylanders can enter the ancient islands that make up Skylands. Once placed on the *Traptanium Portal*, the Skylander will come to life and be playable in-game.

It is also through the *Traptanium Portal* that you can capture villains and use them as allies. After defeating villains in *Skylanders Trap Team*, place a trap of the villain's element in the Trap Slot in order to capture it. Subsequently, place that Trap in the portal at any time in order to play as that villain.

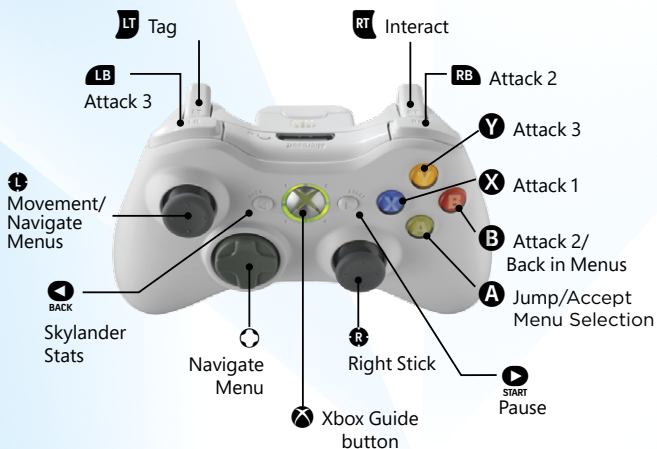

## TOY PLACEMENT

You may place up to 3 toys on the *Traptanium Portal* at once, which includes 2 playable Skylanders (for 2 player mode only) and 1 Magic Item or Location Piece (sold separately). Additionally, you may place one trap in the *Traptanium Portal* Trap Slot.
